

Low Priced Goods To Suit Slim Purses.

Because low priced not low quality, because there is nothing to be gained by selling a poor article to any person at any price. All new goods in this seasons showing, but because a woman said in our hearing that "everything was up this fall but men's wages" prices have been carefully pared and pruned to suit small wages. Do your Fall purchasing early.

LITTLE OVER HALF OF THE USUAL CUT

Lumber Operators are Wintering Logs and Piling, and Cut Will be Very Small.

RATE OF WAGES DOWN

Some of the Mills Have Closed for the Season But Others Will Run Late

It is stated on reliable authority that the coming season's cut on the Miramichi will not be much more than half of the average cut. During the past season about 50,000,000 feet came through the South West and about 22,000,000 through the North West. Of this amount at least 15,000,000 will be wintered and the stock is divided as follows:

Richards,	4,500,000
Lynch,	3,500,000
Bushill,	2,000,000
Hitchman,	1,500,000
Walsh,	2,000,000
Hickson,	1,500,000

Snowball & Co. will also winter some but D. & J. Ritchie will not winter any. Besides wintering large quantities of logs the operators have large quantities of deals piled up as the British market is not improving to any extent this winter's cut will be very small. Very little preparation has yet been made for the winter operations.

The best wages during the coming season will be \$22 or \$23. Last season men received \$25 and \$30. A prominent operator, however, told a reporter for the ADVOCATE yesterday that he found it difficult to procure men. He attributed the scarcity, however, to the coming elections. Men were bound to stay out of the woods until after election day.

Lynch shut down for the season last week. The Fleet mill is also down and the Ritchie mill will close this week. The Hickson mill will likely run late.

I. C. R. IMPROVING TRAIN SERVICE.

Many Changes Have Been Made Since Canada Eastern Was Taken Over.

Many changes, and improvements have been made in the train and traffic arrangements on the Canada Eastern section of the I. C. R. The passenger service has been bettered by more commodious and modern coaches and quicker running of trains. Two regular freight trains are run daily with frequent specials. A construction train with large crew is at work repairing the roadbed and in the near future the running time of all regular trains will be still further cut down. All freight and other cars on the road are to be equipped with the latest air brake. The I. C. R. air brake instruction car has been at Gibson for three days and all conductors, engineers, firemen and brakemen are being instructed in the use of the brake.

The improved service calls for more men and the staff at the Gibson station has been increased to meet the demands. Assistant Superintendent Hobson now has a separate office with a clerk. Station Agent Henry has two train dispatchers, one for day and the other for night, and a telegraph operator.

A LIBERAL SPLIT.

At the liberal convention in Dalhousie yesterday the liberals split. Reid received the nomination but Murray will contest the County as independent liberal.

O'Brien and McKeown were the choice of the St. John liberal convention.

"UNITED WE STAND DIVIDED WE FALL"

This Seems to be the Slogan of Liberal Party in This County.

BREACH NOT HEALED.

Convention on Friday May Choose George Watt as a Compromise Candidate.

TORIES FAVOR ROBINSON.

The political atmosphere in this County which is at present very dense bids fair to be cleared by Friday evening or at all events as clear as it is likely to be until after November 3rd.

At 3 o'clock on Friday the liberals of Northumberland will assemble here in the Temperance Hall for the purpose of selecting a candidate to contest this constituency on behalf of the liberal cause. On the same day at 8 p.m. the convention of the conservative party takes place in the Masonic Hall, Chatham, when the candidate of that party will be chosen.

The breach in the ranks of the liberal party of this county has seemingly not been entirely healed. There is one faction—and it is a powerful one—which favors the nomination of Mr. John Morrissey, M.P.P., while another faction seems to insist on the nomination of Mr. W. S. Loggie, M.P.P. One or two other names are mentioned as compromise candidates, notably among which is that of Mr. George Watt.

A prominent liberal leader of the County in discussing the situation yesterday with a reporter for the Advocate expressed the opinion that Mr. Watt would be acceptable to both wings of the party.

"I feel confident," he said, "that Mr. Morrissey will accept him and support him loyally and so for Mr. Loggie—well—the same may be said about him. Mr. Watt has stood loyally by the party through thick and thin and I am confident that with a united liberal vote he will have no difficulty in carrying the County."

At the last general election, Mr. Morrissey ran with only one half of the liberal party in this county behind him and polled a large vote. His friends think he is now entitled to the nomination of the whole party. On the other hand he is not acceptable to some and consequently Mr. Loggie is being boomed for the nomination. In the face of these conditions there is a strong probability of Mr. Watt being selected as a compromise candidate.

ROBINSON AGAIN.

Among the conservatives the name of Mr. James Robinson, the present member is most prominently mentioned but a prominent Newcastle conservative is also mentioned.

Mr. Robinson is still out of town, but the Advocate learns on very good authority that he is again ready to contest this seat on behalf of the conservative party. Whether the other gentleman whose name is mentioned would accept the nomination or not the ADVOCATE is not in a position to state.

Both conventions promise to be extremely interesting and it is difficult to forecast the result of either. There is a possibility of a split in the ranks of both parties and if so political matters in this county will have reached a very impressive stage.

Premier Tweedie is hastening home from the west but just what part—if any—he will take in the situation remains to be seen.

GLOUCESTER SITUATION.

The Advocate's Bathurst correspondent writes:

Political matters in Gloucester are very quiet, it being pretty well understood that there will be no serious opposition to Mr. Turgeon's return. In our opinion this is as it should be at the present time. Mr. Turgeon has certainly done excellent work for Gloucester particularly during the past four years. He is a man peculiarly situated, inasmuch as he is able to give his undivided time to the interests of the County, whereas a man actively engaged in some mercantile or other business might not be able to do this. Mr. Turgeon is easy to approach by all classes and appears to take a pride in listening to the claims of his constituents, and endeavoring to right them no matter whether those making the application are former supporters of his or not. Further than this he is well liked and respected by the minority, who appreciate his help in the public affairs of the county, and every one of his colleagues in parliament bears witness to the fact that he is no time server, but a conscientious hard worker in parliament. We therefore think Mr. Turgeon's hands would be able in the future to do even more than in the past for his County should he be returned at this election by acclamation.

HUNTERS CAPTURE SOME FINE HEADS

Big Game Reported Very Pleasantful and Sportsmen Return Successful.

ONE HEAD 62 INCHES.

Season Will Come Up Fully to Expectations of Game Wardens.

The expectations of Chief Game Warden Robinson and others that the present season will be abanner one for big game in this county bids fair to be fulfilled. The woods fairly teem with sportspmen and many have already returned after succeeding in landing their quarry. Several big heads have been secured and the taxidermists will be kept pretty busy for some time to come.

One of the finest heads captured in the Miramichi woods in recent years was that brought out last week by Mr. Horace Kethro. In company with Mr. Wm. Sinclair, Mr. Kethro spent two weeks on Whitney brook. His head has a spread of 62 inches and has twenty points. Mr. Sinclair also landed a moose. His head has a spread of 49 inches and 28 points. Their guides were Peter Prisk and Louis Paul. Their cook was Russell Ward. Mr. Kethro breaks the record for 1904.

Mr. J. T. Stirling of London, England has returned from the Bay du Vin district with one moose. His guide was Donald Fraser.

Messrs. Edwin B. Holmes and S. P. Holmes of Boston with guide Arthur Pringle got a moose each and one caribou in the Big Bald mountain district.

Mr. Arthur Robinson and wife of New York and Miss Bradford of Quebec were very successful up at the head of the Little South West with Henry Brathwaite as guide. They managed to secure a moose and a caribou each and besides a large bear which was shot by one of the ladies.

Mr. W. J. Poindexter and wife of Reading, Pa. got a moose each and a bear on the Dunganon with guide J. Ronald MacDonnell.

Mr. Carl Fickhardt, New York, and Mr. H. Van Geilgen, Germany, got a moose each on the north branch of the Renous with guides Norris Manderville and Rebt. McNeil.

Mr. J. M. Murdoch, Johnstown, Pa., and Dr. W. H. Moore, Philadelphia, were up at Morrian Brock lake, Renous, with Hiram Manderville and Benj. Warren as guides. They got one moose each. Dr. Moore got the best head of the season. It has a spread of 59 inches, 31 points and 15 inch blades.

Mr. Henry R. Diebel of New York brought down a large moose head from the Dunganon. His guide was Howard Manderville.

Mr. Joseph McKnight of Douglastown was at the head of Burnt Church river with guide Michael Fox. The first afternoon he shot a very large moose. It weighed 680 pounds when dressed.

The following is a list of those who have gone to the woods during the past week or two with the names of their guides, hunting grounds, etc.:

Mr. Van S. Bennett and wife and Paul Weisel, Rochester, N. Y. Hunting grounds, Tomogonops lakes. Guides George and Wm. McKay. Cook George Leach.

Mr. J. B. Goodhue, wife and daughter, Rock Island, P. Q. Hunting grounds, Little Bald Mountain district. Guides Edward Menzies and John Keating. Cook Archie Stewart.

Mr. A. H. Nelson and J. George, Pittsburgh, Pa. Hunting grounds, north branch Big Savage and Clearwater. Guides Carl Bering and James Street. Cook Allan Matchett. Assistant guide John A. Johnston.

Mr. R. M. Cherie, Brooklyn, is making a seven weeks trip as the representative of the Arts Museum. Hunting grounds, head of the north branch of the Renous and the lakes.

Mr. S. W. Tilden, Montreal and Messrs. S. H. Howard and H. B. Howard Toronto. Hunting grounds, Main North West and Little Bald Mountain. The party is under the management of Edward Menzies. Guides James Brander, Daniel Donovan and Edward Way. Cook Nevil Whitney. Mr. Tilden is representing the I. C. R. The party had arrangements made by Chief Game Warden Robinson. The object is to get photographs of big game for the I. C. R. Mr. Tilden will also write up the trip.

Dr. J. W. Keefe, Dr. P. H. Keefe, Dr. T. J. Smith and Dr. W. L. Munroe, all of Providence, R. I. Hunting grounds, south side of North West and Big Bald Mountain.

The party is under the management of Arthur Pringle. Guides John Dawson, H. Thomas and John Jarvis. Cook Fred Coburn.

Mr. W. A. Crawford, New York and Mr. R. H. Armstrong, Newcastle. Hunting ground, Ottagamag Lake, McKendrick Little Lake and Forks, Little South West. Guides Sam Johnson and John McDonald.

Mr. W. H. Leche and wife, Philadelphia. Mr. W. E. McPeck, Philadelphia. Mr. H. McPeck and Mr. B. F. McPeck, Bangor. Hunting grounds, Mullin Stream Lake and South branch Savage. Guide Peter Prisk.
