MAP OF THE AZORES SHOWING WHERE THE SLAVONIA WAS STRANDED. FIRST CLASS COMPANIONWAY OF THE S.S. SLAVONIA

The annual closing exercises of the Rothsay College school were held yesterday. The programme included athletics at 2:30 p. m., a military drill at 3:30 by the cadets, several addresses and a dance last evening.

About fifty boys of the school under the able direction of the principal, Capt. Alward, Lieut. Hall and Ten took part in the military drill, to music furnished by the Artillery Band. The drill was greatly enjoyed by the large number of spectators present.

Following the drill the prizes were awarded by His Lordship Bishop Richardson and presented by Mrs. Richardson.

Rev. W. R. Hibbard, principal of the school, then gave a most interesting and instructive address.

My Lord, Ladies and Gentlemen:— A report of a school of this kind divides itself roughly under two heads, Work and Recreation, meaning by the latter term all the activities which are not directly connected with purely academic work. I say directly connected, for the matter has to do with the latter term all the activities which are not directly connected with purely academic work. I say directly connected, for the matter has to do with the latter term all the activities which are not directly connected with purely academic work.

The examinations held by the school have shown excellent results, but I should feel freer to report more fully on the matter had not the examinations been conducted by ourselves. I trust we shall in the future be able to secure outside examiners for most of the forms, but at present the examinations are practised by many schools by having an outside paid examiner to do all the work.

Our football team was much lighter than last year, but they nevertheless gained the reputation of playing the game for all they were worth. Great credit is due to Alward, the captain, for the way he inspired the team to put up such good fights in the face of adverse circumstances. Much credit is also due to Starnes, the captain of the track team, for his hard work in that office.

Our thanks are due to the Rev. Leonard McKel for procuring for us a holy table, lectern and reading desk, as well as to other kind friends for their gifts. Especially I should like to express on behalf of the school our thanks to the Old Boys' Association for their beautiful gift of a communion set and to assure them that no gift from them could have been more welcome.

It is also with sincere regret that I announce that Mrs. Steeves, after ably filling the position of matron here for fourteen years, has decided to seek a new home. To her we wish to tender our heartfelt wishes for her prosperity and the hope that a year's rest will completely restore her strength.

Finally, I would express my thanks to the boys for their ready response to all that I have tried to do for their benefit, also to the residents of Rothsay for the kindness they have shown to Mrs. Hibbard and myself, making us soon forget we were strangers here. Both of these things have very largely contributed to making the year such a pleasant one for us.

The preliminary sports in the closing of the Rothsay Collegiate School were run Monday afternoon. The results were: Throwing cricket ball, senior school Hall, 1; Kuhring, 2. Distance, 70 yards.

Running broad jump, junior—J. Gilbert, 1; Reid, 2. Distance, 13 feet 3/4 inch. 40 yards dash, middle—Hibbard 1; T. Gilbert, 2. Time 16 seconds.

100 yards dash, senior—Won by McQueen, 2. Time, 21.5 seconds. One-half mile race, senior—B. Gilbert, 1; J. McKay, 2. Time, 2 minutes 37 seconds.

220 yards dash, junior—Hunter, 1; J. Gilbert, 2. Time, 36 seconds. Hop, step and jump, senior—Sternie, 1; B. Gilbert, 2. Distance, 38 feet.

100 yards dash, senior—Won by McQueen, 2. Time, 11.5 seconds. 220 yards dash, intermediate—Won by Hibbard, 1. Time, 30.5 seconds. Broad jump, senior—Won by Hall, 1. Distance, 17 ft. 7 in.

Pole vault, senior—Won by G. Gilbert, 1. Height, 8 ft. 8 in. 100 yards dash, intermediate—Won by Zwicker, 1. Time, 13 seconds. Hurdles, senior—Won by G. Gilbert, 1. Time, 17 seconds.

Old boys' race, 100 yards—Won by Learmont, 1. Time, 11 seconds. Aggregate, senior, 1st prize medal. Hall and Gilbert tied for first place and will each receive a medal; 2nd, Sternie; 3rd, J. McKay and Teed.

Intermediates—1st prize, a gold medal presented by H. Gilbert, won by Hibbard; 2nd, T. Gilbert; 3rd, Currie. Juniors—1st, J. Gilbert; 2nd, Murray; 3rd, Teed.

The cricket bat for the best average, donated by Old Boys' Association, was won by G. Kuhring with an average of 11.75. H. B. Schofield's prize for manual training was won by Teed.

GYMNASIUM. During the winter months regular gymnasium classes were held twice each week in which every boy, except those who had special classes, took part. In March a gymnasium competition was held for both the senior and junior classes. In both classes, but especially in the senior, the entry was very good and the events well contested. Some time ago Dr. White of St. John kindly donated a sum of money

to the school for the purpose of founding a prize. As Dr. White has left the object of the prize to be determined upon by me I have decided it shall be given for the senior competition. The first of these annual prizes will be awarded today.

MANUAL TRAINING. The manual training department, under the able direction of the instructor, F. S. Morrison, has already clearly proved, at least in my opinion, that this training, given primarily to the hand and eye, develops all the faculties and, instead of detracting from the academic side of education, as some claim it does, is on the contrary an asset to this side of education.

It is true that there is always a danger of a manual training department degenerating into a mere workshop where the pupils can make useful articles for themselves and their friends, but where its education value is kept well to the fore, as we are endeavoring to do here, this end of the training is seen to be the least important one. What we aim at is not so much results in the way of turning out articles of neat workmanship, but rather results in the way of increasing the powers of perception and analysis, a proper estimate of the value of system and orderliness. And lastly, but by no means least, there is the moral training which comes as a result of being impressed upon the pupil the only the very best efforts are good enough for even a trivial piece of work and the very worst fault one can commit in the work is to attempt to hide any flaw which is due to carelessness. In this connection I am pleased to be able to announce that Mr. Morrison will become a member of our regular staff next term. Having Mr. Morrison with us all the time, instead of only one day in the week, will mean that we shall be able to use our equipment to more advantage.

I should also like to say a few words about the new road of St. John. This new road, which is now under construction, will be a great benefit to the community. It will not only improve the appearance of the town, but it will also make it easier to get to and from the school building. This year the school building has been completely renovated and is now a fine example of modern architecture. The new road will be a great asset to the school and to the town.

BETTER ROADS. The Automobile Association have a man on the job of roads of St. John, Kings and Queens counties for June, July and August, making small repairs.

The expense is borne by the motor car owners to show that they are willing to help the Good Roads campaign.

CAPTURED WITH GOODS ON HIM. CHATHAM, N. B., June 15.—Fred H. McQueen, alias Fred H. Brown, was arrested early this morning at the Grand Downs, about twelve miles below Chatham, by Chief of Police Lawton, on a charge of being a thief. The Loggieville robbery last month, when over five hundred dollars worth of goods and money was taken from O'Leary and Montgomery's store, Brown's possession were found in his trunk. The stolen goods were found in his trunk, and on the chief asking how he had got them he said that he had bought them. All doubt on this head was, however, settled by a police officer, who positively identified the goods as part of those stolen from the store. Brown was taken to Newcastle and remanded for a week.

Brown was formerly a chum of Belyea, the Scott Act spotter of Fredericton, who was arrested last February on a charge of perjury. Brown came here at that time and has been in this vicinity since then.

BUSINESS BODIES. BOSTON, June 15.—The formation of what is believed to be the largest commercial organization in the country was completed today when the old Merchants' Association, Chamber of Commerce, Board of Trade and other bodies of special business associations, united as the New Boston Chamber of Commerce, with a membership of 3,600 and an income of \$100,000 a year. Its objects are "to promote the commerce, industry and public interests of Boston and New England." New by-laws were adopted by the general meeting of the leading business and professional men. The twenty-five directors elected met tomorrow for the election of officers for the first year.

The union of three leading bodies is locally regarded as a notable indication of the co-operative spirit.

NOVA SCOTIA MAN IN A SENSATIONAL CASE

Is Defendant in a Suit for Alienation of Affections

BOSTON, June 15.—Some testimony that appeared to interest the crowd was given by Edward S. Hay, husband of the defendant, and a colored valet in the sensational alienation case of John Laxton, of Nova Scotia. Hay said his wife seldom came home from the Boston office of Dr. Laxton until late at night and sometimes not at all. He went to the office on one occasion in the evening and heard the sound of voices within an inner and locked office, one of which was his wife's and the other he was sure belonged to Dr. Laxton.

Grenville O. Shaw, the colored valet, testified that Mrs. Hay and Dr. Laxton occupied adjoining rooms at the Lynn and Boston offices. In Lynn, Mass. Hay met Dr. Laxton in 1891 through a cousin whom he had attended. Her husband was sick and she went to the doctor for advice and medicine. He supplied both and about months later made her a proposition to work for him; which she accepted. She began working for Dr. Laxton in the city of Boston, and received a salary for attending to the fifteen or twenty letters that came every day and always being in the office when the doctor called.

Later in that year a change in her duties was effected, when her husband was in the city of Boston. She looked after mail and patients. A place was opened in Boston on Tremont street, where Dr. Laxton came twice a day. A room was added to the suite later. On Thanksgiving Day of 1905 she moved into another house. The Tremont street office were given up the same month. Court adjourned with Mrs. Hay still testifying in direct examination.

ATLANTIC CITY, N. J., June 15.—The Rev. Emma E. Nutter of the People's Methodist Protestant Church of this city, and the regularly ordained woman preacher in the state, is to wed.

Announcement was made today of her coming marriage to too young a protest. Mrs. Nicholas Longworth will take her first balloon trip, starting from Canton, Ohio, late this month. A. Holland Forbes is to make an ascension shortly after the reception to the Wright brothers in Dayton, June 17, and when he was in Washington a few days ago his stories of ballooning so stirred Mrs. Longworth that she said she wanted to accompany him.

He told the story of his trip of thirty-five hours, which recently brought him and Mr. Harmon to Corinth, Miss., spicing his tale with that hair-raising incident when rollman of Tennessee fired at the balloon in the belief that it was a huge bird. Mrs. Longworth was engrossed. She hungered for the experience of a balloon excursion. "That's fine," she exclaimed. "How I would like to have been on that journey."

"You may go," said Mr. Forbes. "My balloon is always at your disposal. You can go any time you wish, and I will be glad to have you with me. But, you know, I've got a husband who is always around and objects to any little things like these I'd like to do." Mrs. Longworth, "Now, if somebody would just take care of him for a little while, so that I could just get into that balloon and get away, he couldn't prevent it."

The subject of the conversation was that Mrs. Longworth finally arranged with Mr. Forbes that if Representative Longworth didn't object too earnestly she would take a trip in the New York immediately after the Wright celebration.

PRESSED HARD. Coffee's Weight on Old Age. When prominent men realize the injurious effect of coffee and the change in health that Postum can bring, they are glad to lend their testimony to the benefit of Postum.

A superintendent of public schools in one of the southern states says: "My mother, since her early childhood, has been a coffee drinker. She has been troubled with her heart for a number of years and complained of that 'weak all over' feeling and sick stomach."

"Some time ago I was making an official visit to a distant part of the country and took dinner with her. She carried a large bouquet of coffee, and asked him concerning it. He replied that it was Postum.

"The services were at high tension, the preacher being engaged in calling sinners to the mourners' bench, when the yellow-jackets began to dart out from their nests, and sting salins and sinners alike.

In a few minutes there seemed to be thousands of the spiteful insects flying about the church, and carrying their stingers into the brethren and sisters. The preacher was one of the first to be stung, and the pain put a stop to his exhortation.

The women screamed when struck by the bees, and many of the men said "bad words."

After standing for the stinging a few minutes the congregation got into a panic and bolted from the church, leaving the editor in possession of the yellow-jackets.

There are 500 men, women and children in Boston tonight putting lotions on "stung" spots. Tomorrow an effort will be made to destroy the yellow-jackets and resume revival services.

CLERGYMEN ON STRIKE. BERLIN, June 15.—The Protestant clergyman at the provincial prison at Legnitz has struck, the magistracy having refused to raise his salary from \$100 to \$150.

Other Protestant clergymen in the town fully approve of his action and side with him. The Legnitz Protestant churches consequently are closed for the present. The Roman Catholic clergy maintain a neutral attitude.

ONLY N. J. WOMAN PREACHER IS TO WED

The Rev. Emma E. Nutter, Will Make Ascension With A. Holland Forbes at Canton, Ohio

NEW YORK, June 15.—Unless her husband puts up too strong a protest, Mrs. Nicholas Longworth will take her first balloon trip, starting from Canton, Ohio, late this month. A. HORNETS STING 500 AT A BIG REVIVAL. Yellow Jackets Land on the Parson, Then Worshippers

BOSTON, Ga., June 15.—A great revival meeting at the Baptist church here was broken up today by the swarming of yellow-jackets which had built nests back of the pulpit.

The wedding is to take place this evening at the home of Mr. Frank Graham, Moore street, of his eldest daughter, Miss Mary A. Graham, to Edward E. Ring. The bride will be unattended. She will wear a traveling suit of cream serge, and will carry a bouquet of pink and white roses. On the conclusion of the ceremony a wedding supper will be served. Mr. and Mrs. Ring will reside in Maine.

A fashionable wedding was solemnized at the Cathedral of the Immaculate Conception this morning, when Miss Mabel Edna, daughter of the late Bernard McGowan, became the wife of David Leo Howard, formerly of St. John, now with the Canadian Pacific Railway at Calgary. Nuptial Mass was celebrated at 6 o'clock by Father Duke in the presence of numerous friends and relatives of the contracting parties.

The bride was becomingly attired in a charming suit of cream Panama with trimmings of soutache braid and buttons. She wore a picture hat to match and carried a beautiful bouquet of cream bridal roses and lilies of the valley.

Miss Mollie Cronin, the bridesmaid, wore a costume of mauve with picture hat to match. The brother of the bridegroom, William Howard, was best man.

After the ceremony a wedding breakfast was served at the home of the groom's mother, Mrs. David Howard, 155 St. John street. Mr. and Mrs. Howard left on the Boston boat for a visit to the Hub. They will also spend a few days in New York and Montreal and return from there to Calgary, their future home, by way of Montreal.

The large number of presents received showed the popularity of the young couple. The groom's present to the bride was a beautiful pearl necklace, and the bridesmaid a pearl ring. Many good wishes will follow the young couple to the west.

On Monday evening Miss McGowan was tendered a dinner by her bridesmaid at 81 Mecklenburg street. Miss McGowan's gift to the bride was only one present. Miss Florence W. Ring, on behalf of the party, presented to Miss McGowan a token of remembrance, reading an original poem as the address.

There was a large number at the boat this morning and the newly married couple were given a hearty send-off. The bride's traveling suit was of grey broadcloth with a tuscany hat trimmed with red velvet and cherries.
