## CLARIFIED AND BOTTLED MILK

To clarify and bottle milk is the only sanitary and up-to-date way to handle such an important product of the dairy as milk, for while it is one of the best and most necessary foods we have if properly cared for, it is certainly one of the most dangerous if neglected or carelessly handled, and should never be exposed to street dust, as is done in the ordinary way of peddling milk from large cans with open measures. The Steam Turbine Machine used to clarify all the milk sold from the

When eczema, ulcers or ringworm break out on the scalp the first thing the doctor orders is to have the hair cut off. Don't do it before trying Zam-Buk, because it can cure these diseases without causing such a sacrifice. Mrs. J. Butler, of 5 Bannockburn Avenue, Montreal, has proved this. She says, "My eldest daughter, Annie, caught eczema. It broke out on her face and scalp, and the disease was quickly transmitted to Herbert and Edith, and in their cases not only their heads, but their hands and faces were covered with sores and scaly places.

I tried various blood-purifying remedies, but vain and then consulted a doctor. He applied all kinds of lotions, but the sores remained the same. He next ordered that the hair be all shaven off from the girls' heads in order to get down to the disease on the scalp. They each had nice long hair and I thought it such a pity to cut it all off. I refused. He thereupon withdrew his services altogether.

After that I bought first one thing and then another, but it was all no good until we got Zam-Buk. That proved equal to the case, and a few weeks it cleared away every trace of skin disease from each child. With it in use there was no need to cut off the girls' hair or take any other extreme measure, it just went to work and healed the sores in fine shape."

Zam-Buk cures blood poison, cuts, bruises, oil wounds, running sores, ulcers, boils, eruptions, scaly sores, eczema, itch, barber's rash, burns, scalds, and all skin injuries and diseases. Best cure for piles yet known. All druggists and stores at 50c, a box, or from Zam-Buk Co., Toronto.
