ZIONIST UNIT BRAVED JERUSALEM RIOTERS.

Nurses and Doctors Defied Menacing Arabs, Saving Wounded.

The heroism of nurses and doctors of the American Zionist medical unit in saving for the wounded during the anti-Jewish riots in Jerusalem was described in New York by Emanuel Mohl of the Zionist Society of Engineers. He has just returned from Palestine, where he was engaged in Zionist engineering and reconstruction work. He said: "The riots broke out at 10 o'clock on Easter Sunday morning, and within half an hour the first wounded had been brought by the nurses and doctors into the medical unit's hospital. "I never saw such bravery and devotion to duty as these American men and women displayed. Part of them had to stay in the hospital to receive and attend the wounded. The rest were on the go constantly for two days, rushing through the streets in their trucks and ambulances, gathering up the wounded. "The red, six-pointed Star of David, worn by all members of the unit, combined with their resolute and determined courage, protected them. For not once were any of them molested by the Arab rioters. "I saw many examples where these nurses and doctors went boldly among the rioters and rescued the wounded, but

one striking case of heroism I never will forget was when three nurses walked straight through a crowd of menacing Arabs surrounding a house, and walked out with four old women, two old men and several children."

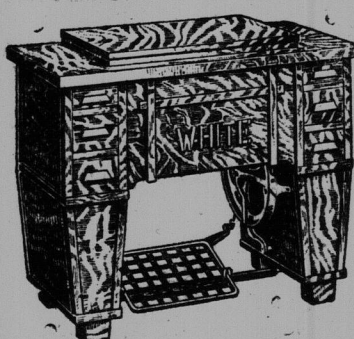

Another common sight, according to Mr. Mohl, was to see the nurses forming volunteer fire-fighting squads and pumping water from wells by hand to extinguish the blazing synagogues which the Arabs had fired. On several occasions he saw nurses enter the burning synagogues and emerge with the sacred scrolls of the law.

THE FARMER GOVERNMENT.

(Toronto Globe.) Ontario's Farmer-Labor government has stood the test of its first session. Ontario has never had a government quite like it nor a session of the legislature quite like the one just finished. The old political party attack and defence has been missing. Never at any time has it been the "outs" against the "ins." Never on one single occasion have all the members of the opposition groups been united against the government, and it is probably equally true that never have all the members to the right of the speaker been unanimous on any of the questions which provoked wide differences of opinion. The house sat for twelve weeks, which is not a record for the province, but one

And 2,000 Extra Special Prizes Valued at \$1,000.00.

of the longest in the history of the legislature. With the experience gained during this session, the present government could do a similar amount of business again in less time. Premier Drury improved as a parliamentarian and leader in the house daily. The debating strength of the government, weak at the first of the session because of ignorance of procedure and the timidity of inexperience, grew with the knowledge of parliamentary affairs and as it gained in the confidence of the members. No real crisis was reached in the house at any time. The difference with the U. P. O. organization over the superannuation bill proved a trivial affair after the premier and his cabinet had talked to the insurgents. Counsel—After all, my client is only charged with simple theft. Prisoner—Simple! I'd like to see you do it—London Opinion.

Ice Cream

The Pacific Dairies is in an ideal position to meet every requirement of its customers.

We pay the highest price for cream in order to ensure the best quality. With ample cold storage facilities we are in a position to meet all demands of our customers.
