She refused, whereupon he walkor eight terrible blows all round her head, smashing her skull into a thousand bits and reducing the head to a mere mass of bloody pulp. Either blow would have caused death, and most of them were delivered after she had ceased to exist. Her cries alarmed the neighbors, who have detailed to inform the relies. Management

founder of Methodism was an immersionist.

Mark Twain, in a letter to the N. Y. Tribune in favor of life rafts on steamships in place of boats, says: "Nobody understands davit-falls but a sailor, and he don't when he's frightened; but any goose can heave a life raft overboard, and then a wise man can throw him after it." He allows that "boats have sometimes gone away with people, and taken them to land, but such accidents are rare."

The Senate of Massachusetts has wisely withdrawn from a dangerous innovation which it had rashly ventured upon. A bill had reached its third reading which provided that a dozen eggs should weigh a pound and eight ounces, when the legislators, startled at their own temerity, threw the bill out by a large vote. There must certainly have been trouble with the hens if this bill had become law. To oblige these useful and ordinarily peaceable fowls to regulate themselves in this
