Megantic District Association.

The Secretary reports having been present at the Annual Meeting of this Association, held at Pointe Levi, on the 8th January last, and having been much gratified by the lively interest manifested on the occasion.

At this period, the Megantic District Association was without a code of By-Laws, and much inconvenience, as might have been expected, had been the result. Since then, however, steps have been taken to procure the passing of a code. The Board would earnestly call upon the Association to organize itself as speedily as possible, and adopt measures for regular meetings in the several missions on behalf of the Church Society.

£83 13s. 10d. have been raised within this District, on account of the Society, (shewing an increase over last year,)—and £155 8s. 1d. for various local purposes. Total £239 1s. 11d.

The Mission of East Frampton is at present busily engaged in rebuilding in stone, and in a substantial style, the Church which was destroyed by fire in the spring of last year. King's extensive mission, several works are in contemplation, towards which money and labour have been promised, and among them a new stone Church is progressing towards completion, at Cumberland Mills, the site of which, together with 200 acres, and £100 in money, were a gift from the late E. Harbottle, Esq.—In the Mission of New Ireland, £30 per annum has been engaged to be raised by the congregation of the second Inverness Church, should a resident Clergyman be established among them.—It is gratifying to be able to add that a remittance has been received this year, for the first time, from the residents at Grosse Isle, amount £7, in addition to the sum above reported.
