MARKETS AND FINANCE

Thursday, Feb. 25.—The supply of produce offered on Central Market this morning was rather small, but huyers were also scarce and prices were firm, new laid eggs selling at 30 conts a dozen. The supply of cold storage eggs is completely exhausted, but new laid eggs are plentiful. Pork prices were a trifle easier, dressed hogs selling at 9 and 9½ cents per pound and live hogs at 6½ cents per pound. A fair trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain market and prices were trade was done on the grain was dozen. the grain market and prices were steady with the exception of buck-wheat which dropped a couple of cents. The undertone of the market was steady and very few changes oc-

Standard prices at 8 a. m. were: Dairy Produce.

WAS A BIG FLOOD.

Belleville Had a Strenuous Time Until Frost Came.

(Special Despatch to the Times.)

Belleville, Feb. 25.—A sudden change from mild to very cold weather has abated what looked like a serious flood and now the worst is over. Last night at seven o'clock the ice in the river broke up for a couple of miles, passing out quickly into the bay. The most serious damage done was the flooding of cellars of stores on Front street, merchants not taking precaution to remove goods. At the mouth of the river the ice jammed up, causing the water to flow out over the ice on the bay like a tidal wave. A number of ice cutters as well as teams had a race to get out of the way. One team and driver had a narrow escape from a dangerous position. The water in the houses subsided, but the water in the river is now gradually lowering. The floors are covered with ice. Some residents came out to-day for the first time since yesterday morning. has abated what looked like a serious

morning. SCHOOL LIEN CASE.

Judge Monck reserved his decision in the mechanic's lien action of Springer Bros. vs. School Section No. S. of the down saise. One pair of bay geidings, weighing 2,900 lbs, 5 and 6 years, sold at 19.

TOBACCO TRADE.

How Huge Combine Controls the Business.

New York Stocks Over Three Hundred Million Dollars in the Trade. in the SECOND EDITION

Washington, Feb. 25.-Herbert K. mith, Commissioner of Corporations, to-day made public sub-divisions II. and III. of part 1 of his report on the tobacco industry. They deal with the present organization of the tobacco combination, so-called, its degree of control in that industry, and the development of that control.

These divisions of the report result-ing from a thorough investigation into the business operations of the tobacco combination contain an elaborate dis-cussion of the methods by which the manufacture of tobacco, except cigars, has come under the control of a com-paratively few capitalists. Commission-

"In the tobacco combination are the American Tobacco Co. and its three great subsidiary commissions, the American Snuff Co., the American Cigar Co. and the British-American Co., besides eighty-two other subsidiary concerns do.

trolled, including over twenty hitherto secretly controlled, so-called "bogus in-dependent concerns," is given in the re-port. It is shown also that the combin-142.1 ation is practically the only important exporter of tobacco manufactures from Amal. Copper ... 69.7 69.7 65.6 66.1

this country.

In the year 1906 the concern used in the manufacture of its various products nearly 300,000,000 pounds of leof to-bacco.

50.2 "An idea of the absorption of com-"An idea of the absorption of competing plants," says Commissioner Smitn, "and of the changes through combination within the last decade may be had from the fact that in 1897 the combination had ten plants, each producing over 500,000 pounds of manufactured tobacco or snuff per year, while there were 243 independent plants of the same class. In 1906, on the other hand, the combination had 45 plants of this class, and independent 81.1 78.3 79.6 31.5 30 31.3 .124.4 124.4 123.2 124.2 73.4 73.4 71.2 72.6 40.4 40.4 39.7 39.7 other hand, the combination had 45 plants of this class, and independent manufacturers 140. Especially conspicuous has been the absorption of the large plants. In 1897 the combination had eight plants, each producing over 1,000,000 pcands of these products per year, while its competitors had 46 such plants. In 1996 the combination had 34 plants of this size, and independent concerns only 17.

"Many weaker concerns have been 45 plants of this class, and independent Phone 1137. 102 King Street East. A. E. CARPENTER & CO.

"Many weaker concerns have been virtually driven out of business or forced to sell out to the combination eithe ed to sell out to the combination either by reason of the direct competition of the latter or as an indirect result of the vigorous competition between the combination and larger independent concerns. In the case of the larger and more powerful concerns which it acquired, however, the combination has usually secured control only by paying a high price. The immense profits of the combination have enabled it to keep up this policy." Cobalt Stocks, reported by A. E. Car-penter, 102 King street east: Asked Bid. keep up this policy

CHINESE REGENT

Writes to Taft Giving His Ideas on Government of Country.

Thinks Japan Will Leave China and Corea Alone.

Pekin, Feb. 25 .- The Regency of the empire has caused to be sent to President-elect William H. Taft a communication in the form of a private letter, in which its ideas and the attitude of the regent and its advisors on the vital ques-tions not before the empire are set forth

regent and its advisors on the vital quesions not before the empire are set forth
it considerable length.

This communication is the first direct
expression of the regent's views on the
various subjects touched on, and it
tomes at a time when it is known that
the regent is personally anxious regarding the interpretation by foreign powers
of the recent dismissal from office of
firand Chancellor Yuan Shi Kai, and the
British and American action following
this step.

its step.

The official of the Regency who com-besed the letter to Mr. Tait lays em-nasis upon the fact that the recent inisterial change was entirely a family personal matter, and that it does signify any change in the internal xternal policy of the empire; on the rary, the Government purposes vig-

matter of the consumption

bit can be eradicated and that the citied States is helping to this end.

The Regency sees obstacles in the way Japan quitting Corea, but it enterns the conviction that ultimately Japan

CENSOR STOPPED SKETCH.

London, Eng., Feb. 25.—The anxiety of the Government not to give offense Germany is reflected in the decision to Germany is reflected in the decision of the Censor of Plays, who has refused to sanction the production of a five-minute playlet consisting of a burlesque of 'An Englishman's Home." The humor of the piece turns on the discovery that a large alien population has been in possession of Great Britain for some years.
