BYLAW TO BE SUBMITTED FOR NEW SEWAGE SYSTEM

City Engineer is Instructed to Prepare Plans and Estimates—Happenings of a Day.

HAMILTON, Sept. 3.—(Special.)—The sewers committee to-night took up the scheme of Ald. Juten to construct a new sewage system in the west end, including a new sewage disposal plant. Instructions were given to Engineer McCullum to prepare plans and estimates by that a bylaw can be submitted to the Ontario Government will be asked to make a grant toward the undertaking on account of the benefit the sewage system will derive from it. The Ontario Government will be asked to make a grant toward the undertaking on account of the benefit the sewage system will derive from it. The Ontario Government will be asked to make a grant toward the undertaking on account of the benefit the sewage system will derive from it.

William Manson, 46 Young-street, died to-night, aged 21.

Mary Stevens, 11 Peter-street, died this afternoon, aged 24.

The condition of Harry Stevens, auditor of the Federal Life Assurance Co., is reported at the City Hospital to-night to be very low.

Ald. Allan, of the board of works, outlined a scheme to-day to spend \$300,000 on the construction of asphalt roads. It would require a money by-law to finance the work.

May Be in Toronto.

The mystery of the disappearance of Ethel Manning is thought to be nearing solution. The police have reason to believe that the girl went to Toronto on Tuesday last on one of the "spots" in company with another girl a few years her senior, and believe that the girl is still in Toronto.

The citizens' campaign committee has elected its officers for the year. William Yeates is president and Eric C. Bower secretary and organizer. The committee has decided to concentrate its efforts on the election of aldermen favorable to legitimate hotels and fewer bar-rooms.

Elaborate arrangements are being made for the annual meeting of the Canadian Manufacturers' Association convention to be held here on Sept. 15, 16 and 17.

William Ferguson, 476 North James-street, was arrested by Detective Sayer this morning and in the police court pleaded guilty to a charge of theft committed in 1908, and to assaulting a boy. Sentenced was reserved.

Damaged the Pavement.

On the charge of driving a traction engine over the asphalt pavement on Barton-street, Charles Brown of Oakville was fined \$20. About \$300 damage was done to the pavement.

W. Watson, 107 Charles-street, whose wife left him a few weeks ago, has gone to Clayton, N.Y., where he thinks he will find her.

The Barton township board of health will continue to quarantine Ryerson Methodist Church for another week owing to the scarlet fever outbreak in the east end.

Bishop DuMoulin has returned from his trip to the west. He visited Winnipeg and Vancouver.

Edward Roberts, employed at the basket factory at Woodburn, had one of his hands taken off yesterday in a machine.

The Canadian Westinghouse Company of this city has secured \$300,000 contract for the equipment for the new power plant for Winnipeg.

Hotel Parkman

Corner Barton and Catherine-streets, Hamilton, modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 445.

Labor Day Outings

Very low rates are being offered by the Richelieu & Ontario Navigation Company on their magnificent steamers "Toronto" and "Kingston" to Charlotte (port of Rochester), 1000 Islands and Prescott, Saturday to Monday tickets being extended to permit passengers to leave destination no later than Monday, Sept. 6, reaching Toronto Tuesday morning, Sept. 7. Full particulars at ticket office, 2 East King-street.

Peel Old Boys

At a meeting of the Peel Old Boys in the Temple Building last night arrangements were made for their excursion to the Emporium fair on Sept. 22. They will take with them some of Toronto's leading musical talent for a concert in the town hall on evening of the fair. Several members of the provincial government and the Grenadiers Band will go along.

C.P.R. EARNINGS

MONTREAL, Sept. 3.—(Special.)—C. P. R. traffic for the week ending Aug. 31, 1909, was \$2,384,000; for the same week last year, \$2,008,000.

Waterways Commission.

Little but routine business was discussed by the International Waterways Commission, which met yesterday morning at the King Edward Hotel from 10 o'clock till 1:45 p.m. The question of improvements to the water system of lakes Erie and Huron with their connecting rivers, will be taken up more fully at the next meeting which will be held in Buffalo on October 15.

Return Tickets at Single Fares for Labor Day.

Via Grand Trunk Railway System, between all stations in Canada, also to Detroit and Port Huron, Mich., Niagara Falls and Buffalo, N.Y.

Good going to-day, to-morrow and Monday, return limit September 8th, 1909.

Secure tickets and further information at City Ticket Office, northwest corner King and Yonge-streets, Phone Main 4200.

MEETING OF BLIND

What May Be Done to Improve Their Condition.

"Half the blindness in this world is preventable," said Mrs. Phyllis E. Layton, secretary of the Montreal Association for the Blind, and wife of the founder, in an address delivered at Occident Hall last night before the Associated Blind of Toronto.

Mrs. Layton also told about the work being done in workshops for the blind that are only purchased out of charity. Mr. Layton, who is blind, outlined the work being done in the shops of the Montreal Association.

"When properly trained the blind can become self-supporting," he said. "Employment means health and sight for them when they are working they often forget their affliction."

"Statistics prove that the blind have been successful in almost every walk of life. Heretofore, the yachts designer, is blind. Alfred Hollins, organist and composer, is similarly afflicted. Among others; Senator Gore, Sir Henry Pawcett, postmaster-general of England; Milton and Homer, poets, were blind.

"In our workshop a dozen men at a time are being taught useful trades. The place was opened last December and about 8000 brooms and whisks have been made and sold."

The audience was composed largely of blind persons.

Miss Tennant, president of the Toronto society, was in the chair. The offices of this society are in the St. James Chambers, on Adelaide-street.

DAMAGE WAS TRIFLING

Aeroplane is Ready for Another Flight This Afternoon.

That aerial navigation has become a live subject is attested by the attendance at Scarborough Beach these days, when thousands of people flock to witness Aviator Willard and his corps of students build and rebuild the giant aeroplane in which Mr. Willard made his flight on Thursday.

The "Golden Flyer" was only slightly damaged by the sudden dive into the lake which ended the first Canadian voyage. The American Aeronautical Society, under the auspices of which Mr. Willard has made all his flights with the Curtiss machine, immediately forwarded from the society's headquarters a new propeller to replace the one that was damaged. This was put into completion last evening and Mr. Willard will be ready for a long flight to-day.

The "Golden Flyer" is, perhaps, the most interesting bit of mechanism which has been brought to Canada in many years. It is the original aeroplane with which Glen H. Curtiss, who has just won the International Cup at the aeroplane races in Rheims, France, broke the American record. It is not a dirigible balloon, but a real aeroplane, with a base wings which stretch from 30 to 40 feet, and which, as they appear, are able to maintain the weight of heavy engines and a pilot and carry both thru the air with the speed and grace of an eagle. The "Golden Flyer" can be seen at any time at Scarborough Beach, and flights will be attempted daily from to-day until the end of the exhibition.

DOING HIS BEST.

Oh, de bird is a-singin' 'way up in de tree.

"Ain' you wishin' dat you could be lazy 'as me?"

An' I answers him every now and ag'in, "Mistuh Bird, I is doin' de best dat I kin."

I finds de same greetin' wherever I go.

In de bend of de twig an' de tilt of de rose.

As if dey, was beckonin' an' sayin', "Ain' you wishin' dat you could be lazy 'like me?"

De clouds floatin' high an' de wind driftin' high.

Calls attention to how dey goes down-ly by.

In dis laziness contes' I's no chance to star.

But I sho'ly is doin' de bes' dat I kin, 'cause de miller Johnson in Washington Star.

PAT'S ADVICE.

If ye'd larn the ways av wimmen, I'd head the an' the an' I tell.

First, larn to take a kiss my lad.

But, shure, moind ye niver tell.

There's some ye'll kiss ye'll niver love, I tell.

Who will cast the spell, I tell.

Faix, kiss them just the same my lad.

But, shure, moind ye niver tell.

There's nothin' loike a close mouth lad.

Whin in this world ye dwell.

There's nothin' loike the man my lad.

Who can kiss, and niver tell.

Shure wimmen, are but wimmen lad.

And och, they loike it well.

So take a shure, or de wimmen back.

But, shure, moind ye niver tell.

G. Winkler.

Services conducted by Rev. John Thomas of Liverpool, England, at 11 a.m. and 7 p.m.

SPECIAL MUSIC BY THE CHOIR AND LYRIC MALE QUARTETTE.

Wm. Garbath, organist and choir-master.

CARE OF SHADE TREES.

Nothing beautifies a city more than shade trees, and their care has in the United States been provided for by legislation. In many cities and towns they have been placed under charge of a special commission, and severe penalties imposed on any who injure or misuse ornamental trees. Not only this, but supervision is exercised over the kind of trees that is planted, and property owners are not allowed, through ignorance, to select trees that are not adapted to the particular locality. Indeed it is now in fact necessary to secure the best results each city must have its own nursery maintained by a municipal appropriation. Such nurseries have been established in several large cities such as Chicago, Philadelphia and Washington, and have become a municipal asset.

Satisfactory care of shade trees can only be got when exercised thru some general authority, possessing sufficient powers to enforce its regulations to be enforced. Voluntary action is too uncertain to be relied upon for efficient supervision, and the necessity for special legislation has been recognized by many states of the neighboring republic. The supreme court of Massachusetts has given its decision that tree companies have no right to trim trees without proper permission, and heavy fines are exacted for each case of infringement. It is a question whether Toronto should not adopt a similar ordinance, as appointed under the laws of Pennsylvania and New Jersey have full power to tend all trees within their jurisdiction, and an annual appropriation is made from the municipal treasury for the necessary expenses.

A NEW WAY TO CAN TOMATOES.

Last summer I tried a new method of canning tomatoes, and it proved so satisfactory that I want to pass it on. Scald and peel the tomatoes as usual. Have the cans sterilized, place the raw tomatoes in them whole, pour in boiling water to fill the cans, running a knife around in the cans, so that all the crevices are filled, then put on the cover. Place the cans in a boiler or large pot, pour in boiling water till it reaches the neck of the can, put the lid on the boiler, wrap it with a blanket or rug, and leave until the water is cold, which will be next morning. I did not lose a can ready to put away. I did not lose a can of forty quarts. When the cans were opened, the tomatoes were whole and firm enough to slice easily. Woman's Home Companion for September.
