

FALL FAIR AT OAKVILLE.

Splendid Lot of Exhibits and Large Crowd of People.

Fully 4,000 Were Present During the Closing Day.

A Lot of New Features Were Appreciated by All.

One of the best fairs of the season, that of the Trafalgar Agricultural Society, held annually at Oakville, closed yesterday after two successful days. Notwithstanding the unfavorable weather of the opening day, Thursday, the entries in all the departments arrived on time and with one or two exceptions, were the largest. Friday was the big day and early in the morning Oakville was well filled with visitors from adjoining places. Although the sky looked threatening large crowds came in from the country and the attendance was estimated at 4,000. The Mississauga band was present in military uniform and gave an excellent programme, which added greatly to the pleasure of the day. A magnificent special took place in the morning when 600 school children marched around the grounds singing patriotic songs, and each one carrying a small flag. After the parade a singing contest was entered upon by the children of the different schools.

On the grounds the poultry showing attracted considerable attention as it was the largest and best seen at any of the country fairs held in this vicinity this fall. E. Brown, of Toronto, was the chief prize winner in this exhibit. The entries in all the classes were larger than in former years. The line-up of roadsters and carriage horses would have done justice to the Toronto fair from the point of quality. The cattle were all of superior quality and were the attraction for farmers and stockmen. Many prizes were won by H. O. Oler of Bronte, who had a large showing of Holstein. In swine the entries were good and James Featherstone & Son carried off numerous prizes in this class. The showing of flowers was large and beautiful and included some choice palms and gladioli. The large, juicy pies were enough to make the mouth water, while the cakes and bread was just like mother used to make. The entries in the vegetable display were larger than ever and the judges were at loss to know to whom to award the prizes. The ladies' work department there were numerous exhibits of work done with the needle and the ladies' deserve much credit for the beautiful articles they turned out. There was a large number of excellent oil paintings in the fine arts display this year which also included drawings done by the various schools that showed in no mean way what the children are able to do.

The ground was dotted with booths of various kinds and all helped in their own particular way to make the fair more exciting. The Ladies' Aid of the Presbyterian Church had a large tent and did an excellent business in the serving of light lunches. The leading feature of the afternoon was the exhibition of horses given through the kindness of Herbert C. Cox and others. It was one of the best displays of equines and horse-manship ever seen there. Mr. Hugh Wilson, of Toronto, made a record in the jumping contest, his horse clearing seven feet.

In the horse reel competition between local companies the "Buckley" cup was won by Captain Buckley's brigade. The following were the results of the events which took place in the ring during the afternoon: Three-year-old roadsters, J. H. Bissell, Ira Featherstone, Ireland Bros; three-year-old carriage horses in harness, J. McCune, Ira Featherstone, J. Easton; gentleman driver, G. Andrew, S. Anderson; single carriage horse, J. McCune, J. Craigie, E. A. Orr; single roadster, G. Andrew, E. A. Orr, J. Ireland; carriage pair, S. Carruthers, J. McCune, J. E. Gastle; roadster and W. McCready, L. Wilson, F. H. Hoffman; single high stepper, J. E. Gastle, J. McCune, S. Andrews.

A big feature of the fair was the sheep herding competition and was won by "Bobs," owned by Bruce Burns, of Toronto. Although he was not the fastest he showed the most governing form in rounding them up. Among the many outside visitors were the Hon. Adam Beck, who was compelled to leave early, and Hugh Wilson and Walter Harland Smith, of Toronto.

The officials were not able to give out the prize list, through a new and complicated system introduced, the newspapers were prevented from getting it. The secretary, James Hewson, took first prize in the domestic economy class. The staff was composed of: A. S. Foster, president; Alf. Hillmer, first vice-president; Jas. N. McGregor, second vice-president; J. L. Hewson, secretary-treasurer; Directors—W. Carter, Jr., W. H. Speers, Bronte; Paul Campbell, T. G. Russell, V. Robin, A. T. Walsh, W. C. McKay, C. A. Decker, W. H. Bigger.

Honorary directors—Jno. F. Ford, Reeve of Trafalgar; Jno. A. McKay, W. H. Speers, Oakville; W. S. Davis, Mayor of Oakville, D. Featherstone, H. Inglehart. Auditors—Geo. J. Summer and W. S. Savage.

Hunting For Big Game.

The Highlands of Ontario is an ideal spot for the sportsman during the open hunting season for big game. In the Temagami region moose are plentiful and may be killed during the period from October 15th to November 15th. This territory is a forest preserve of vast extent, and in addition to being the hunter's paradise, its waters abound with game fish of many species. The home of the red deer is located somewhat to the south of Temagami, particularly in the districts known as "Muskoka Lakes," "Lake of Bays," "Maganawan River," "Lake Nipissing," and "Kawartha Lakes" territories. Apply to Grand Trunk city or depot office, for a copy of "Haunts of Fish and Game" issued by the Grand Trunk Railway System which fully describes the hunting territories reached by this line, giving game laws, maps and all information.

HER DEATH WAS HOURLY EXPECTED

Enterprise, Ont., Oct. 1st, 1908. "For seven years I suffered with what physicians called a 'Water Tumor.' I could neither sit, stand nor lie down. Hypodermics of morphia had to be given me to ease the pain.

MRS. JAMES FENWICK
My cure seemed hopeless, and my friends hourly expected my death. I was so bad that I wanted to die, and it was one of these very bad spells that a family friend brought a box of "Fruit-atives" to the house. After much persuasion I commenced to take them, but I was so bad that it was only when I had taken nearly two boxes that I commenced to experience relief. I kept up the treatment, however, and after taking five boxes I was cured and when I appeared on the street my friends said, "The dead has come to life," and this seemed literally true, because I certainly was at death's door."
(Signed) MRS. JAMES FENWICK.
"Fruit-atives" are sold by all dealers at 50c a box—6 for \$2.50, or trial box, 25c or sent post-paid on receipt of price by Fruit-atives Limited, Ottawa.

INTO LION'S JAWS.

Awful Suicide of a Despondent Young French Woman.

Paris, Oct. 1.—A strange tragedy occurred last night at the Money Theatre, where there has been playing lately a drama, entitled "Papa La Vertu." Lions are introduced in the play, and the role of lion tamer has been filled by a young man by the name of Gardien Bailoud. Bailoud for the last two years has been living with a young woman known as Josephine Ripache. Being convinced that their frequent quarrels would continue the young man decided to kill herself last night. She hid herself behind the scenes, where the lion cage was kept. Suddenly fierce cries were heard, and the theatre employees, who hurried to the spot, were terrified to see the woman pressed against the cage by a lion. The lion had caught the woman's throat with his claws and had torn it open. She died almost instantly.

The play continued. Physicians were summoned as soon as possible, but they could do nothing except try to console Bailoud.

COAL DISCOVERY.

Ten Thousand Acres Found in the Peace River District.

Edmonton, Alta., Oct. 1.—Ten thousand acres of coal, beautiful, rich bituminous coal, which will bake to the extent of 86 per cent., have been located on the Peace River, just across the border of British Columbia, by a syndicate, which includes several prominent capitalists of Eastern Canada. This is the latest sensational discovery in the far-famed Peace River country. Small seams of coal have been found at intervals along Peace River, well up towards the mountains, but nothing of the extent and the quality of the huge coal area which has been taken over by this syndicate of capitalists.

The engineer who surveyed it declares that the coal was of a quality that would prove excellent for manufacturing as well as for domestic purposes.

The Test of Efficiency

In a Typewriter does not consist in simply writing letters. Correspondence in a modern office is an incident in the day's work, but not much more.

The true test of typewriter efficiency consists in doing the work as it comes, changing from one to the other and back again without loss of time or the operator's energy—card records to the special reports and comparative statements; correspondence to complex billing and tabulations; this, and that, and everything.

WHITE SLAVES.

Victim, Aged 13, Tells Story of Horror.

Prosecutor Says Gang Must Go to Penitentiary.

Chicago, Oct. 2.—The testimony of 13-year-old May Michaelson in the Englewood Municipal Court yesterday afternoon added new details to one of the most shocking cases of white slavery ever known in Chicago. Upon her evidence fourteen men are held.

Her 12-year-old sister Nora also has been a victim, but as yet has not been permitted to testify.

Lucy Speers, aged 11, the child of a neighbor, also was enticed into the place, it is said, but was rescued by her mother, upon whose complaint the police raid was made.

Jerry Trumbley and his wife, Grace, are accused of procuring the little girls for men who are said to have frequented the Trumbley flat, at Fifty-second street and Winchester avenue.

One of the men, Edward Wolf, 6349 Normal avenue, collector for the John Hancock Mutual Life insurance company, already has been held to the grand jury on testimony given by the oldest girl. The others, mostly Greeks, have been on trial two days, and with each day's details more sensational than told on preceding sessions were disclosed.

Yesterday after the oldest girl had given a description of some of her experiences the hearing was continued until to-morrow afternoon.

The men, all of whom have been identified by the girls, are prisoners at the New City station.

The evidence in this case will be supplied to the heads of the new movement that is being planned by civic and religious organizations against the white slave evil.

In questioning May Michaelson, Assistant State's Attorney John A. Barnes drew from her a story which, he declared, established a conspiracy on the part of Mrs. Trumbley and will result in penitentiary sentences for the men now accused.

According to the girl, who was questioned for three hours by the assistant state's attorney and by the attorneys for the defendants, Mrs. Trumbley lived here on Aug. 11 and Aug. 17 and then placed them at the mercy of men whom she had invited to her apartment. She received money from the men in every instance, the girl declared, a part of which she gave to the girls. The latter were provided with new clothing by the women, it is said.

In addition to the girls which the girl told the court took place at the Trumbley flat during the month of August, Mrs. Trumbley on three different occasions is said to have taken her to a Greek boarding house at 237 Center

avenue and compelled her to remain there all day with the lodgers.

When the case first was pointed out to the police by Miss Ella Maley, an officer of the Juvenile Protective League, the girl was taken to the boarding house and identified the man to whom she had been sold. Six of the lodgers were arrested by Detective John Farrell, and the others were taken into custody later.

"This is the worst case I have ever seen," declared Mr. Barnes. "After hearing the story of the girls over and over again I feel certain that the girls are telling the truth and that they have been peddled out by Mrs. Trumbley, just as they have testified. I am going to clean out this nest of corruption and its originators who are guilty of white slavery on a small scale and I believe the ones under arrest are in a fair way for a term in the penitentiary."

ALLEGED SWINDLER. A Toronto Man Under Arrest in Rochester.
