

SOME VIEWS OF SALEM.

More than twenty thousand persons are homeless and more than \$30,000,000 worth of property was destroyed in a fire that practically wiped out the whole city of Salem, Mass. The fire started in a factory in the northwest part of the city and raged eastward and southward, causing wreck and destruction in its path. From all parts of the country aid is pouring in for the thousands who have been deprived of their homes by the big blaze, and Mayor Hurley is superintending the distribution of the same.

GERMANY FEARS RUSSIA AS A TRADE ENEMY

Berlin, June 26—It is not only as a possible military opponent that Germany is uneasy about Russia. The tone of the press daily shows that there is much anxiety over the possibility of a trade war, as well as much uneasiness over what is believed here to be a growth of anti-German sentiment in the big Empire on the east.

In some of Russia's recent steps German observers believe they see a combination of military and trade purposes. One of these is the prohibition of the export of horses, destined to keep in Russia all available mounts for cavalry forces, but which also affects German business interests. The already reported proposal to forbid Russian laborers from coming to Germany each harvest time, would be a severe blow to the agriculturalists, and the proposed increase of import duties on grain, now under consideration by the Russian Government, would practically cut off an important market. Germany exported to Russia last year 23,000 tons of rye, 22,000 tons of wheat and 28,000 tons of oats. These figures do not include the considerable exports to Finland.

The long detention term of Hans Berliner and his two companions, who landed there after a record flight in their balloons, and the determination of Russian authorities to bring them to trial on charges of espionage, are generally considered in Germany as reprisals for a number of recent unfortunate incidents, one of which also was responsible for German industry losing an important contract. This was the case of a man named Popov, an engineer of the Russian ministry to railways, who came to Germany to buy a number of river steamers for his ministry. He was arrested on suspicion of being a spy. He left for London immediately upon his release, saying he would give the contracts to English firms. As a result of his experience, the Russian railway ministry is to desist from planning to buy orders in Germany unless the German firms or persons with whom the

Summer-Spoiled Skin Removed by Absorption

An undue summer exposure usually leaves an undesirable surface of tan, dust or grease, often freckles, too, it is more difficult to remove such surface than to hide it with cosmetics. There's nothing better for this than ordinary mercuric wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gradually, so there is no inconvenience, no irritation indoors. Spread the wax lightly over the entire face at bedtime and take off in the morning with warm water. If you will get one ounce of mercuric wax, you may expect marked improvement daily. When the underlying skin is white, in view year completion will be a marvel of perfect skin and beautiful whiteness. Don't let these summer wrinkles worry you. Worry breeds more wrinkles. Remove them by bathing the face in a solution of mercuric wax. Used daily for awhile this will be found wonderfully effective.

dealings are had, are willing to furnish a cash bond to assure the Russian agents against being arrested. Naturally no one will risk the loss of a considerable sum through the doubtful broadness of any minor official, and such a regulation would mean the practical exclusion of German industry from the Russian field.

Another of these unfortunate incidents was the arrest in Cologne of Captain Polikow, of the Russian marine ministry. He was charged with the possession of a German passport, but the incident was a further trial for Russia's patience. It is not likely that there will be an out-and-out trade war or boycott, but it is felt by many Germans in high places that Russia is carrying on what is called in German idiom, "a policy of pin pricks," and that it is doing nothing to check the growth of anti-German sentiment.

On the Advice of His Doctor

He Used Dr. Chase's Ointment for Protruding Piles With Splendid Results.

Too often a doctor can only think of an operation when asked for a treatment for piles. Some are sufficiently broad-minded to use the most effective treatment available, which is undoubtedly Dr. Chase's Ointment, as was proven in the case referred to in this letter.

Mr. Simon E. Jones, Railway street, Inverness, N. S., writes: "I have found Dr. Chase's Ointment the best treatment obtainable for protruding piles. For three years I suffered from piles and was advised by a local physician to try Dr. Chase's Ointment. I had tried many treatments in vain, and therefore knew which is the best. I can highly recommend Dr. Chase's Ointment, and you are at liberty to use this statement."

The record of cures of every form of piles which stands behind Dr. Chase's Ointment is the strongest guarantee you can have that it will promptly relieve and cure this ailment, even in the most aggravated form. 60c. a box, all dealers.

REV. WILLIAM LAWSON
IN FAREWELL SERMON

Rev. William Lawson, who has been pastor of Zion Methodist church during the last four years, preached his farewell sermon last evening. During the service he spoke of the regret he had for leaving this church and the people forming its congregation. He expressed the hope that the church and congregation would be greatly blessed and also expressed the hope that Zion church would in reality develop into the church of the people, and that new buildings of modern type would soon be erected. These buildings, he hoped, would be equipped with up-to-date gymnasium and reading room and be one of the centres of attraction for the young people of the community.

Rev. Mr. Lawson's sermon was well suited for the occasion and throughout its course he urged his hearers to be aware of the little sins and to follow the teachings of the Gospel, for this only could save them.

During his ministry he had endeavored to keep the message of Jesus Christ ever before them. These buildings, he hoped, would be equipped with up-to-date gymnasium and reading room and be one of the centres of attraction for the young people of the community.

Thought Nothing But Death Would End Her Misery. WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes: "I have been a great sufferer from heart disease, and feeling valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, as I am now completely cured, and can eat and sleep as I have not done for years.

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 80 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
