some of the troops began on Saturday, it is declared, and several transports bearing contingents of these troops homeward bound will leave shortly. According to the Ahti Orr Blatta, most of the Von Der Goltz troops have declared themselves willing to return to Germany, only a small part of one division being undecided as to its attitude. The withdrawal, according to the same newspaper, is taking place under the command of General Von Der Goltz, as General Ehrhardt, who was appointed recently by the government to take charge of the evacuation, has not yet arrived on the scene.

most blood and body builders—the best to which I have ever had recourse. "It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or healthy, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Manufacturers Note.—Nuxated Iron, which is prescribed and recommended by above by physicians, is not a secret remedy but one which is well known to druggists. Unlike the older iron-pigment products it is easily assimilated, and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Watson's Drug Store and all other druggists.

CITY ASKED TO PLACE MAINS THROUGH PRIVATE PROPERTY

Matter of Water and Sewerage for Armstrong and Bruce Property Referred Back to Commissioner — Sewers Wanted for Lancaster Street for Housing Commission Dwellings—Routine Business Transacted.

There was a session of the city council yesterday. Com. Jones wanted to provide water and sewer facilities for property owned by Armstrong and Bruce on Mount Pleasant; Com. Fisher said the work proposed was of a private nature and would set up a dangerous precedent; and the matter was referred back. Com. Bullock complained that he could not get consideration of his request for water and sewer extensions on the West Side where the housing commission proposed to build twelve houses. Com. Fisher complained that he could not get consideration of his paving programme.

Com. Bullock recommended that the action of the city engineer in instructing Richard R. Lee, the contractor, for renewing the cross wharf between the two Rodney wharves to renew some of the timbers on both sides and in the centre of the said cross wharves, the city supplying the timbers, from the haulage recently purchased from John E. Moore be approved, estimated additional cost being about \$400. Adopted.

The committee of the whole recommended that the commissioner of water and sewerage be authorized to expend the sum of \$2,000 out of maintenance account in order to provide sewerage and water facilities to the property of Messrs. Armstrong and Bruce, Mount Pleasant street, upon Messrs. Armstrong and Bruce endorsing into an agreement satisfactory to the city solicitor, guaranteeing the annual payment of 10 per cent. on the total cost of the work until such time as the revenues therefrom amount to said 10 per cent., and provided that the approval of the Town Planning Commission be first had and obtained.

Com. Fisher said the city proposed to construct a private sewer and service water pipe—work that was unusual for the city to undertake. The city would get paid for the work, but would have to keep the pipes in repair. Only six houses were concerned, and the revenues would never exceed 10 per cent. Besides the water rates were to be applied to the cost of constructing the facilities. What is the city would be giving away the water. Com. Fisher therefore moved that the matter be referred back to the commissioner of water and sewerage.

Com. Jones said Armstrong and Bruce were ready to go ahead with new construction if given water and sewerage facilities. If Com. Fisher wanted more information he was willing to have it referred back.

Com. Fisher—"I don't want any more information." Com. Bullock said the season was late and they should not hold up house construction when there was such a need. Other properties would be served. Anyway 10 per cent. on capital was a good investment. The proposition was a good one.

The mayor thought they should have further information. Were they establishing a precedent in constructing water and sewer mains on private property?

The matter was referred back. The committee of the whole recommended that Chester G. Beveridge be given a lease of a site 40 x 20 feet for the purpose of erecting thereon a building for the sale of fruit, candy and tobacco, lease to be for one year from 1st November next at annual rental of \$350, payable monthly. Building to be erected to the satisfaction of the city solicitor, lease to be prepared by the city solicitor and to provide that it can be terminated at any time on receiving one month's notice. Approval of the Board of Fire Underwriters to be obtained before the building is erected. Adopted.

The committee also recommended that Messrs. John Kemp and G. H. Cummings be granted the privilege during the will and pleasure of the common council of placing a lunch wagon on the site formerly occupied by George W. Parlee for a similar purpose. The term to be monthly commencing 1st November next at a rental of \$10 a month. Adopted.

The committee further recommended that the estimate of cost of work required to be done on the East Side ferry slip under contract with S. Herbert Mayes be increased by \$850, and that the work be outlined in the report of the city engineer submitted herewith be proceeded with. Adopted.

On motion of Com. Fisher the N. B. Telephone Co. were granted permission to establish poles, guys, etc., in Sydney, Sheffield, Pitt, Broad and British streets, subject to the supervision and approval of the road engineer.

Com. Jones—"The work should be done under the direction of the city engineer. I think there is a regulation to that effect." Com. Thornton—"Putting up poles for lighting I have always been referred to the road engineer."

The common clerk explained that there was no by-law on the matter, but companies under an act of legislation.

James Macaulay of Wentworth street. The ceremony was performed by Rev. F. S. Dowling in the presence of immediate friends and relatives.

The bride and groom were unattended. The bride was becomingly attired in a navy blue travelling suit with black hat and a black shawl. After the ceremony Mr. and Mrs. Macaulay left by boat for Boston, where after a honeymoon trip they will make their future home. Many beautiful presents were received including a check from the firm of Baird and Peters, with whom the bride was employed, also a chest of silver from the staff of that firm. The bride is a sister of E. R. and H. C. Robertson of this city.

McMillin-Delaney.

A wedding of interest took place in St. Peter's church at 7 o'clock yesterday morning, when Miss Ethel Mary Delaney, daughter of the late

Mr. and Mrs. Arthur Delaney, was united in marriage to William J. McMillin of Crockett and McMillin Drug Co., Ltd. Miss Delaney, who is a graduate nurse, returned from overseas a few months ago. The ceremony was performed by Rev. C. P. Carleton, cousin of the bride, in the presence of immediate relatives. The bride, who was given away by her uncle, Edward Carleton, wore a very pretty suit of taupe velour with black hat and ermine trim and carried a bouquet of Ophelia roses. She was attended by her sister, Mrs. Kathleen Sweeney, a matron of honor, who was becomingly attired in grey crepe de chine with hat to match, mink fur and wearing a corsage bouquet of roses. Morris Lundy, nephew of the groom, acted as best man. Professor Delaire presided at the organ and as the bride and groom left the church played the wedding march. During the ceremony Miss Florence Klervin sang Ave Maria.

Following the ceremony the party drove to the home of the bride, 24 Adelaide street, where a dainty wedding breakfast was served, after which Mr. and Mrs. McMillin left on an automobile tour through New Brunswick and Maine. The bride's going away costume was brown velour with hat to match and mink fur. Returning, they will reside at 40 Elliott row. They were the recipients of a large number of magnificent presents.

TO BOLSTER UP THE FRANC

Capital Will be Kept at Home and Imports Revised.

Paris, Sept. 25.—The Matin learns that the French Government, in order to remedy the exchange crisis, will energetically repress all infractions of the regulations regarding the sending of capital out of the country.—Central News.

The "Figaro" says it learns that orders given abroad will be subjected to severe revision. Orders given to England will especially be reduced to those articles alone that it would be impossible to procure within a reasonable time in a market where the exchange is more favorable. The "Figaro" says it is even in a position to announce that a big order for lace and tulle looms which was going to be placed in England will, at the request of the lace manufacturers concerned, be sent to another country, where the franc is at a premium.—Genter.

("Another country" presumably means Germany.)

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

CAIRO STRIKE MANIA

(By H. A. Bradstreet, Daily Express Correspondent.)

Cairo, Oct. 8.—The strike mania, which has been raging for two months, is accompanied by the formation of all sorts of ridiculous unions. The League to Pay No Rent is an example.

Sir William Willcocks, writing in the Egyptian Mail today, scowls the Residency and its British advisers of criminal negligence, particularly in the administration of the Government service. He asserts that favoritism in promotions is estranging competent Egyptians and reducing the Protectorate to a sham.

The Revolutionary Committee of El Acher Mosque has ordered that there shall be no violence before Lord Milner's commission begins its work.

Malta, Sept. 29.—The Essex Regiment, which is now on its way to Malta, and the Worcestershire and the Gordon Highlanders, which had been detailed for duty at Malta, are now not coming here. It is stated that their services are required in Egypt.—Renter.

WEDDINGS

Owens-Brickley.

A wedding event of much interest was solemnized in the Cathedral with nuptial mass Wednesday morning when Rev. Wm. Duke united in marriage James T. Owens, formerly of this city, and now of Cambridge, Mass., and Miss Elizabeth May Brickley of this city. The bride, who was given in marriage by her brother, William Brickley, was dressed in white satin with veil and orange blossoms and carried a bouquet of white roses. She was attended by her sister, Miss Josephine Brickley, as bridesmaid, dressed in pale green Georgette crepe and wearing a dark brown felt hat with ostrich trimming. She carried a bouquet of pink roses. Following the wedding a dainty breakfast was served at the home of the bride's brother, Wm. Brickley, 84 Dorchester street, and later Mr. and Mrs. Owens left for Cambridge, Mass., where they will reside. The groom has but lately returned from overseas, where he served with the American forces in France. He and his bride have many friends here whose best wishes will follow them for future happiness.

Riley-McCurdy.

The wedding of Thomas Riley of this city to Miss Mary Kathleen McCurdy, daughter of John McCurdy of North End, was celebrated yesterday morning at six o'clock in St. Peter's church by Rev. James Woods, C. S. S. R. The bride was neatly dressed in a grey suit with hat to match and carried an ivory covered prayer book. She was attended by her sister, Miss Margaret McCurdy, who wore a blue suit with black felt hat. John Lavery was best man. After the ceremony a dainty wedding breakfast was served at the home of the bride, 270 Main street. Many valuable and useful wedding gifts were received, Mr. and Mrs. Riley will reside in St. James' street.

Macaulay-Robertson.

A wedding of much interest to friends took place yesterday morning at eight o'clock in St. Andrew's church, when Miss M. Estella Robertson, daughter of the late George G. Robertson of this city was united in marriage to Walter Macaulay, son of
