How You Can Remove Every Trace of Hair

(Toilet Talks.)

A stiff paste made with some powdered delatone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

EXHIBITION SHOWS DEFICIT BUT MONEY WAS WELL SPENT

Outbreak of War and failure of Pike Concessionaire to live up to undertakings cause of financial loss—Annual Meeting of Association.

The annual meeting of the St. John Exhibition Association was held yesterday afternoon. The directors' report was adopted, showing a deficit of \$5,944 on this year's exhibition.

The following directors were elected: R. R. Patchell, W. W. White, F. C. Smith, G. A. Kimball, R. O'Brien, C. B. Allan, R. B. Emerson, F. A. Dykeman, Alex. Macaulay, E. L. Rising, A. O. Skinner, F. W. Roach, W. P. Burditt, M. E. Agar, S. L. Peters, T. H. Estabrooks, J. B. Dargatz, W. S. Fisher, Hon. J. A. Murray, F. E. Holman and F. B. Schofield.

The Directors Report.

The directors report was as follows: Being St. John's turn, in 1914, to receive the provincial grant, preparations were early made for the holding of an exhibition which would be as decided a success as that of 1912.

Everything was going favorably and the work was well in hand when war was declared. From that time forward our efforts were greatly handicapped. The Barrack Green was placed at the disposal of the volunteers of the first contingent and all outside work ceased during their occupation.

The work on Carmarthen street, in front of the new army, was delayed by the military preparations as the use of this street was barred to us when it was most needed. Because of the war the Nova Scotia exhibition was abandoned and as a rumor got through the country that St. John had also given up the intention of holding an exhibition an additional advertising campaign, at some expense, was necessitated.

The attendance was also materially affected by the war, but the worst feature of all was the absolute failure of the concessionaire of the Pike, privileges to live up to his undertaking. The amusements on the midway were not at all of the standard character for

the amusement halls contained no regular programme. As a result of these conditions the financial statement shows a loss for the year's exhibition of \$5,944.22, so that the association's available funds are now reduced to \$2,800. While this loss is greatly to be regretted from the association's standpoint, the impetus to trade resulting from the exhibition has proven of immense advantage to the city, and the merchants generally have been most enthusiastic in their approval of the decision to carry the exhibition through in spite of all the adverse circumstances which confronted it. The reduction of our cash balance presents a serious problem in the undertaking of an another exhibition on the scale attempted this year, and in 1912, as the association could not afford to suffer another loss such as this year's.

Your directors have also to advise having loaned to the Imperial Remount Depot all the association's facilities to be used in connection with the shipments of horses to the theatre of war. The Imperial authorities have undertaken to restore everything to the same condition as when taken over, and your directors feel that it is a matter of congratulation that the association's facilities should prove so eminently adaptable to the purposes of the remount commission, and thus we are able to add our quota to the Empire's services.

(Signed) R. O'BRIEN, President.

Treasurer's Report.

The treasurer's report showed total receipts of \$31,003.33, and total expenses of \$36,947.55, making a deficit for the year of \$5,944.22. General admissions amounted to \$11,571.85. Private money was paid out to the amount of \$13,136.85. Special attractions cost \$5,873.04.

JAMES MCLAUGHLIN DIES AT MILL COVE

One of Pioneer Settlers and held in high esteem—Father of Rev. C. J. McLaughlin.

Mill Cove, N. B., Nov. 10.—The many friends of Mr. James McLaughlin in this community heard of his death on Sunday evening with deep regret. While deceased had been in poor health for some time past still his death came as a great shock to his family and friends. Mr. McLaughlin was among the early settlers in the Lake Shore district, and was one of the most prosperous farmers in the whole county. He was a man of kindly and charitable disposition and enjoyed the acquaintance of a large circle of friends. Besides his wife he leaves the following sons and daughters to mourn their loss: John D. Messers, George, Bennett and Frank of the J. D. McLaughlin Lumber Company, Perth, N. B.; James and Annie at home; Mrs. Mercer, Minot; E. B. McLaughlin, Montreal; and Father McLaughlin, of St. John. The funeral took place on Wednesday afternoon, and was largely attended. Service at the church were conducted by Father Conway, of Chipman, assisted by Father Locary of Riverview. Father Conway in the course of his sermon paid a high tribute to the deceased. Interment was in the family lot of St. Patrick's church burying ground.

Wrinkles Disappear As If By Magic

"In the removal of wrinkles, I have discarded cosmetics entirely," writes Mrs. Corns, the celebrated Parisian beauty expert. "The results they produce are deceptive and never permanent. Massaging is only a temporary relief, and it is so slow a method."

"I've never seen anything work such wonders as a simple, harmless solution any woman can prepare and use at home without the least trouble. A half pint of witch hazel and an ounce of good powdered asphalt are all you'll need. Mix the two and apply this refreshing solution to your face daily. The effect is marvelous—instantaneous. The skin becomes firmer, tighter—every wrinkle and sag is affected. You feel so refreshed after using the wash, you look refreshed, too, soon you will look ten years younger."
