It is the duty of this Committee to take into consideration, without a special reference, all Petitions for Private or Local Bills that may, from time to time, be received by the House, and to report in each case whether the provisions of the Rules, with regard to the publication of Notices, have been complied with.

The Committee were Instructed (on 2nd October,) to enquire and report as to whether or not the Petitions presented during the last Session of Parliament, for Private Bills, may serve during the present Session, for the introduction of such Bills; and whether it is necessary that such Petitions be referred by the House to the Committee, or what other proceeding should be had to bring said Petitions under the notice of the Committee.
