LOCAL AND PERSONAL ITEMS

The latest social event which we observe in town now is an "Army worm" party. Strolling forth every evening you may see neighbors hobnobbing the while they carry lighted brands and carry murder and arson to the home of the aforesaid pest. On Monday evening we observed a gigantic looking person stalking among the trees on a lawn, but on approaching we found the elongated personage was really a twin, one on the others shoulder. Some staidladder! The army worm is really a pest this spring, and unless something radical is done soon the fruit trees will be bare and bare. Every evidence in our neighborhood this spring speaks of poor work on hunter, and seems to show that they didn't earn their salary very sternly. Much more could be accomplished by giving the school kids a couple of half-holidays and let them go bug-hunting, even if they got a little buggy.

W. H. Hoyt and J. J. Ball of the Soldiers' Settlement, Board, Woodstock, spent Friday and Saturday here on business.

Miss Pearl Irvine of Mass. 12111 and Miss Jardine of Fort Fairfield spent the weekend with the Misses Faye and Dorey, Part.

G. E. Wilson Co. have made a decided improvement in that part of their store facing Main street by removing a useless attached store-house. F. H. Staines of Woodstock and L. Lamont of Glasville were both here last week working insurance prospects.

On June 5 Rev. H. R. Bell will preach as follows: Centreville, 11 a. m. Laborville, 3 p. m. Good Corner, 7:30 p. m. All are cordially invited.

G. W. Bishop of Grand Falls spent part of last week in town.

Mr. and Mrs. H. E. Hagerman and family spent Sunday in Hartland.

Mr. and Mrs. George Packard of Bridgewater were here on Sunday.

Mr. and Mrs. R. W. Balloch and Miss Pauline Balloch left on Tuesday for Woodstock where they will in future make their home. Friends and neighbors looked upon their going with a great deal of regret, but will cherish the memory of many bright and happy visits together. Mr. Balloch came here when the town was young, and established a general merchandise business, which he successfully conducted until about twenty years ago when he retired from active merchandising. For a number of years subsequently he was the genial customs officer at this port, retiring from that a year ago. The family will be very much missed from the community life, and best wishes followed them to their new home.

Welch's Novelty Orchestra played another engagement in the Opera House on Friday evening last. Large delegations of light steppers from outside points made the attendance a very large one, but though it was crowded just a bit at times, everyone had a jolly evening. They play here again on Thursday evening, June 16.

Mr. and Mrs. Paul Sweeney of Fredrickton were the guests on Saturday and Sunday of Mrs. J. E. Alexander. Mr. and Mrs. Sweeney were married in New York in mid-May.

Mr. and Mrs. B. Cougall of Knoxport spent Sunday with Mr. and Mrs. G. G. London.

E. W. Woods, P. O. Inspector, was here on Tuesday in the local office.

B. A. Hoyt spent the week-end in Debec and Moulton with relatives.

Miss Jennie Pierce of Woodstock spent Sunday with Miss Jessie Reid at her home here.

Dr. H. M. Martell of Woodstock spent Tuesday in town on professional business.

Mr. and Mrs. C. F. West of Presque Isle spent Sunday with Mr. and Mrs. Mrs. E. L. West.

John Smith of Florenceville is boring an artesian well for W. B. Webb.

Automatic Increase

The moment you open
a savings account in The
Bank of Nova Scotia, it
begins to increase, and
every time you add to it
from your own savings
that increase is increased
automatically by the in-
terest it draws.

Nothing is more certain
than the stability and
increase of a savings
account.

Why not open one to-
day?

B. W. Smith has just unloaded his
second car of cement this spring. Par-
ties requiring cement better make ar-
rangements early as there will likely
be a shortage later. The price is
lower than last year.

Important!

Farmers buy a WATSON TRIPLEX
SPRAYER to protect your potato crop.
This sprayer will do it.

I also call your attention to the
JOHN DEERE RIDING CULTIVATOR.
This cultivator was especially designed
for the Aroostook County trade, so it
works better than any other machine
when the plants get big.

If you want anything in our line
makes your wants known.

His Master's Voice Records

A Big Shortage in Potato Crop

is caused by the Farmers not spraying. The BROWN SPRAYOR is the fa-
vorite with the potato growers for the reason that it has a 100 gallon tank
made of cypress wood that resists the liquid better than any other wood
known. It sprays six rows at a time and is fitted with a whirl spray non-
stop nozzle, that gets the liquid over every part of the plant. The pres-
sure is got by double cylinder displacement pump fitted with brass plungers
and packed with graphite packing, also large air pump fitted with brass
check valves that can be ground. Rests on the axle, doing away with all
strain on the frame giving an overcast balance when tank is full of liquid.
Revolving twin paddles in tank to give a perfect mixture of bordeaux. Has
hickory sarvin wheels 3 in. tire wheels and 1 1/2 in. cold rolled steel axle
that does not break. Also fitted with steel frame that does not sag side-
wise. As we can only produce a limited number of these for 1921 Farmers
will do well to place their order with us early, or with one of the following
Agents:
