WATCH OUR PRICES

Prices on foodstuffs are bound to come down, but it isn't within reason to suppose that the entire line will be affected at once, or that any large number of items will have the prices busted at one time. But we make the prediction that there will be gradual and considerable declines in prices on many of the staple foods, and that before many moons have rolled around.

The War is Over, and so is Price Boosting. Watch our Ads. and Get the Declines as quickly as We Can Make Them Available for You
