The instruction of the processor is a most of the processor of the proc one falls by himself. If Lord Lossonderry's ancestors are what they are represented in this cablegram to be shat is nothing to him except in the case of lineage. If he has inherited the vices of his ancestors, he is not to blame. Humanity is too generous to access anyone of what may have been inherited or acquired by circumstances over which there is no control. Yet Lord Londonderry has been appointed to a lofty postition and Lord Churchhill to the leadership of the House of Commons. Both are obtains such positions without being worthy of them in themselved or put there by men who are for the time being responsible for the welfare and destiny of the nation.

If you have an "swelled head," nausiated stomach, and unstrung nerves resulting from the "convivial party last night," the sure and safe way, to clear the colwebs from the brain, recover the zest for food, and tone up the nervous system, is to use Dr. Pierce's "Pleasant Purgative Pellets." —Poor Snodhopper is dead," remarked Smith.

All our carriages are new and the latvest candy.

The Manufacture of "Stick" Candy.

The "stick" candy which seems to be an indigenous American product, is ordinary "A" sugar boiled down with water and a little cream of tartar to prevent crystalization. The mass is taken in batches of about fifteen pounds to a marble table, where it is kneaded like bread, and the flavoring and coloring worked in. The paste then goes to the 'pull-ing hooks," where for five or six minutes it is well-and twisted. Thence it returns to the marble table, kept hot, on which is worked into the batch, two feet long and a foot thick, and it is then drawn and twisted.

A trinity of evils, Liliousness, constipation and dyspepsia usually exist together. By disciplining the liver and toning the stomach simultanously, they can be eradicated. The promptitude and thoroughness with which Northrop & Lyman's Vegetable Discovery and great blood purifier removes this trinity of physical evils is a fact widely appreciated throughout Canada.

His cardinal's hat cost Archbishop Gibbons between \$20,000 and \$24,000. And men will probably continue to inveigh at the expensiveness of female millinery. Probably not one bonnet in a dozen costs so much as the archbishop paid for his hat.
