Burnside Stock Farm, Howick, Que.

CHEERY BANK STOCK FARM

FOR SALE—Bull calves, sired by Meth. erahll Milkman, the champion bull of Canada. One of the two best sired by Morton Maine Quebeby, Junior, Champion at Toronto, 1909, and by Meth. erahll Dole 2nd, a grand 1 1/2 year heifer, and a good milker. Also females any age. Satisfaction guaranteed. Nothing but the best, is on our motto. Visitors welcome.

P. D. McARTHUR, North Georgetown, Howick Station O-6-8-10 Que.

R. Ness, of Howick, Quebec, and left Howick on March 17th. This lot is billed to go under the hammer at Lacombe on April 1st, a mistake not this is the sixth car lot of Ayrshires taken west by Mr. Clark. This lot comprised eight young cows ranging in ages from four to six years, seven heifers ranging from one to six years, one two year old, and two yearling bulls. Mr. Ness supplied several and the others were secured from the herds of J. P. Cahers and Chas. W. Moo, of Howick, Arch. Cameron, Dewittville, Wm. Brown, and J. A. Logan, Howick; S. A. Clelland, Hemmingford, and James McKell, Riverfield.

They were an even, typical lot. The bulls were of choice breeding; the cows all looked like producers, and the heifers give promise of combining quality with utility.

MR. TRIMBLE'S SHIPMENT

Satisfied with his venture last year in coming east twice and personally selecting, and having another lot consigned to him, Mr. Trimble lately arrived from the west, and with the assistance of Mr. E. Ness, has made another choice selection, numbering in all 23 head. This is an exceptionally fine lot, made up of 12 young bulls, nine cows and heifers and three calves. Five of the young bulls Mr. Ness selected last December from the herd of H. M. Parlee, Sussex, N. B., sired I presume by his champion bull, Lord Edward of Spruce Grove, and all from imported dams. They are a grand lot. The one coming two next October was the winning bull under one year at the Maritime fairs last year. The other was the six months old winner at the same fairs. P. D. McArthur, North Georgetown, was the choice yearlings; James Bryson, Brysonville, was the choice 2 year olds; A. Clelland, Hemmingford, a useful yearling, and the veteran Ayrshire breeder, Geo. Bustard, Hawlock, a well brought out

few. Two choice females (a 2 year old cow and two year old heifer) were selected from the herd of Charles G. G. Ormston; from James Bryson, two grand cows, five years old; from James McKell, a grand young cow, six years old; from J. W. Logan, an extra choice four year old cow, a grand dairy type cow from Williston, and two fine young cows and three heifer calves from the herds of Mr. Ness.

Made a choice shipment and Mr. Trimble is to be congratulated on the selection, which will not only redound to his credit, but to the advantage of the breed at the west. Some of the best Ayrshires in Ontario and Quebec have lately received inquiries from the western provinces and we look forward to other consignments in the near future—W. C. Stephen, Sec. C. R. A. A.

CRUMB'S IMPROVED WARRIOR STANCHION

My barn that was burned was fitted with Crumb's Improved Warrior Stanchion. It has not been for the ease with which I can change the width of my stalls. I should have just my own for the same price.

WALLACE B. CRUMB, Box 102, Forestville, Mass.

Dr. Bell's Veterinary Medical Wonder cures kidney, inflammation of lungs, bowels and glands. It is a specific in all cases of kidney trouble. Write for a free trial 3¢ bottle. This offer only good while limited.

Cattle of both sexes and all ages for sale at very reasonable prices. O-6-9-10

GUS. LANGELIER
Stadacona Farm, Cap Rouge, Que.

FOR SALE

Holstein bull, Queen, Taeco De Kol (reg.) 4 years old, produced milk 65 lbs. and from deep milking dam. Selling to a farmer for \$100. Price \$100. Never beaten in show ring by animal of his age. Shown frequently.

S. ARMSTRONG, Jerym, Ont.

HILL FARM AYRSHIRES

A few choice bull and heifer calves for sale. Also a grand 2 yearling bull, all from good milking dams. For particulars and prices, write to

ALEX. DOIG, Lachute, Que.

My herd is doing very good work this winter considering the shortage and the high price of feed. My mature cows are averaging from 40 to 50 lbs. a day without milks or roots. I am offering all my bull calves, reasons for sale. One is a 14 month old from Nellie's Jewel. Her record appears in Farm and Dairy for Feb. 20th, also in our report for 1909. Her time was 10:45, a calf of two she just milked 230 days. I have one half calf from an exceptional fine heifer from the west. She also has an exceptionally fine calf five months old, from Madeline B. R. O. P. Her sire was White Heather's Prince, 2nd, by White Heather, thus giving this calf R. O. P. on both sires and dam's side, Madeline B. and White Heather appearing in the report of February 20th, also in our report for 1909. In right away, including three that have qualified for Advanced Registry, one four year old with 82 lbs. of 4.23 p.c. fat, milk in 11 months; two year old heifers, with over 7,000 lbs. each, testing 4.43 and 4.56, the four year old being the dam of one of these heifers. I intend testing everything this year, and those that will not qualify will be for sale—James Beeg, Elgin Co., Ont.

THE HOLSTEINS AT AVONDALE

Avondale Farm, recently established as a dairy farm and for breeding high-class Holsteins, has attracted a great deal of attention in Leeds County during the last few months. The farm is situated about a mile and a half from the town of Leeds. The owner, Mr. Arthur C. Hardy, intends his chief work to be the raising of high-class Holsteins, and has already got a small but choice herd together. He has a pair of the sire is Prince Hengerveld Peitje, an imported two year old bull, whose sire is Imported 22nd of Leeds County. The great bull belonging to the Woodcrest Farm at Rifton, N. Y. This bull's dam is Pieterje 22nd, claimed to be the greatest cow ever imported having produced 31.66 pounds of butter in seven days. His sire being Homestead Girl De Kol of Saratoga County, whose 15 daughters sold at the last June sale at Syracuse for an average price of \$510. The Princess Hengerveld's dam is Hengerveld De Kol, a daughter of the great Hengerveld bull, she having made 20.34 pounds of butter at 23 months, and is considered one of the best of her kind. Her sire is A. Cortelyou, Somerville, N. J. Her average fat in this record was 4.24. Her dam is Princess Johanna Rus, daughter of Johannus Rus of Leeds and her dam is also equally high in butter fat. This bull is as good an individual as he is well bred. U. S. and Canadian records are held by him. Amongst other families the herd is bred Lady Waldorf De Kol with 30.15 to her credit and Galatia Echo with over 11 records. The best cow ever imported in the young stuff at Avondale Farm is Dionie's heifer calf sired by Gordon. Marshard's fine bull Brightest Canary, also Lady Woodcrest's fine cow heifer calf sired by Pieterje 22nd.

I enclose \$1 for my renewal to Farm and Dairy. I have read the paper since it was first started many years ago. Farm and Dairy is the best farm paper printed in Ontario. I have tried the all and have gained many dollars from what I have found in Farm and Dairy—Johnson Robins, Lincoln Co., Ont.
