THE STAR, ST. JOHN, N. B. THURSDAY, JULY 25, 1907

A CUSTOMER'S REASONABLE WISH IS THIS STORE'S PLEASURE.

DYKEMAN'S.

Midsummer Clearance Sale of Ladies' White Wear.

A glance at the window display will give you a fair idea of the great bargains that are being had inside. We have made great preparation for this white-wear sale and you will find the goods marked about one-half their regular price.

GOWNS—At 35 and 39 cents we are offering gowns that are worth at least 75 cents. At 75 cents, gowns with lace and embroidery trimming and made of fine cambric. At \$1.00 we have for you gowns of the fine Princess cambric, beautifully trimmed with lace and Hamburg insertion. At \$1.25 something out of the ordinary, handsomely trimmed and of the very best quality possible.

DRAWERS—At 20 cents good cotton drawers for every day wear. At 50 cents very extraordinary value, well trimmed with lace and insertion. At 75 cents drawers that are worth \$1.00. They are well trimmed with embroidery and tucks.

CORSET COVERS—In this line especially you will see bargains. Beautifully trimmed with insertion and lace and ribbon and several different styles at 25 cents. They are the regular 50 cent quality. At 50 cents, corset covers that few stores can boast of at 75 cents.

CHEMISES—A number of these prettily trimmed at 25 cents.

WHITE UNDERSKIRTS—At 50 cents skirts with lace trimming at the bottom, excellent for wearing as an inner skirt. At 75 cents skirts with flounce very prettily trimmed. At \$1.00 skirts with two flounces which keeps the outside skirt so well extended.

LINEN SKIRTS—At one price \$1.00. The skirt that makes you look so cool when the thermometer is high.

WHITE SHIRTWAIST SUITS—At \$4.50 and \$6.75 and a few odd lines of colored shirtwaist suits at \$1.25, \$2.25, \$3.25 and \$5.00. Just the thing for outings and picnics.

CHILDREN'S DRESSES—A large number of these to clear out at prices running from 45 cents to \$2.50. They run in sizes from one year to 14 years.

Walk-over Shoes

Give Satisfaction.

A customer brought a pair of "Walk-Overs" to us the other day to get resoled and heeled and stated that this would be the fifth pair of shoes for them, and, said he, "Look at the uppers, not a crack or a break in them."

He Is So Well Satisfied

that he is talking "Walk-Overs" to all his friends. That is the kind of advertising that carries weight, and is another reason why "Walk-Over" Shoes are so popular.

"Walk-overs" sell at \$5.25 and \$5.50 for Men
\$5.00 for Women.

THE WEATHER.

Maritime—Southerly winds, showers Friday, westerly winds, fair and warmer.

LOCAL NEWS.

While working at Sand Point this morning the new dredge broke a valve of its cylinder and was put out of operation for four hours.

Fred. L. Jones, chief customs inspector of the Dominion, has purchased Prof. Ashley's summer residence at Smith's Cove, Digby County, N. S.

The annual memorial day service of the Knights of Pythias, in St. John will be observed on August 15th, when the graves of departed brothers will be decorated. Notice will be given later of the place for receiving flowers.

No colored baseball game of recent years is attracting so much attention as that scheduled for Saturday between the St. John Royals (colored champions of New Brunswick) and the Rovers of this town. A victory for either team means so much that one of the greatest games of the season should be the result.—Amherst Telegram.

George Christie, of River Hebert, who was so seriously injured on a brow of logs at Two Rivers about a week ago is considered out of danger now and is progressing very favorably towards recovery. His Cousin Miss MacKeen, of Athol, who is a trained nurse is taking care of him at the residence of E. E. Barron, hill, Two Rivers.—Amherst Telegram.

A cat owned by a lady on Pearl St. in this city recently gave birth to four pretty kittens, the lively little quartette being all joined together by their sides, and resembled a miniature life-preserver. The owner not knowing the demand for and value of freaks and monstrosities, had them killed by drowning.—Eastport Sentinel.

In response to a telephone message from the lines on Sunday last, Scott Act Inspector Colpitts, accompanied by Constables Woolverton and McKinnon, drove out to investigate a trouble. There was a large number of people and many teams present, and whiskey was evidently being sold in large quantities. The constables finally located a fellow, whose home is in Houlton, named Pat Cassidy. He had a few bottles being filled with "long necks" in his possession, which he was peddling out to the crowd. He was arrested and the liquor taken from him and he will be dealt with by the Houlton authorities.—Woodstock Dispatch.

The Star has received a very fine portfolio, platinum views of St. John and vicinity, published by Thomas J. Flood, 49 King St. The views are 16 in number, of St. John city and park views. They include shipping views, the library, Cathedral, Trinity Church, Stone Church, Falls at Rockwood Park, the bridges, and harbor front. The portfolio is an attractive one, and nothing like it has previously been published in St. John. The portfolio complete sells at 25 cents, and can be seen at Mr. Flood's store, 49 King St.

On Monday night, as Calvin Pendleton, of Deer Island, was approaching Digdegash wharf with his boat, he stepped forward with his pile pole to catch the wharf. The deck was slippery and both feet went from under him. He struck very heavily on the wash-board on the conclusion that they are quite as well if not better off without it. When the boat was running the men who had occasion to go to Fredericton were in the habit of bringing back large quantities of provisions. It was enough to make a country storekeeper ill to see the Aberdeen steamer along the wharf every other day tons of provisions of which he had a store full ready to sell. Now that there is no steamer on the route at this business goes to the stores at Meductic, Temple, Pokok, Hawkshaw and other points along the river.—Western Dispatch.

The Moncton Transcript understands that the department of railways and canals has awarded to the E. A. Wallberg Company contracts for constructing three additional buildings on the site of the I. C. R. new work shops. The first building will be a power house, work upon which will be commenced at once. The second will be that of the accumulator plant and the third a dry kiln. There are about six hundred men at present employed on the new works in construction and the superintendent assures The Transcript that the five buildings upon which work was commenced late last summer and fall, will be completed and handed over to the railway before snow flies. One of the buildings is practically completed excepting a sub-roof, not included in the original tender.

BREMER-HAVEN. July 25.—The steamer Kaiser Wilhelm III., that listed here yesterday at her dock during ceiling operations and became partially filled with water, will go into dry dock today. She will be ready to sail for New York on August 24.

ARRANGEMENTS FOR EARL GREY'S VISIT

Major Sears Thinks There Should be No Formality

Don't Insist on Dress Suits, He Says—The Luncheon to be an Exclusive Affair.

The committee of the common council for the reception of the Governor General during his trip to this city August thirteenth to seventeenth, met in the Mayor's office this morning.

The plans as before noted were considered and no important changes were made. The Mayor stated this morning that he had nothing to do with the arrangements in connection with the trip to Fredericton on the S. S. Elaine. The guests will be invited by the Lieutenant Governor. The Mayor himself will be a guest on this excursion. The Mayor also stated that the guests, if there were any outside the common council, at the luncheon to be given the Governor General would necessarily be invited because of their official positions, as there would be no accommodation for a large number of citizens at such a function.

The reception in the York Theatre is to be given by the Governor General who will probably make a public announcement to this effect. The Mayor said he wished to make this function as informal as possible and may write to the Governor General's secretary regarding the matter. The Mayor believes the matter of dress should be left to the good sense of the people who attended the function. Dress suits should not be necessary, in case a man does not possess one or does not wish to wear one.

On the morning of August fourteenth Earl Grey will be free to do what he pleases. An automobile will be placed at his disposal and he will probably drive into town.

The Mayor received an invitation from Halifax yesterday to attend a reception given to the Governor General there on August sixth to eighth. The letter also stated that the Mayors of the incorporated towns of Nova Scotia, in number would be invited. He thought that inasmuch as the Governor cannot take a trip to every town in the province, the Mayors of the different towns might be invited to attend the function here, but the other members of the committee thought this to be a practical matter and no action was taken in that direction. The Governor General will leave for Fredericton on the S. S. Elaine at about midnight at 8.30 o'clock. He will return to this city the following day in a private car attached to the C. P. R.

THE RIVER BED IS FULL OF SUNKEN LOGS

Diver Doyle Had No Success in His Search for the Warlock Boat.

Diver Doyle yesterday made a thorough examination of the river bed near Westfield in search of the sunken salmon boat Lella Rookh owned by George Warwick.

Mr. Doyle was unable to locate the boat, and it is now improbable that it will ever be recovered. Mr. Doyle first examined the river bed at the spot where Mr. Warwick states the boat went down. Not meeting with any success he covered the river for several hundred yards up and down. He states that the bottom of the river is covered with old logs, portions of scows, and other material. Mr. Doyle, after completing his work, informed Mr. Warwick that the boat was not anywhere in the vicinity of the place where it was supposed to have gone down. It is now believed that the current, which is very strong where the boat sank, has carried the craft down-river. The uncertainty of grappling for the boat has now been shown by Mr. Doyle's statement that the river bed is too thickly covered with wood. It is probable that the river will be dragged further down.

A COMING CONTEST.

Excitement is intense from South Bay to Westford over a contest which threatens to take place at Westford on Saturday evening. Alexander Macaulay, on behalf of himself and Stephen McAvity, has issued a formal challenge to James H. Doody and Daniel Mullin, K. C., for a game of tennis. Mr. Macaulay has not yet received any notification of the acceptance of his challenge, but it is currently rumored that the challenged parties are favorably disposed to the game. Already a large amount of money has been placed under the church on the outcome of the event, and betting is about even. The game is to be at catch weights, Morris of Queensbury rules, and an admission fee of fifty cents will probably be charged to pay for lost balls and for repairs to the tennis courts.

It is said that the Eastport Citizen, published for several years by Fred. G. Milliken, a well known newspaperman, has been sold to local parties, who will continue the publication of the same through under different political auspices. The identity of the new owners has not been disclosed, but announcement through the columns of The Citizen will no doubt be made in the next issue. It is understood that Mr. Milliken is to leave Eastport for the purpose of accepting a position on a metropolitan daily.—Bangor Commercial.

FULL WATER PRESSURE EARLY IN AUGUST

And by the First of September the New System Will be in Complete Operation.

Engineer Hunter, in charge of the water extension work, expects to have the service ready by the first week in August to receive the full pressure. The maximum pressure will be 105 lbs. No. 2 24-inch main is now standing full pressure from the metre at the Catholic cemetery to the reservoir at Little River. This has been running about a week.

One break, opposite the Shore House, is now being repaired, and a split pipe in the same main is being replaced. There are three other split pipes which will have to come out later. Engineer Hunter says that by September the first, the high pressure service should be in good running order.
