LADIES WHO ARE PROMINENT IN CANADIAN GOLF CHAMPIONSHIPS

Miss Dorothy Campbell

Miss Miss Marjorie Fellows who is taking part in the golf meet.

Toronto, Sept. 22.—In the final today at the Toronto golf club, Miss Dorothy Campbell, British and American champion, won the Canadian championship from Miss W. H. Anderson, of Montreal, 2 up and 1 to go.

The interprovincial match resulted in an easy win for Ontario, only three of the Laitie and Catcher Blair, sold to New York Americans.

Toronto Ball Player Dead
Toronto, Sept. 22.—George Latley, a well-known local semi-professional baseball player, died yesterday as the result of sunstroke suffered some time ago while playing ball. Latley was a versatile athlete, being an accomplished football and hockey player. He played on the Winnipeg and Brandon ball teams in 1905. He was 32 years of age and leaves a widow.

The Ring
With the Boxers
What has become of Hugh McIntosh and Bill Lang? Not a word from either since Lang was trimmed by Kaufman in Philadelphia a week ago. It was rumored that McIntosh and Lang sailed for Australia from Vancouver last Saturday with the American fighters, Clabby, Brown, Parker and Thompson. The manager of these Yankee pugilists says McIntosh just took them with him and did not ask for permission.

James Coffroth, the California fight promoter, is building a huge amphitheatre in San Francisco to be devoted to sporting and spectacular events. It will cost in the neighborhood of \$300,000. Coffroth says the fighting game on the coast is permanently wiped out by new legislation he will soon introduce and will offer big purses for matches involving Gutch, Hackenschmidt, Zylenco and other noted grapplers. They'll bet on anything in the Earthy quack city.

Jim Testbrook, the New York middleweight, is in Boston looking for a bout with Purky Ryan.

Tommy Sica, the New Haven bantam has quit the ring, as one of his lungs has become affected.

Billy Maitlen says that if Bill Lang, the Australian heavyweight is put in the hands of Billy Muldoon to train he could defeat Jack Johnson.

Now the McFarland-Wolgaat bout billed for Milwaukee has been set for Oct. 1. Considerable trouble is being experienced in bringing these lightweights together for an eight-round bout.

Harry Forbes, the Chicago featherweight who has seen his best days, is another boxer who feels he can come back. He tried himself out on the other night and did so well that he declares he is now going after the champion.

Billy Delaney the veteran trainer, before leaving Philadelphia for his home in San Francisco reiterated his belief that his protégé will be the next world's champion.

Delaney was to visit Johnson on his way west and try to get the champion to meet Kaufman. The big Chinese heavyweight has no chance of defeating Johnson, according to Delaney.

Conflicting reports have been circulated as to the mental and physical condition of Jeffries. One of his most reliable friends informed a Boston party that Jeffries was

Chess
 Lasker Would Meet Schechter
 Dr. Emanuel Lasker, the chess champion, is now in Berlin, where, it is said, he is making preparations for a return match against Carl Schlechter, winner of the Hamburg masters' tournament. In view of the fact that the latter plans to come to America in about a month such a contest cannot well take place until the spring. Immediately after the congress at Hamburg Schlechter repatriated to Oeynhausen, a quiet health resort, and there, in the Kurhaus, he played simultaneously against all comers to the number of 48. The master made a record of 42 wins, 3 losses and 3 drawn games.

The Turf
 Charlottetown Races
 In the races held yesterday at the closing of the Charlottetown provincial exhibition, Iona Girl took first money in the two-year-old trot and pace, time 1:27 1/2. The three year old trot and pace stakes was captured by Dominion D., time 2:28 1/2. The stake purse of \$800 for the 2:27 trot is beginning to look doubtful if The El. 2:02 1/4 will soon, if ever, be the horse that he was in the fall of 1908. He was easy game for the Ontario and Ontario and Ontario (2) by Silent Break, 2:16 1/4, and Colorado K. (3), 2:07 1/4, by The Bondman.

Football
 Physical Fitness at Tufts.
 Special attention is being paid this year at Tufts to the physical condition of the football men. Dr. Martin, the college physical director and himself a former Tufts and Springfield training school football star, will look after the physical welfare of the men during the season, and careful physical examination is made of each candidate before he is allowed to don a suit. Last season's eleven was immune from injuries of a serious nature and no kick was registered from College Hill against the danger of the old game.

MORNING NEWS OVER THE WIRES

After having crossed the snow-capped peak between Italy and Switzerland, in a heavier than air machine, George Chavez, of Peru, in an effort to win a \$20,000 prize by sailing to Milan, met with an accident yesterday which may prove fatal. As he was descending his machine struck too soon, and he was badly injured in different parts of his body. Falling to 80 to Milan he also loses the prize.

A. R. will facilitate matters.

W. N. Collins, D. Fisher, and P. C. Sharkey, returned home yesterday from the convention of Canadian Brotherhood of Railway Employees, at Charlottetown. Mr. Collins was re-elected grand warden.

Jose Rafoles, a prominent potato dealer of Havana, Cuba, who is at the Royal, is greatly enthused over the development of the potato trade and other traffic between this province and the southern isles, but says that the farmers here are losing thousands of dollars through mismanagement, and want of an agent. He thinks there should be a better steamship service between the two places.

William Patrick Lynn, a C. P. R. brakeman, was yesterday committed for trial at Regina on a charge of attempting to chloroform a lady passenger. Bail was fixed at \$10,000, which has not been raised. The defence will be undertaken by the Brotherhood of Locomotive Trainmen.

J. M. Bowell, collector of customs at Vancouver and controller of Chinese immigration at that port, has been suspended from the latter position. An interpreter had been suspended as the result of an investigation by the dominion police in connection with the evading of the \$500 head tax, and Mr. Bowell put the same back in his position and he is himself suspended as a result.

AMUSEMENTS FOR OURSELVES AND OTHERS

This is a show of those big matinee days at Nickel theatre when the school children flock to this popular resort to enjoy a pure programme throughout. Today the Macbride children, it is announced, will have specially interesting numbers for the little ones, three selections in all, including a Scotch reel. Mr. Myers will return to the singing of the great hit, "Foot Toot Your Horn Kid," which will be great fun for Saturday crowds. The pictures include the great South African story by the Edison Co., With Bridges Burned, and the American civil war tale, The Road to Richmond. The Runaway Monkey and A Good Lesson are screaming comedies.

It is announced that on Monday the Nickel will show for the first time in St. John the great Roman Catholic church convention, the eucharistic congress, at Montreal a short time ago. This is a magnificent feature, as it depicts over 150 bishops from all sections of the world, cardinals and the eminent papal delegate, Cardinal Vanutelli, of Rome. The procession of children, 20,000 of them; the open air mass in Fletcher's field and the procession of the Holy Sacrament will be clearly shown as well as near views of the dignitaries.

The funeral service of Arthur Estabrook, was conducted at his father's residence, west side, last evening by the Rev. P. Porter. The remains were taken to Upper Gagetown this morning for burial.

APER CONSUMED IN NEW YORK CITY

Seven hundred and fifty tons of white aper are used daily in New York City one. They cut down some 3,500 acres of rest are cut down each day to print the newspapers, magazines and periodicals that are sent broadcast every hour during the day, says the Paper Trade Journal. And it is but a small percentage of the total consumption in the United States. Certainly, the white paper question is an important one, not only important to the consumer, but of vast importance to the mills in general. With careless indifference the American public refuses to consider the question of what is to become of its forests. With one city among a nation of 100,000,000 or more requiring the stripping of 3500 acres, how long can we expect the supply to last?

BRITISH RULE QUITE SAFE

The British rule in India is no great danger in spite of the "unrest" and sporadic insurrections, is the opinion of the Rev. Henry Haigh, formerly of Mysore. Mr. Haigh, who has been in India twenty-seven years, came to Canada as the federal delegate of the British Wesleyan Conference to the general conference of the Methodist Church in Canada which met recently at Victoria, B. C. "In my judgment," said Mr. Haigh, "the unrest in India is confined to comparatively few. The special danger of the unrest lies in the ignorance of large masses of the people, who might easily be aroused to panic by men of glib and unscrupulous speech. The people of India generally are well contented with British rule, and, in my judgment, would count it a calamity if anything were to interrupt the continuity of that rule. Self government is a long way off, and it would be a disaster to precipitate it."

The pennant was secured Wednesday by the defeat of Joe McGinnity's Newark team by Providence. Rochester may now lose its remaining five games, and the effect will not be felt in the club's standing.

The victory of the Rochester team this year makes history in the eastern league, it being the first time that a club has achieved the honor two successive seasons. It is Rochester's fourth pennant.
