Recent Events in and Around St. John.

Together With Country Items From

been fixed to land here for W. C.
England at 3:30 p.m. Pilot Doyle left
last night for New York to come down
in her.

The Danish barkentine Angsar, Capt.
Claisen, from St. John, with deela,
grounded when striking her berth at
Dingle, and floated. Damage, if any,
not yet ascertained.

On Thursday last Stanley Brown, of
St. John, while visiting his parents at
Greenwich, Kings Co., captured a very
pretty racoon.

It is reported now that the brig
Vera Cruz, which came here from
Cape Verde with sail, will go to New
Bedford in October.

At a convention of the liberal con-
servative electors of the West River
district, held at Douglas, N. B., last
Friday, the present representative, and
Thomas Doyle, North Rustico, were
nominated to contest the next general
election.—Charlottetown Guardian, 15th.

Str. Micmac on her voyage from Dal-
house to the U. K. moved 1,000 stand-
ards of deela. When she left St. John
not long ago she carried only 900 stand-
ards.

The summer residents at Westfield
had a most enjoyable time Saturday
night at the residence of Geo. F. Cal-
lin. Harrison's orchestra furnished the
music and a big dance was the event
of the night.

Dr. H. B. McDonald of Chicago, who
is spending a vacation with relatives
and friends up the Washadenak, was
in town yesterday. Dr. McDonald
reports that he is enjoying himself up
at his old home, where he will stay in
at least another week there.

P. S. McManus, a brother of J. B.
McManus, who has the contract for re-
building the T. C. R. Courtney Bay ex-
tension, is in the city and is staying
at the Royal Hotel. Mr. McManus, who
has considerable to do with the building
of the Negro Point breakwater, expects
to start the repair work on the exten-
sion right away.

On Monday evening last the Misses
Yorks of Black River gave a party in
honor of T. Wilkins of the I. C. R.
and family. The evening was pleasant
and spent in dancing. A number of
Scottish selections were rendered by
James Huggart of Aberdeen, who is
visiting at Mrs. Yorks'. Miss Lane
gave a dance Thursday evening to her
lady and gentlemen. Among the
Barker and Henry Daley. J. P. O'Neill
furnished music.

Fred Armstrong of Telegraph street,
Moncton, was arrested yesterday on a
charge of stealing an overcoat from
Mr. Jenkins, a commercial traveller,
at the Royal hotel in Moncton. Mr.
Jenkins was in the city yesterday.
Late last night he received a message
informing him of the arrest of Arm-
strong and requesting him to be on
hand today to give evidence. He was
very anxious over the matter, inas-
much as in the coat were some very
valuable papers.

OPERATIONS FINISHED.
Rafting operations at the Douglas
Boom were concluded today and a
large portion of the employees were
discharged. It is not exactly known
what is the extent of the season's op-
erations, but it is thought it will
come up to the average. The loose logs
along the river have not yet been
cleaned up and when this is done a
trew will probably be put on again.
Some considerable quantities of raft-
ing remains to be done at the down
river boom.—Gleaner.

JORDAN FAMILY REUNION.
A reunion of the Jordan family was
held at Kunkunook, Pushaw Lake, Me.,
on Thursday, at the cottage of M. L.
Jordan of Bangor. Among those pre-
sent were Mr. and Mrs. Luther Jordan
and Pearl Jordan of St. John, N. B.

PROHIBITION IN CHARLOTTE-
TOWN.
(Guardian, 15th.)
Yesterday Inspector Jenkins scored a
distinct triumph in the prohibition case
at the police court. All three cases
heard were new ones, and in each of
them a conviction was secured against
the defendant. Mary Jane McMillan,
Edward Egan, and Patrick Doherty
were each fined \$100 on three months
imprisonment. The last case was for
third offence, but as an appeal is pend-
ing before the supreme court of Can-
ada as to the previous case the offence
was made a first.

P. E. I. SNAKES.
(Charlottetown Examiner, 15th.)
Richard Creed of Albion, while work-
ing on a piece of new land on Tuesday
last, encountered a nest of snakes,
ranging from eight inches to three feet
in length. He killed fifteen and quite
a lot more escaped. Mr. Creed says
they were an ugly sight to see so many
snakes running all around him and
still worse looking when he put out
the dead ones in a pile. The greater
part of them were over two feet long.

ORDINATION.
On Saturday at the chapel in St.
Joseph's College, Memramcook, his
lordship Bishop Casey raised to the

at St. Joseph's College, of which institu-
tion he was at one time a professor.

FREDERICTON'S

GRIMES.

Murderers Held for Exam-
ination on Alleged
Charge.

One Fellow Sent to Dorchester for
Three Years for Theft—Fractured
One of His Legs in the
Aberdeen Mill.

FREDERICTON, Aug. 17.—Blair
Dennison of St. Marys, the young man
who pleaded guilty to the charge of
theft from his fellow lodgers at the
Aberdeen mills a few days ago, was
sent to Dorchester for three years.
Magistrate Marsh this morning sentenced
three years imprisonment in Dorches-
ter penitentiary. In passing sentence
he took occasion to give the pris-
oner some good advice. The pris-
oner was sent forward to Dorchester to
morrow in company with City Marshal
Roberts.

The young man, Ryder and Hughes,
detained in custody for the alleged
murder of William Urquhart, have re-
tained H. P. McLeod and J. H. Barry
to defend them. On the application of
counsel, Hughes was admitted to bail
this morning by the police magistrate
in \$1,000, himself in \$500 and two sure-
ties for \$300 each. Ryder's counsel
made a similar application, which was
refused, and he was remanded to jail.
The preliminary examination will com-
mence tomorrow morning. Ingham,
the third man implicated, left town
on Wednesday before Urquhart's body
was discovered, going by Canada
Eastern to Northern Maine, where he
had engaged to work for W. J. Noble,
superintendent. The authorities will be
called to have him extradited for the
crime.

Arthur Kyle, an employee of the
Aberdeen mills, while engaged in
throwing a belt of a pulley in the mill
this morning, caught his foot, throw-
ing him to the floor or bed, sustaining
a bad fracture to his left leg below the
knee. He was removed to Victoria
hospital, where the leg was set by Dr.
Weaver.

ST. JOHN MAN FOUGHT WITH
BOERS.
Edw. Wilkins Released from St. Helena
is Home on a Visit.

Straight as a rush and bronzed with
many years of South African sunshine,
Edward Wilkins, brother of R. J. S. W.
and T. Wilkins, who is home to re-
new old acquaintances, has been a
great while since he was freed
from the island of St. Helena, where he
was placed as a prisoner during the late
war, in which struggle he fought with
the Boers. For years previously Mr.
Wilkins was a lieutenant in the Orange
Free State police and one of the prom-
inent officials in that body. He came
to St. John on a visit to his family.
"Yes, I had to fight on the home side;
it was home to me out there, for I had
been living in South Africa since 1878,
and I tell you I was in a good mood,
many natty engagements, but thank goodness
I didn't come across the Canadian
boys," said the ex-St. John citizen.

Mr. Wilkins' home was a little outside
of Johannesburg, and in the general
looting and confiscation was swept up
with the others. Little did the British
soldiers know that the cottage and pre-
mises they were burning was the home
of a former loyal subject, and one
whose heart was still the same towards
the motherland on general principles,
although not on the question of that
hour.

With no display of heroics, the
former St. John man discusses his stand
in the war, and defends himself ably.
He strongly upholds his action in join-
ing with his fellow Free State soldiers in
defending their homes, and being attached
to the military, or police, for so many
years, it was incumbent upon him to
take up arms, which he did without
any qualms. The situation was rather
a novel one and the ordeal which fol-
lowed was a hard one, nevertheless Mr.
Wilkins cheerfully accepted the for-
tunes of war until he signed over to
King Edward before leaving St.
Helena.

When he went to South Africa in
1878, he entered into mining, and was
at that work until he joined the police
rank. He is very familiar with the
country and speaks Dutch as fluently
as his native tongue.

While rather reticent about discuss-
ing the causes of the late unpleasant-
ness, Mr. Wilkins stoutly claims the
whole trouble was brought about by
capitalists and that the British gov-
ernment was led into the strife for the
benefit of private individuals.

"It was an unjust war," he said,
"and I guess all hands got enough of it."
Mr. Wilkins arrived in the city Sat-
urday night on the steamer St. Croix.

SEWING CIRCLE ATTENTION.

for whom it is such a sweet morsel
to delight over other people's misfor-
tune will just bear in mind that
"chickens come home to roost," and
that if their girls are born they are
not buried yet.

"No, Jimmie, I am not going to Mag-
gie Mulligan's party." The Mulligans
shift in our set, and I don't like Mag-
gie, and I've got nuthin' to wear, an-
besides, I ain't been invited, anyhow!"

NEW HAVEN, Conn., Aug. 16.—A
man aged 36 and woman aged 30, who
were arrested at the home of a woman
last night at St. John, and with them
found a quantity of drugs today. It
is believed they were victims of an
accident. An envelope found in the
woman's purse bore the name "Annie
Gumbert," and a card in the man's
pocket was marked "Stephen Kumba,
109 Orange Street, New Britain."

IN A NEW ROLE.
Local Comedian and Musician Poses
as a Snake Charmer.

There is a young man going about
town who not only loves a good joke
in a quiet way, but has gained for
himself considerable prominence as a
comedian with amateur performances.
He has been frequently seen in the
uniform of a popular band, and it is
little difference to him what instrument
he plays. One is as easy as the other.
Yesterday he was out for fun.
A cigar box, partially filled with
cotton bales, had a poor innocent
little snake, one of the harmless kind
that frequent the fields in this vicinity.
Like Mary's little lamb, every-
where Mike went, so went the snake.
In a short time it was an educated
snake, a pet, was introduced to all
who cared to make its acquaintance,
and to those who did not, was quietly
placed on their coat sleeve, in a pocket
or in one of many ways surreptitiously
planted.

As a snake charmer the musician
and comedian made a hit.

THE CROPS ARE GOOD.
It may sound strange, yet it is true,
that one of the most prosperous hay
makers in the province of New Brun-
swick lives and grows his hay almost
within the boundaries of the City of
St. John. And what is even more curi-
ous of this St. John city farmer, he
invariably raises two crops in the per-
iod in which other farmers only raise
one. The man in question is Jacob
Wood, of Westmorland road.

He began the mowing of this year's crop
N. 1 yesterday. His hay, probably, in
defy comparison with any in the mar-
time provinces.

"RAINY-DAY" MONEY.

WON'T MIX.
The human stomach stands much
abuse, but it won't return good health
if you give it bad food.

If you feel right you will feel right
for proper food, and a good mind is the
sure road to health. "A year ago I be-
came much alarmed about my health,
for I began to suffer after each meal
no matter how little I ate," says a Den-
ver woman. "I lost my appetite and
the very thought of food grew distaste-
ful, with the result that I was not
nourished and got weak and thin. My
home cares were very heavy, for be-
side a large family of my own, I have
also to look out for an aged mother.
There was no one to shoulder my
household burdens, and come what
might I must bear them, and this
when I realized that my health was
breaking down."

"I read an article in the paper about
some one with trouble just like mine,
being cured on the food Grape-Nuts,
and, acting on this suggestion, I gave
Grape-Nuts a trial. The first dish of
delicious food I had tried in a long
time. It was so good and so nourishing
that I felt in my stomach and brain dis-
appeared as if by magic and in an in-
credibly short space of time I was again
myself. Since then I have gained 25
pounds in weight through a summer
of hard work and realize that I am a
very different woman. All due to the
splendid food Grape-Nuts." Name

HAMPTON.

Recent Accidents—Arrived from Paris
—Personal and Society Notes.

HAMPTON, Kings Co., Aug. 17.—On
Friday evening last Ralph A. March
met with a rather severe accident,
which, if not cured, may lay him up for a
week or two. He and Archie Brittain
were lifting an old circular saw from
the rear room of the Masonic Hall,
when the supporting pole broke and
fire of the saw teeth struck his foot,
piercing through the boot and inflict-
ing a bad wound. Mr. Brittain's hand
also was cut, both wounds calling for
immediate surgical aid, which was
rendered at the village, must have been
more than ordinarily obstreperous to
trample on the worshipful master and
to bite a past master on the same
occasion.

On Saturday Miss Lillie Raymond,
daughter of Mr. and Mrs. Wm. Ray-
mond of the Royal hotel, St. John, who
are summering at Lakeside, while
swimming from the branch of a tree,
was precipitated to the ground by its
breaking, with the result that her leg
arm was fractured above the elbow.
Surgical assistance was soon secured
and the broken bone set. The young
patient is doing very well.

Roy Muirhead, late of the Bank of
Nova Scotia staff, St. John, who has
been visiting at the Stratton, home-
stead, Paradise road, spent the day
week end in the city, having friends
good-bye, and today returned to Cham-
plain, from whence he will start on the
21st instant for Winnipeg, with the in-
tention of making his home in that
section, provided his home in that
not at present too robust, becomes es-
tablished.

Mrs. W. A. Garrison of Halifax, N. S.,
is the guest of Mr. and Mrs. R. Ar-
scott at their summer cottage, Hamp-
ton Station.

Mrs. Crowe and Miss Crowe of Truro,
N. B., mother and sister respectively of
Mr. and Mrs. R. Arscott, are the guests
of the latter lady on Church Hill.

James Barry, inspector of weights
and measures, accompanied by his
daughter, spent the week end with
Richard Butler and young son, who
are at the Hampton Hotel and Cheese
Manufacturing Co. have secured a site
for their factory on the Village road,
near the embankment, and will begin
work on Monday. This does not com-
pel the G. T. P. to build, it only gives
them the option. Will they take advantage
of it? The government builds
the 1,825 miles from Moncton to ver-
milion, at a cost of sixty to seventy mil-
lions, why does not Mr. E. ask the
government (not the G. T. P.) to build
the route from Chipman to Norton?
Perhaps some Halifax M. P. could tell
us.

Mr. E. states that the new road will
"run to Chipman," then he says "at
or near Chipman," then "about five
miles east of Chipman." Once he says
it will take a survey made about eight
years ago in the interests of the Grand
Trunk. Sir Wilfrid Laurier's speech
30th ult. referred to that survey
as the route "from Edmundston to a
point near Chipman, thence to Berry
Mills, near Moncton."

A Chipman lumberman told me last
week that the G. T. survey crosses 20
miles east of Chipman, and that the
line has been run across the Salmon
River at Coy's Brook, 20 miles east of
Chipman. Thus, Mr. E. says the line
will be mutually advantageous to the
investor and the community.

Mr. E. Herrington of Brooklyn, N. Y.,
visiting at his father's farm (Ham-
bert Fairweather's) on Pass-
keag road.

The Rev. H. S. Shaw, Mrs. Shaw and
family have returned to the village
of Passkeag, where they will be
visiting to friends in Nova Scotia. Mr.
Shaw resumed his duties in the Baptist
church on Sunday.

Mr. Shaw, cordwainer, formerly
of the station, but now of Boston,
Mass., is on a visit to his old home.

The Hampton Cornet band gave an-
other of their admirable open air con-
certs, making a grand success of the
day evening, much to the delight of
residents and visitors.

Dr. John J. Ryan of Paris arrived
last night on the train from New York.
Mr. Ryan and all the children were
awaiting his arrival on the station
platform and formed a very happy
party as they drove off to their
beautiful home at Lakeside.

F. B. CHURCH.
Seventh District Meeting at Lam-
bert's Cove, Deer Island.

The seventh district meeting, com-
prising the Free Baptist churches in
St. John and the islands, convened at
Lambert's Cove, Deer Island, on Aug.
14th. The first business session open-
ed at 10 a. m. with prayer by Rev.
J. R. Webb, treasurer.

The members present were Rev. Dr.
McLeod, C. T. Phillips, A. J. Prosser,
A. M. Mcintosh, B. W. Ferguson, S. J.
Perry, L. M. Gregg, and Licentiate J. C.
Wilson and G. Perry.

There are 14 churches in the district,
of which 12 reported, showing a mem-
bership of 1,740. There were delegates
from nearly all the churches. The
amount of money raised for all pur-
poses was \$5,000. Of this \$475 was col-
lected by the W. F. mission society.

There were added to the church by
baptism during the past year seventy-
two.

Rev. R. W. Ferguson was elected
chairman and Reva. C. T. Phillips,
David Long and E. W. Slipp execu-
tives. The delegates appointed to at-
tend the general conference in Octo-
ber were Angus Caseboone, A. F. Kief-
stedt, Colby Smith, Thos. Graham and
Colby Mcintosh.

Harmon preached at Lambert's
Cove on Sunday at 11 a. m. by Rev. Dr.
McLeod, at 2:30 p. m. by Rev. C.
T. Phillips, at 7:30 p. m. by Rev. David
Long. At 9:30 p. m. by Rev. S. J. Perry,
at 10:30 p. m. by Rev. L. M. Gregg; at
Lambert's Cove (Disciple church) by Rev.
B. W. Ferguson; at Williams Beach at
7:30 p. m. by Rev. Dr. McLeod. All
the services were largely attended.

Deer Island is one of the most de-
lightful places for a summer holiday
that can be had, and although the
ministers and delegates went for work
rather than pleasure, so beautiful were
the surroundings and so hospitable the
people that work and pleasure went
hand in hand.

EMMERSON'S

BLUNDERS.

His Ignorance of the G. T.

P. Scheme Exposed.

W. F. Hatheway Shows Up the Man
from Westmorland and Scores
the Government's Policy.

(St. John Star.)
To the Editor of the Star:
Dear Sir—It is well for us to know
that Mr. Emerson, who is slated to
take Mr. Blair's portfolio, frequently
makes mistakes. The Moncton
script and Hansard report Mr. Em-
merson as saying last week, when he
moved his Chipman amendment, "the
route, via Chipman to St. John, only
87 miles longer than down the St. John
valley." And again he says "the dis-
tance, via Chipman, is only 37 miles
more than via the St. John valley."

Yet at the close of his speech, hav-
ing a half hour's respite for profound
research, he gives figures trying to
show that the route to St. John, via
Chipman from Edmundston, is 15 miles
shorter than via St. John valley.

Which of these two is correct? Fre-
derickton was glad to know that Mr.
Emmerson stated twice as absolutely
correct that the G. T. P. would cross
the Nashwaak nine miles from ver-
milion. Finally, Mr. Gibson, of York,
told him it was 20 miles, not 9. Then
Mr. E. admitted it would be 20 miles
from Fredericton to Moncton, and ver-
milion told me last week that it was
22 miles from Fredericton. Mr. Em-
merson's amendment, which was car-
ried last week, authorizes the G. T. P.
to build or acquire a new line from Chip-
man to Norton. This does not compel
the G. T. P. to build, it only gives them
the option. Will they take advantage
of it? The government builds
the 1,825 miles from Moncton to ver-
milion, at a cost of sixty to seventy mil-
lions, why does not Mr. E. ask the
government (not the G. T. P.) to build
the route from Chipman to Norton?
Perhaps some Halifax M. P. could tell
us.

Mr. E. states that the new road will
"run to Chipman," then he says "at
or near Chipman," then "about five
miles east of Chipman." Once he says
it will take a survey made about eight
years ago in the interests of the Grand
Trunk. Sir Wilfrid Laurier's speech
30th ult. referred to that survey
as the route "from Edmundston to a
point near Chipman, thence to Berry
Mills, near Moncton."

A Chipman lumberman told me last
week that the G. T. survey crosses 20
miles east of Chipman, and that the
line has been run across the Salmon
River at Coy's Brook, 20 miles east of
Chipman. Thus, Mr. E. says the line
will be mutually advantageous to the
investor and the community.

Mr. E. Herrington of Brooklyn, N. Y.,
visiting at his father's farm (Ham-
bert Fairweather's) on Pass-
keag road.

The Rev. H. S. Shaw, Mrs. Shaw and
family have returned to the village
of Passkeag, where they will be
visiting to friends in Nova Scotia. Mr.
