It will be remembered that Mr. Kennedy, with characteristic enterprise, following the Christmas Fat Show at the Union Yards, bought the two prize steers, Black Hector and Jasper, and with the concurrence and co-operation of the Canadian government, shipped them to France and Belgium as an objest lesson in what Canadian farmers can do.

Everywhere they are attracting great attention, and Mr. Cooper, who has charge of them, says that Jasper, fed by J. M. Gardhouse of Weston, has increased his weight from 1180 lbs. at the stock yards to 1350 lbs., while Black Hector has gained 50 lbs. The tour will last till June. up in the shaft of the Herrick Gold Mines to a depth of 60 feet. The vein on which this shaft is sunk has been tested out by diamond drilling to a depth of 800 feet. The results of such drilling indicate that the vein runs almost straight down. This means that the shaft can be sunk in ore to great depth and suggests the ease with which a large tonnage of ore can be opened up quickly. In a few months a large tonnage of ore should be made available for milling. Shares in this rich property are now selling at 40c. After May 10 the price will be advanced to 45c.
