## AROUND THE CITY.

(From Tuesday's Dail VITAL STATISTICS There are twenty-seven more births an deaths in Edmonton during the month of September, according to the report of Sidney A. Main, city health inspector. The number of births was 69, and deaths 42. There were 66 marriages. Of the births, 39 were females and 30 males, including two pair of twins. In the list of deaths there were only nine females, while 33 males died during the month. Of the total 13 were infants. Six typhoid fever cases resulted fatally, and seven died from dysentry. Tw were drowned. Two were shot and two

**VOTED AGAINST PACT** 

(From Monday's Daily.) . Edmonton coal mines are being depended upon to keep the greater part of Northern Alberta and Saskatchewan supplied with fuel this winter owing to the strike which has kept the mines of the Crow's Nest Pass DEPUTY MINISTERS sealed up for the last six months. How is this wide demand being made upon the Edmonton mines going to affect the local supply and the price of coal in Edmonton? This is a question that householders of the city are giving serious consideration, especially when, on placing an order for coal, they are informed that none can be delivered nside of two weeks owing to the umber of previous, unfilled orders.

Taxed Output, to Such an Extent

that Delivery Cumot be Made in
