Architect Lennox was instructed to report as to the number of lights required for the new municipal buildings and the power to be used for the elevators. This information is asked with a view to getting the power from the city Waterworks.

Ald. Burns said he had been informed that the Toronto Electric Light Company would rather furnish the light free than have the city instal a plant of its own.

THOSE BYLAWS.

THOSE BYLAWS. THOSE BYLAWS.

The Board of Control have decided to submit the nine money bylaws to the people separately about the end of May. Should they all be defeated several of the items will have to be placed in the estimates. The rate cannot be struck until these bylaws have been carried or defeated.

BUILDING PERMITS.

A permit has been granted to William Booth, 115 Bedford-road, for the erection of a two-storey brick dwelling to cost \$3000. Permission has also been given J. W. Magee for a two-storey and attic brick house on the east side of Brunswick-avenue, near Lowther avenue, which will cost \$3000.

HEADS WILL COME OFF. HEADS WILL COME OFF.

The rumored dissension among subordinate officers in the Fire Brigade
was referred to by several aldermen
yesterday. They seemed to be of the
opinion that some of the officers under
the Chief are trying to make his life
miserable in the hope of inducing him
to resign that one of them might step
up. There is just a possibility that
instead of the Chief resigning some of
his subordinates will get their walking tickets and things will go smoothly
again under Chief Graham. The aldermen intend to give Chief Graham a
fair show, and if his subordinates will
not work in harmony with him they
can find another job.

WANT LAMB'S FACTS. Last, after much opposition from the aldermen, the Property mittee have recommended that the Harris, who intends to erect ig abattoir near Coxwell-avenue, ranted exemption for ten years on the supply of copies was received from James Morton, General Passenger and Traffic Agent of the Burlington, Cedar Rapids & Northern Railway, for distribution among the agents of the road.

be strapted exemption for ten years on such portions of the building, plant and machinery as the proportion his export trade bears to his whole business. It is likely that some of the industry-killers will try to defeat the recommendation in council.

The committee spent some time in dealing with matters pertaining to the city's Island property. If \$1200 is offered for the Osler House the committee will recommend its acceptance. Dr. Sheard will take Tullamore for two years at \$150 per year.

A deputation representing the grocers and butchers of the city waited upon the committee and urged that farmers and market gardeners be compelled to sell only to stores and on the market up to 11 o'clock in the morning. A sub-committee will confer with the city Hall on the brick paving question between the Mayor, Ald. Lamb. Leslie. Saunders, Engineer Keating, City Solicitor Caswell and A. E. Kemp, S. G. Beatty and W. J. Gage, representing the Ontario Paving Brick Company. Mr. Keating said he was willing to recommend the extension of the time for payment of brick pavement on concrete to 10 years and brick of the committee will recommend its acceptance. Dr. Sheard will take Tullamore for two years at \$150 per year.

## GREAT Dress Goods

WE do not minimize any department of the big store, for a striving after the best is a ruling principle

We must, at the same time, place very special emphasis on the Dress Goods section, for this still remains Queen of all departments.

The stock is of a size that however simple or important the want of a customer, they are sure to be satisfied, and the littlest as much as the biggest wants have the same careful attention.

This week we have opened several cases of new Black and Colored Dress Goods, giving further interest to the large stocks on hand. These are the latest products of the best manufacturers in Europe, and we are quite anxious that shoppers should see them.

Whillielling. WE CIVE YOU. JUST WHAT ASK FOR.

There is something that ought to be

tacked up in every grocery! It's on a signboard over a large New York store in Broadway, where they don't believe that "substitution" pays. And no-body does believe it, except shifty and short-sighted storekeepers. When a woman wants Pearline, for instance, she won't be satisfied to have some inferior washing-powder in its place. It

is a fraud on the customer and a fraud on Pearline. You

can help to put a stop to it. When you ask for Pearline, don't let any imitation of it be substituted for it.
