SEWING MACHINES. 1,300,000 IN USE.

The only MACHINE which received TWO DIPLOMAS of HONOR and TWO MEDALS of MERIT, at the Centennial Exhibition, at Philadelphia in 1876.

HAVE BEEN GREATLY REDUCED IN PRICE, so that for CASH, notwithstanding the increase of Tariff, one can be obtained at about the same price as the ordinary Cheap Machines usually sell for on time.

They make the "LOCK STITCH" as huttle Machines, but use simply a Metal pool for the under thread, thus doing away ith the trouble and delay of threading the All parts of the Machine are made so perfectly "true fitting," that any plece can be duplicated and put in place by an ordinary mechapic, or experienced lady operator without the aid of a regular Sewing Machine

THEY RUN LIGHTER, AND MAKE LESS NOISE, AND ARE MORE SIMPLE TO LEARN THAN ANY OTHER MACHINE.
