At Church Next Sunday

If I knew you and you knew me, How little trouble there would be. We pass each other on the street, But just come out and let us meet.

At church next Sunday Each one intends to do what's fair, And treat his neighbor on the square, But he may not quite understand Why you don't take him by the hand

At church next Sunday. This world is sure a busy place, And we must hustle in the race. For social hours some are not free The six week days, but all should be

At church next Sunday. We have an interest in our town, The dear old place must not go down; We want to push good things along, And we can help some if we're strong

At church next Sunday. Don't knock and kick and slam and slap At everybody on the map, But push and pull and boost and boom, And use up all the standing room

At church next Sunday. —Anon.
