Why Is It

that nine people out of ten wear  
down their heels on one side? We  
don't know ourselves—but we do  
know how to straighten those  
worn down heels so that they will  
give better satisfaction for a longer  
time than when you first bought  
the shoes. Give us a trial. Our  
charges are reasonable.

We shall be pleased to hear  
your footsteps.

HER DREAMS WERE VERY SWEET

CAN YOU IMAGINE any stranger contrast than between  
the life she had lived and that which she was now to  
know?

First, linked to a laborer—rough, rugged, uncouth—  
struggling morning, noon and night to make both ends meet.

Then luxury—her every wish anticipated; her every de-  
sire fulfilled by the man she loved best in all the world.

Happy was her heart as she lay musing on the days which  
were past and those which were to come.

Little did she know that Fate was building up to the  
strangest climax ever unfolded either in real life or upon the  
silver screen.

You're going to enjoy every moment of this fascinating  
picture—a picture as beautiful as it is dramatic, as unusual as  
it is entertaining.
