WANTS TO SEE IT OUT
In a letter from France to a friend in St. John, D. B. Morrison remarks that this is not such a bad place; Frits cannot shoot any better than we can—nearly so good. I am enjoying myself out here and if I had my choice tomorrow, I would not go back until it is finished.

"THE STRAFER"
The 6th Battery, C. F. A., originally of Montreal and now in England, is the latest unit to issue a magazine of the title. The first number is a tidy affair, containing considerable material well up to the average standard of the other magazines and some of it rather beyond the average. A cartoon of the O. C., Major S. C. Oland, adorns the front page. The little journal appears under the name of "The Strafer."

WINTER STILL HERE
With the thermometer registering two degrees below zero and the wind blowing at the rate of thirty-six miles an hour the outlook this morning for an early spring was dim. Towards noon, however, the sun brought the mercury a few points above zero and in some places was strong that snow began to melt. The wind greatly diminished and was blowing only a few miles an hour.

MORE EVIDENCE TO BE HEARD
Two sessions of the municipal committee which has been inquiring into the management of the Municipal Home have not been sufficient to bring out the evidence that may be produced. When the committee adjourned on Friday it was with the intention of meeting again in a fortnight, when a typewritten transcript of the evidence would be ready, preparatory to drawing up their report. It is now understood that at least one member of the committee will ask that additional evidence be heard before the committee completes its labors.

LIEUT. LOUIS RITCHEE, YOUNG SAINT JOHN AVIATOR, WOUNDED

Cable From Himself Received This Morning By His Father, Joseph H. Ritchie

Joseph H. Ritchie of the post office staff, received a cablegram this morning informing him that his son, Lieut. Louis McC. Ritchie, had been wounded. It was signed by his son. There were no details, nor any information as to his whereabouts. Lieutenant Ritchie soon after his arrival in England was sent to France, where he was attached to the 187th battalion. Some time later he was transferred to the famous 20th New Brunswick battalion. In December, 1917, he joined the flying corps and two months ago he took up his new duties in France.

Prior to going overseas he was with the 286th militia battalion as a sergeant, although he held the rank of a lieutenant. His parents have called Colonel Murray MacLaren, M. D., asking if he can locate their son and learn if his injuries are serious. A host of friends will also anxiously await further particulars regarding his injuries.

Don't you want a nice, new Chair?

Dear Mary— You asked me my opinion about chairs. Well I'll tell you, Chairs are used a great deal and should be strong and comfortable. They reflect the spirit of a hostess. I've visited where the very chairs said, "Come in and make yourself at home," and I've called where chairs "hoped you won't stay long."

So be careful in picking out your chairs. Get easy ones and they will help you make friends.

Sincerely—Helen

P. S. Today I saw lots of strong, "cumfy" chairs— stylish too—at
