MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, OCTOBER 23, 1918

Speeding 'em up on Fry's Cocoa.

The best way to get the most work out of the "human engine" is to give it the food that has the most energy in it. Of all foods, certainly this means FRY'S COCOA—the great food beverage that is all delicious nourishment. If you have to work harder these days, try a regular course of FRY'S. You will need less of other and more expensive foods. There is concentrated strength for muscle and brain in every single cup.

Truest economy—use FRY'S

probably range around twenty cents per tin, there is little chance of many offerings of two for thirty-five cents. Corn prices are also out, and range about the same as last year, with the delivery estimated at around thirty-five per cent. Quotations on plums, peaches and pears are now being worked out, and figures will run much higher than last year.

Latest regulations issued by the Food Board provide that the mastic moved up to the percentage of one to four with all orders for wheat flour. Rye flour, corn flour, barley flour and oat flour are now mentioned as the only substitutes to consumers. This means dealers will have to take into stock the proper proportion of substitutes, and they, in turn, will pass these on to the consumer. This is probably the reason for the Food Board's action, and has been taken, it is thought, when visible supply of substitutes seems likely to more nearly meet these requirements.

Montreal—Advances of price are this week made in canned peaches and pears, and also for corn, canned and on the cob. Soup chips and caustic moved up. Declines were made for commel, corn flour and package rolled oats, split peas, beans and feed oats. Bananas are also easier, while lemons and oranges are firm. New pack tomato prices are announced.

An advance may be looked for in mustards. The difficulty of securing supplies from overseas is great, and all materials have increased in price. The cocoa and spice markets are steady and firm, while coffee and tea are ruling with the tendencies heretofore reported.

Lupine will not be permitted through, jobbers having received intimation from the Food Board that stocks are ample in the country to meet requirements, and that they will, therefore, be unable to permit importation, freight space being short.

The influenza epidemic has somewhat handicapped trading.

Toronto—Much higher prices are the prospect for canned plums, pears and peaches, from advances now at hand. Production has been limited owing to comparatively small crop. It is estimated, and high prices paid for the fruit, along with enhanced manufacturing costs, have brought about greatly increased prices to the trade.

Quotations are out on tomatoes and corn. These are lower than last year, but it had been hoped that tomatoes would show a much lower level than they do. Delivery of tomatoes will be about eighty-five per cent, and of corn about thirty-five per cent.

Between forty and fifty per cent, delivery of orders placed for dried peaches seems now possible since government requirements have been provided for. The orders amounted to about twenty-five per cent, normal, so the present outlook is for about one-eighth usual shipments.

An unprecedented demand for lemons and oranges has developed all over the continent since the epidemic of Spanish influenza started. The result has been that with the light supplies available, prices have soared to record levels. So far this has been more noticeable in United States points than in Canada, but local prices have attained a pretty figure, particularly with oranges.

Quotations on barrel apples show an advance of from fifty cents to \$1 per barrel for some kinds on the No. 1 grade over opening prices given out two or three weeks ago. Sweet potatoes have declined, and hold unchanged at what may be termed a comparative level.

Coffee is very strong at primary points, and indications point to a further advance of from two to three cents per pound over increase of two cents made

GROCERY MARKET

Few prices have been announced on canned tomatoes, which show a slightly higher range of cost than had been hoped for early in the season. Crop reports were encouraging, the outlook bright and early operations satisfactory, but the elements combined to overcome all optimistic feelings. The result has been smaller production, higher operating cost, and whereas the retail price will

GUATEMALA SHAKEN
15 PEOPLE KILLED.

Panama, Oct. 22—There have been severe earthquakes in Guatemala, and fifteen persons are dead, according to reports received here. Much property damage also has been caused.

Economically clean

She saved work—Sunlight Soap washed the clothes without rubbing. She saved time—she did other work while Sunlight did the washing. She saved money—Sunlight is an absolutely pure soap, therefore there is less soap used for washing than with ordinary soap, and less wear and tear of the clothes.

Sunlight is a war-time soap—it's economical.

Dominion Rubber System Belting Service is Dominion Wide

No matter what your business or where it is located, there is within telephone distance of your plant, a branch of the Dominion Rubber System and a belting expert.

These technical experts are not merely salesmen, they know belting and its requirements thoroughly and their services are at your command, without charge, whether you are a customer or not.

The Dominion Rubber System's belting men have worked out successfully many seemingly impossible belting problems and whether your difficulties are actually due to belting or some more remote cause they will help you to solve them.

Put your problems up to the Dominion Rubber System experts—place your belting equipment in their care—they will shoulder the responsibility for giving you efficient service in all your belting no matter what it is used for.

They are able to "speed up" your production—reduce your manufacturing or belting costs or eliminate unnecessary delays and "shut downs".

The Dominion Rubber System is not only the largest but the oldest organization of its kind in Canada and has specialized in belting for more than fifty years—its entire facilities and Dominion Wide Service are at your command.

If you are in trouble or in doubt about a belt, phone, wire or write our nearest branch and let us prove that our Belting Service means more than just selling belts.
