Ferrier Herd's Bell Phone, C.P.R. Station, MT. ELGIN, ONT.

MONTREAL BUTTER AND CHEESE

Montreal, Saturday, Dec. 14.—The market for cheese this week has been very dull, practically nothing doing. The little demand that prevailed last week has been satisfied, and the market now is starting to pick up. The winter condition, and dealers generally look for no trade until after the holidays. The stock of cheese is still very good. The goods held for English accounts, the unsold portion being almost entirely white cheese. Colored cheese are scarce and command a stiff premium.

The market for butter is steady on finest qualities, but low prices are being quoted for fresh receipts. The winter condition in character and generally unsuitable for keeping; and, as they must be disposed of very quickly, dealers are forcing the sale by reducing the price, and really good November butter can be bought at 25c a pound, and in some cases 23 1/2c is being accepted in order to effect a clearance. Friday September and October goods are being held firmly at 30 to 31c. New Zealand is beginning to arrive and most of this has been sold, but rain and delivery throughout the winter at prices ranging from 30c to 31c a pound.

OUR FARMER'S CLUB

Correspondence Invited

PHINCE EDWARD ISLAND.

KING'S CO., P. E. I. LOWER MONTAGUE, Dec. 4.—Nov. 25th brought the first snowstorm, and although very early, but rain came and took it all away. No frost yet. Those who shipped apples to the Old Colony report good prices for the right stuff. A large lot was sold to the English market. Prices for eggs, 36c; turk, 36c; pork, 7c to 9 1/2c per lb.; lamb, 4c to 4 1/2c live weight.

ONTARIO

NORFOLK CO., ONT. BRRE, Dec. 15.—Weather conditions at the time of writing very cold, with high winds. The wheat has commenced the winter with a good green top. Local dealers are shipping chickens and geese live weight at 1 lb., dressed, 15c. A large lot was shipped to the English market. Prices for eggs, 36c; turk, 36c; pork, 7c to 9 1/2c per lb.; lamb, 4c to 4 1/2c live weight.

GREY CO., ONT.

RAVENNA, Dec. 2.—Continued wet weather has interfered with the work. Farmers have got their root crop all housed in good condition. Pastures have continued excellent all fall. Cattle look fine, and are going into winter quarters better this year than they have done for some time. Plowing is not all done and won't be, for the land has got such a soaking it is almost, if not impossible, to do anything further this year. The threshing is done, but some of the grain turned out fine, but those that were left have had it blighted, and when it came to be threshed it turned out only a half a crop. Wheat was 1.00 to 1.05 per bushel.

BRUCE CO., ONT.

WALKERTON, Dec. 9.—After coming through one of the worst spells of autumn weather I think we are better off than we have been for years, we have finally caught up with our work, with the exception of plowing. Only about 75 per cent of it has been done. The great amount of water on the land prevented under draining, as the most of it is done during the fall. Wet weather has had a bad effect on the general appearance of all horses, causing a heavy coat of hair, which appears dry and coarse. Boots of all kinds have been safely housed for the winter. Hides are plentiful, but is not of first class quality. Hay and coarse fodder is sufficient for the winter feeding. Cattle, \$1 a head, \$3.50; butter, 25c; hay, 85c; straw, 85c; eggs to 84c and calf, 89c a ton—J. A. L.

BRITISH COLUMBIA.

NEW WESTMINSTER DIST., B. C. CHILLIWACK, Dec. 12.—The growing lovely weather. We have had no frost so far. Raspberries are sending forth another supply of berries. The strawberries have been in and quite a number of ripe berries can be had in the gardens throughout the valley. An apple tree on Gibson Road is in full bloom—J. C.

TREMENDOUS PRICES FOR HOLSTEINS

Editor Farm and Dairy.—The Holstein breeders had a great sale in Syracuse, from which I have just returned. I did not see it all, and, therefore, cannot give you the average of prices.

A yearling daughter of Pontiac Korndyke sold for \$1,000.00, and a two-year-old heifer consigned by Mr. John Artmann, and which had a bull calf at side, a little less than 24 months old, sold for \$1,250.00. A. S. Chase, Woodstock Farm, Rifton, Ulster, N. Y.

AYRSHIRE NEWS

Farm and Dairy is the recognized exponent of the Dairy interests of Canada. Brokers of Ayrshire Cattle and all members of the Canadian Ayrshire Breeders' Association are invited to send notices of latest to Ayrshire breeders for publication in this column.

Last week at the Guelph Winter Fair we learned that Mr. N. Dymont, of Hamilton, who was so successful with his Ayrshires, winning three firsts and one second, has purchased from Mr. W. W. Ballantyne, of Stratford, Ont., a bull to head in hand, which Mr. Ballantyne claims to be, by far, none the best Ayrshire for performance of any bull in Canada.

He is sired by Duke of Ayr, a son of the Champion R. O. P. cow, Primrose of Tanglewyld. His dam is a daughter of the second highest R. O. P. cow, Annie Laund, and she is also a daughter of the highest R. O. P. bull—greatest number of daughters qualified in R. O. P.—this bull being "Scottie," also bred by Mr. W. W. Ballantyne. The dam has made a record as a two-year-old of 7,728 lbs. milk and over 8,000 as a three-year-old in a little over nine months.

Mr. Ballantyne is offering for sale some very richly bred R. O. P. Ayrshires, both males and females. Note his advertisement in this issue.

AN IMPORTANT DECISION

One of the most important decisions to breeders of registered cattle, given in a court of justice, was the finding of the jury in England, in the case of the Court at the Original on Dec. 12th. The action was taken by G. D. Mode, of Vanhook Hill, Ont., against his neighbor Vogan, who allowed his grade cow to trespass Mode's property on May 7th last, when there he served the Ayrshire cow, Ellen, which he allowed his production of milk and fat. Ellen holds the second highest Canadian Ayrshire record for milk and first place for butter fat production.

Shortly before Ellen served her calf, this bull her owner was offered the handsome sum of \$1,000 for her, which offer he accepted.

Brought the Business

Find enclosed P. O. order, \$5.00, the amount of your bill for my advt. It brought me considerable business. Decot, Lougheed, Wodehouse, Ont.

fused. Mr. Mode had been offered first money for her progeny as well, largely on the strength of her record, but as he was desirous of keeping up a herd noted for production he refused to sell Ellen or her progeny. The bull entered on Mode's property through Vogan's fence, which was in a bad state of repair. After the cow was bred Vogan did not appear to consider the cow damaged to any extent, and would not make settlement. Mr. Mode then entered an action to recover damages to the extent of \$500.

Two days were taken up with the trial, which took place at L'Orignal, under Judge Johnston. A large number of witnesses were called for either side. B. E. New of Howland, and J. E. Heston of Huntington, were Mode's most important witnesses on the value of cow and progeny. Judge Johnston, in summing up the case, did not put any value on the points—pedigree and records. The jury, after being out an hour, brought in a verdict of damages to the plaintiff of \$50. This, with the costs, will amount to over \$400. As far as we can learn this is the first case of this nature that has come before Canadian courts.

It is wonderful how that pile of manure does grow when it is distributed to on the fields each day.

AYRSHIRES

Tanglewyld Ayrshires

Champion Herd of Highest-Testing Record of Performance Cow—choice lot of Young Bulls and Bull Calves for sale from R. O. P. dams, and by Royal Star of Bonnie Bree, a son of Ellen, R. of P. test, 15,623 lbs. milk and 638.40 lbs. butter.
