The reports of the massacre of Armenian Christians by Turkish soldiers, which have appeared in its civilization and christianizing

Armenia is a province under the torture, in the most ghastly forms, rather than renounce their belief in Christianity. That this choice was placed before them is clear

Of course he found it easy to get money out of his gullable dupes. He gave big suppers and piled up big hotel bills, which were all left unpaid. A year previous it is said he worked was placed before them is clear There is little doubt but that the result of these butcheries will be far different from what the brutal proof of the object of the massacre. authors intended.
