MARKETS AND FINANCE

Saturday, April 3.—Despite the unfavorable weather, Central Market was well supplied this morning, and although buyers were rather few, a gaad business was done. Green stuffs are becoming more plentiful every day. Trade was brisk on the dairy market and prices were steady. Grain prices were unchanged, wheat holding firm at \$1.06 to \$1.08 a bushel. Fall wheat is about ready to sprout and with fine weather next week the fields should take on a spring look. The general undertone of ring look. The general undertone of e market was steady and very few langes took place since last Sautrday. Standard prices at 8 a. m. were:

PURE MILK.

The McNaught Commission to Deal With the Matter.

(Special Despatch to the Times.) Toronto, Ont., April 3.-W. K. Me-Naught, M. P. P., does not intend to that he has secured Government sancsion to deal with the getting of pure milk nor the Province. What will be the next step? Mr. McNaught was asked after the House rose yesterday afternoon. "The securing of commissioners," was the reply, "and I have a very good idea of the kind of men I would like to see act on it. In my opinion the commission should consist of three men, that will be quite enough. In the first place I want to see one of the biggest dairymen we can get as one of the commissioners, a man who knows all about the production of milk, not only around Toronto, but throughout the Province sion to deal with the getting of pure been booked than during the previous six months. The capital of this company is \$6,700,000, of which \$4,700,000 is common stock. The old board of directors were re-elected, with Mr. W. R. Brock as president.

TRY TO ESCAPE

Toronto, but throughout the Province generally. Another man I want to see will be a big distributor, one of the men who buys from the farmer and distributes the milk in the city. The third man should, I think, be a doctor. In my opinion this should make about as strong a commission as could be found.

St. Catharines, Ont., April 3.—Geo. Aldridge, the G. T. R. brakeman from Hamilton, who was picked up unconscious out of the tender when a freight train pulled into Merritton yards on Wednesday afternoon, and was submitted to an operation in the General Hospital because of a fracture of his skull, is making steady progress towards recovery. (Special Despatch to the Times.)

John McPherson, of Merritton, almost John McPherson, of Merritton, almost miraculously escaped death yesterday afternoon. He was teaming a load of sand across the waste weir bridge at lock No. 8, old canal, when the floor of the bridge collapsed. The wagon went through, pulling the team with it to the bank twelve feet below. Fortunately both driver and horses escaped injuries. John-Hodgkinson, a fruit grower of the township of Grantham, was somewhat seriously injured yesterday. He was plastering a house for a neighbor, when he slipped and fell from the scaffolding on which he was standing, fracturing his skull from contact with the floor.

Not the Point

Don't think because coal is heavier than coke that there is more heat in it. The fuel which gives the most heat is the one containing the most carbon. COKE is practically ALL carbon and does not contain heavy, useless, foreign matter that does not give out heat. You can save money by using our fuel at 12 cents per bushel delivered. MILLER ACCUSED.

Charged With Killing John Bell in Drunken Quarrel.

Dryden, April 2.-Alex. Miller, is accused of having killed his mate, John Bell, in a drunken brawl at John Bell, in a drainken brawl at Minnitaki last night by striking him on the side of the head with a lantern, was arrested to-day, and is in jail here. The body of the murdered man is still lying at the scene of the crime awaiting the action of the corner. Provincial Constable Hanson made the arrest. Miller, it would seem, was quite unaware that the blow had killed Bell.

Coroner Chanman has gone to Minni-
