PEASE "ECONOMY" FURNACE

"I save money each year for 'Economy' owners—the coal bill shows it."

My "Economy" employers are the lucky ones. Why I have attended one "Economy" Furnace for 19 years. No expense for repairs, no bother, no worry—just absolute heating satisfaction, year in and year out. It's because it's built right—every section from heavy, durable material, in the most scientific design. Take the firepot—its peculiar shape makes for fuel saving. It widens slightly at the bottom. The fuel cannot become congested, smothering the fire. It settles evenly and loosely on the grate. Every particle is consumed—every possible heat unit extracted. No waste—no ashes to sift—the "Economy" cuts out that dirty, disagreeable, expensive job. For economy sake you should know more about the Pease heating system. Investigate "Economy" features. Watch for my next talk.
