

221ST March 1936

My dear Mr. Hare,

It is so kind of you to think of your Alma Mater in connection with the copy of the photograph of the Engineering Class of 1896. We shall be very glad indeed to have this historical document.

May I congratulate you upon what I am sure has been a happy and successful life in your chosen profession and upon reaching a time when you can enjoy a well-earned leisure?

Yours very sincerely,

Mr. G. G. Hare,  
City Engineer,  
Department of Works,  
Saint John, N.B.
