KINGSTON ROAD MAN HAS TWO BOLD CALLERS

Golden Wedding at Stroud—
General Live News From All
Over the County.

TORONTO JUNCTION, Nov. 7.—The assault case of Harry Horn against Henry Hill, of Ellington, was tried to-night in Police court before Mayor Baird and Peter Laughton, J.P. Hill was coming home from Toronto one evening last week when he met Horn. Mrs. Horn later deserted her home, and her husband accused Hill of being the cause of their marital troubles. Time circumstances, etc., seemed on the evening in question to be favorable for a tacit encounter, which resulted in Hill getting a badly cut face. He thereupon took an action against Hill for assault. After hearing the evidence of several witnesses, which was of a contradictory nature, their worships decided to dismiss the case without costs. The court room was crowded.

The street foreman is building retaining walls on both east and west sides of the stone culvert at Weston-road south, also three storm water catch basins. In addition the sidewalk is being moved from the east to the west side at an even width of 5 feet from the tracks to the sidewalk to leave room for a cinder bicycle path. The tracks will be raised one foot, and a gravel foundation will be put in for a distance of 7000 feet through the ravine. About 500 loads of gravel will be used.

Complaints were made to-day to the street foreman about the practice of the contractor in blocking up side streets with mounds of earth and street paving. The latest nuisance is several loads of scoria blocks, which have been dumped on the street, right in front of the postoffice. Street Foreman Moon will attend to this matter to-morrow morning.

The paving-street still progresses, the not with as much rapidity as some citizens would desire. The concrete sub-contract was completed on the north side from Keele-street down to the Peacock Hotel, and these past few days have been spent in laying the concrete on the north side of the street, and in preparation for laying the curb at the east side of the street. The concrete is all in position ready for the mixer, and the concrete on the north side will likely be completed by Saturday evening.

Wm. Reid, a C.P.R. fireman, residing on May-street, is seriously ill with appendicitis, and is taken to the Western Hospital this afternoon, where he was operated on by Dr. Perfect. Jane Johnson of Lambton Mills died yesterday at the home of her sister, Mrs. William Fox, Lambton-avenue, Lambton Mills. The funeral will take place on Friday at 3:30 p.m. to Hummerville Cemetery.

Town Clerk Conroy returned to-day from Madoc, where he was attending the funeral of a mother-in-law, who died on Monday at the age of 84.

The second assembly of the Waverley Club will be held at the home of her sister, A secret meeting of the council was arranged for to-night to discuss some legal matters with the solicitor. Only two members were present, and no appearance, so the matter was shelved.

STROUD.
Venerable Couple Celebrate Their Golden Wedding.

STROUD, Nov. 7.—(Special.)—A pleasing event took place in this village a few days ago, when the golden wedding of Mr. and Mrs. William Webb was celebrated with becoming ceremony. Eight sons, standing in a row, and six daughters-in-law and two sisters of Mrs. Webb, together with the Rev. Mr. Beynon, pastor of the venerable church, with his family, were in attendance.

A sumptuous wedding dinner was served, and golden presents were given the venerable and worthy couple. Among the gifts were: A gold-headed cane, a pair of silver-lined golden coins, to Mrs. Webb, and two handsome easy chairs. The reunion was indeed a memorable event in the history of the village and family, and congratulations were also received from many old-time friends in different parts of the country.

TODMORDEN.
St. Andrew's Hall Will Accommodate Young Men's Club.

TODMORDEN, Nov. 7.—A young men's club is being formed in this place, and it is understood that the headquarters will be in St. Andrew's Hall, which is now well on its completion. The organization will fill a long-felt want in this part of the suburbs of Toronto; as there has never been a rendezvous for the youths here to meet during the long evenings in the winter-time.

The Women's Guild of St. Andrew's Church met last night and decided to open the new parish hall with a concert and refreshments. The talent, who are to be local, are already preparing several numbers for a good program. Another working bee to help rush the completion of the parish hall will be held on Saturday afternoon. The Women's Guild will provide a supper for the workers in the evening.

There are fourteen bakers peddling bread thru this locality. All sorts of weights are being sold, and at all sorts of prices. Loaves weighing 16, 20 and 24 ounces are sold at from 31-2c to 5c each. There should be a broad bylaw for the Town of York, and as election-time is near there is a good opportunity for a new and fearless municipal candidate to arise.

The people around here will strongly support such a man.

NORTH TORONTO.
Local Methodist Church Hold Concert To-night.

NORTH TORONTO, Nov. 7.—There is considerable complaint about the slow traveling facilities afforded between the city and North Toronto. One gentleman said this morning that he boarded a Yonge-street car going north at 8:30, and arrived at the town hall at 9:45. He could have walked the distance in half the time, saved two fares and received a wholesome physical exercise. A north-bound Glenora car collided with one of William Maguire's coal wagons this morning on DeLisle-street, in

"THE CREDIT CLOTHIER"
318 Queen St. West

Dear Park: No one was hurt, but the collision put the car out of the business and twisted the axles and wheels of the coal wagon. Slippery rails and no sand, it is said, was the cause of the collision.

The Women's Auxiliary from Christ Church, Dear Park, and St. John's, York Mills, met last night at the meetings, when Miss Strickland, the auxiliary missionary at Tarn Taran, India, gave a very interesting account of her experiences in the mission field. Miss Jones, secretary of the Toronto auxiliary, also gave an address. Rev. T. W. Powell presided.

The service of praise given in Trinity Methodist Church by the choir last night, under the direction of R. G. Kirby, enraptured an audience of 3500, while the receipts were the largest in the history of the church. No outside talent took part in the musical service.

The Eastern Toronto Harriers' Club held its most successful concert and athletic evening in the Y.M.C.A. to-night.

WILLOWDALE.
Advocates of Local Option Hold Successful Meeting.

WILLOWDALE, Nov. 7.—Altho the night was dreary and the elements rough, a large gathering greeted the Canadian Temperance League of Toronto last night at the schoolhouse, where the league gave a free entertainment. The speakers of the evening were local option. The Canadian Temperance League is assisting the York Township League in the fight for local option, and this was the first of a series of meetings to be held thruout the township of York in the next few weeks. Amongst those who came from Toronto were: J. S. Robertson, president of the C.T.L. of Toronto, who occupied the chair; Arthur Hartman, M.A., vice-president; R. W. Cox, chairman of the missionary committee; C. F. McTavish, secretary; J. C. Van Camp, George B. Sweetnam, Mr. and Mrs. R. McInnis, Mr. Tutill, Miss Ingle, Miss McIntosh, Miss Cleland and others.

Master Earl Ludlow's voice was in splendid condition and was very much appreciated, while Miss C. Ingle preached a powerful sermon in her recitation and touched tender chords. Mrs. R. McInnis's solo was also appreciated.

The speakers of the evening were: Arthur W. Martin, M.A., and Mrs. R. N. Case.

Mr. Martin, as an introductory, made a few humorous remarks, and he had the audience with him at once. He said he wished to put his speech in three columns: (1) The need of local option. (2) What is it? (3) What shall we do with it? The total annual expense for strong drink is \$150,000,000. All the live stock in the province is valued at \$600,000,000, and in seven years the money expended in drink would buy all that was enumerated, or if the money spent in drink should be applied to pay off the national debt, in two years it would be paid off. What do the people get in return for this enormous amount of money spent—surely they get something? The speaker asked, "Can you tell me they get?" he said, "They are getting 5000 corpses annually in return, 16,500 men in prison who have to be fed and looked after, not to say anything about the large number of widows and orphans and broken-up homes. There is more money spent annually in the bill till the churches combined would pay in 300 years for mitigation work." He then went on to explain what local option means, and said that

It is a change in the Liquor License Act which enables a municipality to say if liquor shall be sold within its boundaries. As the License Act stands, we have total prohibition, because nobody is permitted to sell any liquor without a license, and local option simply defines the boundaries within which no license shall be issued. The speaker demurred to the three-fifths majority clause in the Local Option Act, but as the province has this law it behooves everybody to put his neighbor out to vote for the abolishing of the bar.

Mrs. R. N. Cox made a strong appeal to the church people to vote as they pray, and to concern the bar and save the boys. She told the story of her oldest brother, who was wrecked by strong drink.

Rev. F. C. Keam of Newtonbrook moved a vote of appreciation by the audience, and promised much local activity.

EARLS COURT.
I. O. F. Local Court Had Fine Concert During Week.

EARLS COURT, Nov. 7.—The Court of Earls Court, I.O.F., held an open meeting on Monday, Nov. 4, Bro. E. Minna, C.R., in the chair. Bro. George A. Mitchell, superintendent of field work, gave a short address on the work of the I.O.F. Among those who took part in the meeting were Rev. Mr. Bryon, Dr. W. J. Corrigan of Wychwood, Bro. George Draxton, baritone soloist. A most enjoyable evening was spent.

THE EAST YORK INSPECTOR.
Editor World: In your issue of this morning R. Paterson, secretary of the East York Liberal-Conservative Association, rushes to the defence of W. W. Thompson, license inspector for the district, against certain charges which he alleges I have made against him. Mr. Paterson admits that the license inspector was present at the Markham convention, but he claims that Mr. Thompson, not being a delegate, had a right to attend as an individual member of the Conservative party.

I am not concerned, the public is not concerned whether Mr. Thompson attended at a delegate or otherwise; his presence in any capacity was highly improper and at variance with the repeated assertions of the present government that they had placed the administration of the license department upon a non-partisan basis, and also in marked contrast to the conduct of previous inspectors, at least in East York, under Liberal rule, who were never seen at similar gatherings of the Liberal party.

Agincourt, Nov. 5, 1907. J. C. Clark.

EAST TORONTO.
Two Local Men Attempt Bold Mid-Day Robbery.

EAST TORONTO, Nov. 7.—Shortly before noon to-day, two men entered the butchershop of Richard Nuttall, corner of Beech-avenue and King-street, and while one of the men proceeded to buy some meat the other asked to be allowed to use the telephone. While the proprietor was engaged in waiting on his customer, the other left the telephone, entered the office and took a handful of silver from the till, when he was seized by Nuttall and placed on the floor. Both were ordered from the store. Later one of them re-entered the office, where the proprietor was engaged in counting his cash, and attempted to buy some meat. He was seized by Nuttall and placed on the floor. A \$5 bill was found on the floor of the shop. Both men are well-known in town, while one of them is the owner of considerable property.

The annual game supper of the East Toronto Hunt Club will this year take place on Nov. 28.

Judge Morgan has fixed the date for the court of revision as Nov. 29. Some 400 names will be dealt with.

The East Toronto Harriers' Club held its most successful concert and athletic evening in the Y.M.C.A. to-night.

VICTORY FOR LLOYD-GEORGE

Ending of British Railroad Dispute Triumph of Diplomacy.

LONDON, Nov. 7.—The agreement drafted by David Lloyd-George, which last night averted the threatened British railroad strike, provides for the consideration of further matters in dispute primarily by a sectional board of conciliation representing the various grades of employees and the individual railroads; in case of disagreement settlement will be reached by the board of conciliation, and an equal number of men representing the full membership of the society. If the board and these representatives fail to reach a decision, the matter then must be settled by arbitration.

The directors of the railroads thus bind themselves to compulsory outside intervention in disputes with their employees. The board will in every case be composed of elected employees of the companies concerned, as well as officials of the various railroads.

The dispute, apart from its effect on the public business, has attracted attention of high officials of the government, even that of King Edward himself. His majesty has taken the deepest interest in the crisis, and the extraordinary efforts and precautions adopted by the president of the board of trade.

For this reason the news of the settlement was not given until the King had received from Mr. Lloyd-George information that the crisis was over.

Found Health and Fortune.
Miss Jennie Prettyjohn, a milliner of Denver, who was compelled to go to the country to regain her health, is farming on a large scale in Colorado, supervising 4000 acres. In attending to business she drives fifty miles a day.

Remember this, in after years, The man and grief be kin, If you put your heart in what you do, You're simply bound to win! —Birmingham Age.

BRAKE SHOE STOPS TRAIN.

Got Firmly Wedged Between Driving Wheels of Locomotive.

C.P.R. train No. 3 arrived last night three hours and a half late. It was delayed over an hour by the wreck of Polycarpe, near Montreal, and was running along at a pretty fair rate making up time. The other side of a sudden jolt that threw some of the passengers out of their seats. They found that a peculiar accident had occurred to the locomotive. The brake shoe had worked loose and had slipped down between the two driving wheels, where it became so firmly wedged that the engine would not budge an inch either way. The two driving wheels were forced apart, and it took an hour and a half to get the engine started again.

FOUR DROWNED IN CANAL.

Minister of State, Mayor and Their Wives.

AMSTERDAM, Nov. 7.—Minister of State Jonkheer Van Panhays, his brother, Mayor Leek, and their wives, were all drowned last night while out driving, their carriage falling into the canal at Roogkerk during a dense fog.

Knotty.
O have you heard the latest news that's wafted from the skies. About the knots in Saturn's rings, like those in Asot ties?

Two east, two west, it looks, indeed, as if the ring were planned.

Upon the complex pattern of a silken four-in-hand. —Pittsburg Times.

Sarcasm.
If people gave a thousandth part of the help they do advice they'd do a great deal of good in the world.—New York Press.

You Are Our Model for Every Suit We Make

For you, clothes to fit perfectly, to suit you to wear them.

We make the Suit to your individual measure—in a style that you prefer—and in a way that assures permanent shapeliness.

When we finish your new Fall Suit—test it just as the above illustration shows.

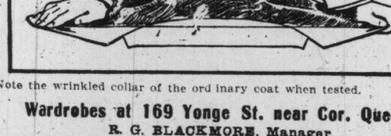

Put the Coat on a table. See that the inside seam of the coat collar lies straight with the edge of the table.

That is the proof of hand tailoring—of honest workmanship.

And we want you to put to the test, every suit of

Campbell's Clothing

that we make for you. Come in any day now, to see the new styles and cloths for Fall and Winter Suits and Overcoats. They are ready.

Note the wrinkled collar of the ordinary coat when tested.
