FOE DERIDES CONFERENCE

"Comedy of Moscow," Is The Term Applied To Russian State Convention

PEASANTS ARE BLEED

"Autocratic Government Is Exerting People To Further Mad Sacrifices"

By Courier Leased Wire.
Amsterdam, Aug. 30.—German news papers are disposed favorably toward the Moscow conference. The Cologne Gazette describes it as the "comedy of Moscow," adding that it is intended to excite the Russian people to further sacrifices. The Kreuzzeitung says: "Premier Kerensky's speech proves that the Russian Government is acting autocratically. The Russian peasant has to bleed at the Government command without knowing the Government's aims. This is the freedom which the revolution has given the country."

PEACE FOR EVERYONE

Neutral Socialists Have No Desire To See Russia Capitulate

WANT NONE CRUSHED

Socialists Desire A Peace For All Nations Of The World

By Courier Leased Wire.
Copenhagen, Aug. 30.—The Socialists of neutral countries do not wish any nation to be crushed in this war, said M. Stauning, Socialist leader and minister without portfolio, in an address today. "That reason the constantly recurring rumors that we desire a separate peace between Russia and Germany are meaningless and untrue. 'A separate peace would be in complete opposition to the interests of the international working classes. We desire peace, but for all the nations of the world.'"

HUN COAL TO SWEDEN TAXED

Ill Feeling Spreading In Scandinavia; Better Trade Relation With Entente

By Courier Leased Wire.
Stockholm, Aug. 29.—Swedish industrial and business circles are stirred greatly over an export of 25,000 tons of Swedish coal to Germany. The tax is effective at once no matter when the order for the coal was given. Germany also imposed a tax on parcel post, payable after August 15.

In some circles it is urged that Sweden retaliate by putting a tax on Swedish products, especially iron ore, but nothing has yet been decided.

Export licences for wood pulp for England, France and Italy have been extended greatly in the past two weeks. This is taken here as a sign of better commercial relations between Sweden and the Entente Powers. Altogether permission has been granted for the exportation of 130,000 tons of wood pulp. The action is supposed to be in connection with the energetic efforts of the government to persuade Swedish ship owners to send their vessels to England.
