

LODGE'S GENEALOGY OF THE PEERAGE AND

BARONETAGE OF THE BRITISH EMPIRE. A NEW AND REVISED EDITION. Uniform with "THE PEERAGE" Volume, with the arms beautifully engraved, handsomely bound with gilt edges, price 31s. 6d.

The desire very generally manifested for a republication of this volume has dictated the present entire revision of its contents. The Armorial Bearings prefixed to the History of each Noble Family, render the work complete in itself and uniform with the Volume of THE PEERAGE, which it is intended to accompany and illustrate. The object of the whole Work, in its two distinct yet combined characters, has been useful and correct information; and the careful attention devoted to this object throughout will, it is hoped, render the Work worthy of the August Patronage with which it is honoured and of the liberal assistance accorded by its Noble Correspondents, and will secure from them and from the Public, the same cordial reception it has hitherto experienced. The great advantage of "The Genealogy" being thus given in a separate volume, Mr. Lodge has himself explained in the Preface to "The Peerage."

"These volumes are an important addition to our naval literature; but they are also valuable for the light they throw on the domestic history of the time. The correspondence is particularly rich in anecdotes, glimpses of society and manners, and traits of character."—*U. S. Magazine*.

"An important and valuable addition to the history of Lord Gambier's times."—*Messenger*.

A BOOK ABOUT DOCTORS. BY J. C. JEAFFRESON.

Esq., Author of "Novels and Novelists," &c. 2 vols. with plates. 21s.

"This is a rare book; a compliment to the medical profession and an acquisition to its members; a book to be read and re-read; fit for the study and the consulting-room, as well as the drawing-room table and the circulating library. Mr. Jeaffreson takes a comprehensive view of the social history of the profession, and illustrates its course by a series of biographic and domestic sketches, from the feudal era down to the present day. The chapters on the Doctor as a bon-vivant, the generosity and parsimony, the quarrels and loves of physicians, are rich with anecdotes of medical celebrities. But Mr. Jeaffreson does not merely amuse. The pages he devotes to the exposure and history of charlatanism are of scarcely less value to the student of medicine than the student of manners. We thank Mr. Jeaffreson most heartily for the mirth and solid information of his volumes. They appeal to a wide circle. All the members of our profession will be sure to read them."—*Lancet*.

"A pleasant book for the Breeze season on which we are now entering, and for the seaside season that is to come. Out of hundreds of volumes, Mr. Jeaffreson has collected thousands of good things, adding much that appears in print for the first time, and which of course gives increased value to this very readable book."—*Athenaeum*.
