TO ARCHITECTS BUILDERS AND OTHERS NOTICE.

The Municipal Council have extended the fire limits northward and eastward from the present limits, so that all buildings erected must comply with the Building By-Laws of the city. See By-Law No. 52. There also has been a By-Law passed stating: Every person intending to build in any part of the city limits, before doing so must furnish the Building Inspector with proper plans of the intended structure and take out the necessary permit for the work. See By-Law 52. WM. W. NORTHCOOT, Building Inspector.

A Serious Question.

A persistent bad cold will run into consumption unless it is relieved in time. So it is with the little daily wants of the people-they grow serious if not promptly filled. You can afford, for instance, to have that house tenanted for a little while, but when it continues tenanted month after month it becomes a serious matter. The timely "want" ad. ends the trouble.

A Can of Printer's Ink.

Has proved the corner stone upon which many a fortune has been built, while it has likewise been the sturdy support of numerous brilliant dreams of mercantile conquest. The sweeter the rose, the more thorns upon its stem. Some of the greatest of the world's enterprises were founded after long and wearisome exploitations over rough roads of adversity and bright narrow and circuitous paths of experiment. It is impossible to study any advertising proposition without dwelling upon both the profit and the loss. Long since The Times has been adjudged the medium for the most judicious advertising for the Victoria merchant. It is because it reaches the greatest number of Victorians at the smallest possible cost.
