

ANNEX A**Nuclear Material, Material, Equipment and
Technology Subject to the Agreement**

- (i) Nuclear material, material, equipment and technology transferred between the territory of the State Parties, directly or through third parties;
- (ii) Material and nuclear material that is produced or processed on the basis, or by the use, of any equipment subject to this Agreement;
- (iii) Nuclear material that is produced or processed on the basis, or by the use, of any nuclear material or material subject to this Agreement;
- (iv) Equipment which the recipient State Party, or the supplying State Party after consultations with the recipient State Party, has designated as being designed, constructed or operated on the basis of or by the use of the technology referred to above, or technical data derived from equipment referred to above.

Without restricting the generality of the foregoing, equipment that satisfies all three of the following criteria:

- (a) that is of the same type as equipment referred to in (i) (i.e. its design, construction or operating processes are based on essentially the same or similar physical or chemical processes as agreed in writing by the State Parties prior to the transfer of the equipment referred to in (i));
- (b) that is so designated by the recipient State Party or the supplier State Party after consultation with the recipient State Party; and
- (c) the first operation of which commences at a location within the jurisdiction of the recipient State Party within 20 years of the date of the first operation of the equipment referred to in sub-paragraph (a).
