

NEW CITIZENS WANT THINGS.

(Continued from Page 1.)

work, Sackville Hill, \$42,500, a total of \$44,450.50. Open Brothers, of Toronto, tendered for the brick work at \$227 less than W. H. Yates, but, as their tender was turned down, it is announced that they received the contract every brick would have been employed in Hamilton, and every man employed except one foreman would have been a Hamilton man.

The amount of water consumed in Hamilton each month continues to show a substantial increase, and it will likely be much larger as soon as the city begins supplying the annex. Engineer Macfarlane's figures for November show that 217,228.60 gallons of water were pumped, an increase of nearly a million gallons, or 4 1/2 per cent.

The east end mountain top people are petitioning the city for fire protection, and the request will be considered by the Fire and Water Committee to-night.

Building permits were issued to-day to H. G. Malcomson for a brick house on Queen street, between King and Mary streets, to cost \$2,000, and to R. W. Bennett for six brick houses on Fairview avenue, to cost \$9,000.

A report showing the work done by the sanducker this season and the cost will be presented to the Fire and Water Committee to-night.

Mayor McLaren declared to-day that the new annexation order is the first one in many years in which the city's interests are fully protected. The city will lay water mains in the new district this fall.

Chairman Allan had figured on the Board of Works being able to save only \$13,000 out of the good roads money this year. The surplus, however, amounts to \$15,000.

OBITUARY.

Death of Mr. John Morris After Long Illness.

A visit from the grim reaper was paid to an old and much respected resident of this city when Mr. John Gully Morris passed away last evening at his residence, 184 Hughson street north. Mr. Morris was a well known figure in the fish and oyster business of this city, having been in that business for nearly thirty years. He occupied the store at 119 James street north, and also kept a stall in the market until seven or eight years ago, when he retired on account of failing health. He leaves, besides a large circle of friends, a wife and one daughter, Mrs. Clara Burgess, of this city. Deceased was one of a large family of which there are a number of branches in the city. Ald. Thomas Morris is a nephew. The funeral will take place on Friday afternoon at 2 o'clock, and the interment will be in Hamilton Cemetery.

The demise of Miss Mary McCabe took place this morning at St. Joseph's Hospital after an illness of short duration. Deceased was a resident of Barrie, and was in her 52nd year. The funeral will take place to-morrow at 3:30, when the remains will be sent to Barrie, via Grand Trunk Railway.

The funeral of the late Mrs. Emily Jane Barrett, who died yesterday, will take place on Friday afternoon at 2 o'clock to Hamilton Cemetery. Services will be held at the family residence, 192 Hunter street west.

HIGHLY SPOKEN OF.

Theatre goers will be pleased to learn that private advices speak in the highest terms of "The Barrier," which comes to the Grand on Friday and Saturday. The work of Miss Florence Rockwell, the leading lady, is very highly spoken of. She should be well received here.

ST. ANDREW'S MEN.

The regular bi-monthly meeting of the Men's Association of St. Andrew's Church was held in the school room last evening. The meeting was of a literary nature, and a most interesting and profitable evening was spent, as is evidenced by the programme, which followed: Opening, scripture reading and hymn, Chaplain Rev. J. A. Wilson; trio, Messrs. Hampson, Dresbach and Dalrymple; reading, "Cotter's Saturday Night," Mr. W. R. Leckie; solo, Mr. Dalrymple; address, "Poetry," Mr. C. E. Kelly.

LABOR CASE.

Gompers and Van Cleave Give Their Side of It.

New York, Nov. 3.—President Gompers, in a statement to-day, said that labor will not give up the fight. The statement reads: "With all due respect to the majority of the court, I cannot surrender constitutionally guaranteed rights because a judge will issue an injunction invading and denying these rights. 'If I must go to jail I shall have the consciousness of the fact that other men have in the past been compelled to suffer in defence of justice and right in the cause of humanity, and for the maintenance of human liberty. 'I intended to stay over here to-morrow to finish up my report for the annual convention at Toronto, but I shall leave so I can get into Washington as soon as I can. I want to be within the jurisdiction of the court, whatever disposal is made of the case.'"

THE OTHER SIDE.

St. Louis, Mo., Nov. 3.—J. W. Van Cleave, president of the Buck's Stove and Range Company, to-day issued the following statement concerning the decision in the case of Gompers, Morrison and Mitchell: "The assault upon me by the American Federation of Labor in 1900 was plotted in a cold blood. I was assailed not as an individual, but as president of the National Association of Manufacturers. The federation did this in order to show its power. It aimed to strike terror into everybody outside its own ranks, workers, employees and the general public alike, and to coerce the President of the United States, the Congress and the court, federal and state, to do its bidding."

DEACONESSES' HOME.

A Thanksgiving opening and donation, or pound, social, will be held at the new Deaconesses' Home, 406 King street east, on Friday, Nov. 5, afternoon and evening. A pound of anything or donations of useful articles for the Home, or for distributing among the poor, will be gladly received. Refreshments will be served, and a social time enjoyed. All friends of this work are cordially invited to attend.

RACES AT BRITANNIA.

The amateurs of greater Hamilton will have a chance to prove and also to settle who is the real amateur champion of the city, when the one-mile handicap race is being pulled off at the track. The scratch men will have to go some in order to overtake the 150 yards allowed the limit man, and will undoubtedly smash the previous track record to pieces.

Camille de Vaudrey, the fast professional, will endeavor to set a new record in a mile exhibition.

GOT GOLD MEDAL.

Washington, Nov. 4.—Commander Robert E. Peary to-day was voted a gold medal by the National Geographical Society for having reached the North Pole.

KEPT UP 'HALLOWEEN'.

Judging by the reports received by the police this morning, Halloween celebrations were continued last night. Dr. Dickson, 130 Main street east, had some lumber and a window sash removed from some houses he is having built on Breadalbane street. Other minor incident were reported.

WAS A HARD FIGHT OVER ANNEXATION.

(Continued from Page 1.)

Thomas Irwin & Son, \$97; plating, J. Chapman & Son, \$1,850; painting and glazing, William Dodson, \$1,800; iron stairs, R. G. Olmsted, \$1,848; sewer Barton street, east of the Jockey Club.

There was a hot time when the question of cement walks was reached. The township entered into a contract to build certain walks, awarded the contract and issued debentures. The board had no power to cancel this contract, and the city will take the township's place. If the walks are not laid according to specifications the city has the right to sue.

"The most ridiculous walks you could seek to have constructed," said City Solicitor Waddell before the board. "You have to step down eight or nine inches from one street to another."

"These walks are being rushed through just because Mr. Barnes has a contract with the township. The grades are ridiculous," said Mr. Waddell.

Thomas Barnes, the contractor, and Reeve Gage, got pretty warm over some of the things said about the sidewalks, and Mr. Barnes threatened to begin action for slander within twenty-four hours against City Engineer MacCallum and others. Chairman Leitch, however, told him he had better quit his remarks, as statements made before the Board, in evidence, were privileged.

The entire district annexed must pay the city rate. The district south of Main and east of Trolley, will have an eleven year exemption at the township assessment, and the district near the Jockey Club will have a fifteen year township assessment, but city rate.

Among the property owners who sought to have properties included in this arrangement and failed were J. J. Scott, J. Walter Gage, William Strong, the Sanford estate, and others.

"After 30 years' experience with the Hamilton Council I have never known the city to take a reasonable or fair stand in the matter of annexation," was Mr. Scott's frank opinion. "Every time I have bought property I have had the assessment jumped to twice its figure, once the city tried to triple it for me."

"I tell you this board is not going to dictate the policy of the City of Hamilton in the matter of taxation exemption. The city may have changed its policy since your agreement. You've got recourse at the polls or at the Court of Revision."

"You can't get any satisfaction out of the Court of Revision," said Mr. Nesbitt. "Why ten acres of land right there is farm property, and you see what it will mean to the owner."

"Oh, he'll be assessed as farm property. This board will not reopen the whole question of taxation exemption," said Mr. Leitch.

The city must take over the two schools, one in section 8, and the other in section 1. The cost will be adjusted by arbitration. The township asked that revenue from the railways running through the district and the license fee from Maple Leaf park should go to Barton, but the board ruled that the city should get all revenue from the district annexed.

Mr. Waddell charged that the township had collected all the taxes from the district, and had not spent the proper share there because it knew the property was to be annexed.

DUNDAS AND ITS CANAL.

Mayor Will Protest Against the Canadian Northern Bridge.

Dundas, Nov. 3.—With an ever watchful eye to the interests of Dundas, Mayor Lawrance has discovered that the proposed entrance of the Canadian Northern Railway into Hamilton involves the crossing of the Desjardins Canal near the C. P. R. Railway bridge, and the profiles and plans show at a considerable lower elevation. This would jeopardize some of the town's interests to no small extent. It would practically put an end to pleasure yachting, and what is more serious still, it would render entirely impossible the establishment of a proposed new industry here—that of building gas and gasoline engines and motor pleasure boats. One reason why Dundas was selected for this industry is the facility the canal affords for the exhibiting to prospective purchasers the boat productions of the establishment, which would be entirely having a bridge such as is proposed. The Mayor has written protesting against the proposal, and suggesting that instead of crossing the canal near its mouth the road be brought up around the head of the canal, thus securing for it a share of the carrying trade of Dundas. This is a matter the outcome of which Dundas people will watch with much interest.

It seems a settled fact that, for the reeve'ship in West Flamboro next January, there will be a triangular fight between J. B. Binkley, the present reeve; W. W. Forster, a prominent member for several years of the Township Council, and John Offield, a prominent and highly esteemed resident of the township. Ex-Reeve Forster states that with Mr. Offield in the field he is out of the contest.

Owing to a vote on local option in January, there is evidence that the reeve of the town will be taken, which the result will be taken, will be a very keen and spirited one. Both the liquor dealers and the friends of local option have of late become very active along this line.

The spread of scarlet fever in the town has been pretty well checked, although new cases continue to develop at intervals. So far there have been no fatal cases, and physicians are hopeful that the worst is past.

RUGBY

A rumor has been going the rounds that the Y. M. C. A. senior football team intends defaulting the balance of the League games. Manager Guy Long wishes it distinctly understood that the team has no intention of defaulting, and will play the season out. The Y. M. C. A. has never been noted for quitters and will fulfill its obligations.

A full practice will be held in the yard to-morrow evening at 8 o'clock sharp. Manager Long requests all players to turn out, as the team to play Dundas will be chosen from those out to practice.

At the meeting of the City Church League last evening, the protest of the Knox Church was sustained. From the reports of the representatives of the Knox team, the crowd interfered very much with the play of the game, and in the latter half, all the way through, by crowding on the field of play. Usually it is caused by enthusiastic followers who unwisely interfere with their own team's success by rushing on the field.

The game will be played at the finish of the regular schedule, when all arrangements will be made to keep the field clear. If the games scheduled for Saturday in the afternoon, it is possible they will be postponed on account of the big game at the Cricket Grounds, as all the players wish to see the big game. At all events the matter is left entirely in the hands of the contesting teams.

Kox Mission will hold a full practice this evening, and all the players are requested to be sharp on hand.

Basketball.

A very interesting game of basketball was played at the Collegiate gymnasium between the Thistles and Briars. The teams were well matched, and all the players acquitted themselves with credit. The score was tie until the last five minutes, when the Thistles scored four points. The final score was: Thistles 13, Briars 9.

CHILD DIED.

Fall Caused His Death Though Apparently Unhurt.

Toronto, Ont., Nov. 3.—Basel Bruetel, aged one year and six months, died last night in the General Hospital from the effects of falling from a window in his home at 12 Lovatt Place, to the ground, a distance of 12 feet, on Monday night. The child was picked up apparently unhurt. The only visible injury was a slight bruise on the side of the head. The brain had suffered and death ensued twenty-four hours after the accident.

PETERED OUT.

The Graft Charges Against St. Catharines Alderman.

(Special Wire to the Times.) St. Catharines, Nov. 3.—The judicial investigation before Judge Carman into the Plumley "graft" charges against a majority of the city aldermen petered out this morning. No witnesses appearing to substantiate the charges when the inquiry was resumed.

POWER OFF.

Toronto, Ont., Nov. 3.—Niagara power was off again for six minutes this morning the usual annoyances of stalled cars, stopped machinery, etc., resulting. This time the power question itself caused the trouble. It got too big a load on at the generating station at the Falls, with the result that a switch put in position for just such an eventuality opened automatically.

New Arrivals.

Goodwillie's preserved fruits in glass, California canned white cherries, canned apricots, California lemons, peaches whole and sliced, in heavy syrup, dried peaches, apricots, nectarines and prunes, new figs, Farde dates, pineapples, grapefruit, Malaga grapes, Aunt Jemima pancake flour, 10c package, Educator biscuits, Lochyvie herrings in kegs and by the dozen.—Peelies, Hobson & Co.

William Smith came from Black-Helm yesterday, in his wagon. He left it in the Court House Hotel yard and in the wagon he left his overcoat. The latter was stolen.

STRUCK BY BLAST.

Amherstburg, Ont., Nov. 3.—The drill boat "Centurion," of the U. S. Sullivan fleet, was blown up with dynamite last night about 7:30 o'clock, and five of the men on board were injured, though none seriously. It is believed the explosion was caused by the drill passing over blasts placed in the river some time ago. The "Centurion" was not badly damaged. It met with a similar accident last year.
