

# Concrete Roads Exceed Farmer's Expectations

THIS LETTER FROM MR. GEO. W. BURT, of Redford, Wayne County, Michigan, shows how well satisfied the farmers of that section are with concrete roads. Nearly one hundred miles have been built in Wayne County.

"Mr. Edward N. Hines,  
Board of County Road Commissioners,  
Wayne County, Detroit, Mich.

Dear Sir:—

Our concrete roads are far ahead of the expectations of the majority of us farmers. Where we used to be two days marketing fifty bushels of produce, we now market twice as much in one day, and can go to the city anytime we want to. We do not have to wait till the roads are good so we can go. Also, our horses and waggons will last twice as long.

Hoping you will keep right on building these roads, and that the county will stand back of this movement, I remain,  
Yours truly,  
(Sgd.) Geo. W. Burt  
Redford, Wayne County, Mich.

### Concrete Roads

are the best, cheapest and most satisfactory roads that can be built. Best, because they permit bigger loads, increase land values and improve conditions generally. Cheapest, because they are permanent and require practically no repairs, which permits road taxes to be spent in building more good roads. Most satisfactory, because they are open to traffic every day in the year, lower cost of marketing and cost of living and increase the farmer's profits.

Good Roads literature telling all about concrete roads will be sent, free, to everyone interested. Write to

## BISHOPRIC "STUCCO" BOARD

for  
Rough Cast  
(Stucco Work)  
or  
Cement

This board forms a background that holds Stucco or Plaster properly. Each lath is undercut in a "V" shape so that

the plaster curls under and locks itself rigidly on—ensuring against any cracking or falling.

Dampness cannot penetrate because the Asphalt-Mastic backing in which the laths are imbedded is absolutely moisture and temperature proof.

Bishopric "Stucco" Board comes in sheets, four feet square, ready for use. There is no waste of material or time and its use will effect a great saving on the cement. Bishopric gives a better job at a reduced figure and brings the stucco house within reach of those who couldn't afford such work if done by old methods.

If your dealer does not handle our products, we will gladly send you a sample of Stucco Board and a booklet showing houses built with our materials, together with full details as to cost delivered at your home.

# Dominion Ammunition

TRADE MARK *Metallics and Shot Shells*

## Dominion Ammunition

Satisfaction from shooting *Dominion Shot Shells* is due to the careful selection of materials and the scientific method of loading, which produce a perfect balance to the shooting qualities of every shell. The increasing popularity of *Dominion Metallic Cartridges* is the result of their complete adaptability to the gun, their high velocity and hard hitting penetration, all of which insure good bags of game.
