PREFATORY NOTE.

It is gratifying to state that the chief part of the Maps, Charts and Apparatus which is now supplied to the Public Schools of Ontario by the Education Department, has been manufactured in Toronto, under the direction of this Department.

This branch of home industry has been gradually introduced and carefully fostered, and the work is generally not only equal in point of excellence to the English and American makers, but in many cases it is quite superior, and at the same time cheaper. To the attainment of this most desirable object has the attention of the Department been most sedulously directed; while it has also sought to suggest such improvements and alterations as appear desirable and practicable; and

where none were necessary, it was deemed by the Department essential that in point of finish and adaptation to the objects in view, the article of Canadian manufacture should compare favourably with its English or American prototype.

Specimens of the articles manufactured in Toronto have been exhibited at the several Provincial Fairs, and excited a good deal of attention and commendation. The Apparatus manufactured includes maps, map cases, and rotary stands; brass crannies, tellurians, globes, geometrical figures and diagrams; mechanical powers, levers, air pumps, electrical machines and various other articles of brass work, illustrative of the different branches of natural philosophy.

TERMS: STRICTLY CASH.

In transmitting an order for any of the articles on sale at the Depository, care must be taken to accompany it with a remittance, and also to give directions as to the parties to whom the parcels should be sent. See Departmental Notices below.
The sole object of the Department is to provide facilities for supplying the Public Schools of Ontario with approved Books, Maps and Apparatus at cost. When the article ordered is not in stock, the nearest selection to it is made, subject, however, to the approval of the Trustees. No Books, Maps and Apparatus are packed free of expense, with the exception of a small charge for packing boxes, by an experienced packer, but the Department will not be responsible for damage or breakage. All apparatus is sent at purchaser's risk. In case of damage or breakage, notice must be sent to the Express Company or Forwarders, not to this Department.

DEPARTMENTAL NOTICE.

PUBLIC LIBRARY BOOKS, MAPS, CHARTS, APPARATUS, AND SCHOOL PRIZE BOOKS.

The Chief Superintendent will add *one hundred per cent.* to any sum or sums *not less than five dollars*, transmitted to the Department by Municipal and School Corporations, on behalf of the High and Public Schools; and forward Public Library Books, Prize Books, Maps, Apparatus, Charts, and Diagrams, to the value of the amount thus augmented, upon receiving a list of the articles required. In all cases it will be necessary for any person acting on behalf of the Municipal or Trustee Corporation, to enclose or present a written authority to do so, verified by the Corporate Seal of the Corporation. A selection of Maps, Apparatus, Library and Prize Books, &c., to be sent, can always be made by the Department, when so desired.

Catalogues and Forms of Application, furnished to School authorities on their application.
