The Rosalind Here.

The ss. Rosalind, Capt. Smith, arrived at 8.30 a.m. to-day from Montreal via Sydney and Charlottetown after a run of 6 days from the former port. She had splendid weather all the way down and brought half a cargo and these passengers: Amelia Roberts, Fred Roberts, Jessie Bagtow, Percy Blinco, Maud Blinco, C. Forrester, H. Forrester, H. Reed, W. Reed, Miss E. Hill, Florence Hill, Jno. Williams, E. Hill, E. Laminis, G. Laminis, A. Sproule, C. Sproule, S. G. Collier, Miss B. Costello, Agnes Caffrey, Margaret Caffrey, Mary King, Rosie Caffrey, Chas. Lord, Miriam McPhail, J. W. Tobin, J. Couch, R. White, Miss K. White.

Here From Convention

Mr. S. G. Collier, Past Grand Master of the Sons of England Society, who had been at a Grand Lodge Session at Toronto, representing the Society in Newfoundland, arrived here by the S. S. Rosalind. He has been absent about a month, and visited Montreal, Ottawa and other important Canadian cities.

Sunbeam For England.

Capt. P. Delaney arrived here by last night's train after piloting the yacht Sunbeam to Botwood. The yacht left here at 6 p.m. Sunday and arrived at Exports Monday evening at 7. The run from this port was a good one and splendid weather prevailed. Tuesday last Lord Brassey and those with him went up to Grand Falls and were shown over the pulp and paper plant of the A. N. D. Co. by Messrs. Jones and Sullivan. Lord Brassey was greatly surprised with the mammoth works and delighted with the country round about there. The Sunbeam sailed for England at noon on Tuesday.

Worms

"Cascarets" are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. E. Condon, Lewiston, Pa. (MUNIN CO.) 321

Not Altogether to Blame.

Dear Sir.—A correspondent in yesterday's paper found fault with the Shamrock team for not putting their men on time in the match of Wednesday last. I agree with your correspondent that men should be ready and not allow the game to drag, but I wish to say that to my mind the Shamrocks were not to blame altogether for the delay, as the unusual occurrence of three men being put out in about fifteen minutes was a happening unexpected. The Shamrocks will not be found lacking in enthusiasm, for is it not the Shamrock Club that kept the life in the game? We all hope that the great enthusiasm lately stirred up will grow to larger dimensions, and we must all feel grateful to men like Messrs. Myler, Rendell, Berrigan, Ryan, Keating, Munn and Winter for giving us another chance to witness a good old game of cricket.

A joke never hurts anybody when it is a simple, harmless one, and I am sure the following dialogue will be read with interest:

Small boy coming down Parade St. meets another small boy coming up with a tin kettle.

First Small Boy—Hello, Ginger, where ye goin', berry pickin'?

Second Small Boy—Naw, I'm goin' up to th' match with me grandpa's dinner.

This goes to prove, if proof is necessary, that the game has come again to stay.

Yours,

NO BOUNDARIES.
MINARD'S LINIMENT CURE S GABGET IN COWS.

Should be Removed.

For the past week or more the carcass of a horse has been lying at the side of Cochrane Pond, and the stench from it is unbearable. Wednesday a number of people who went there for an outing had to quit the place and go elsewhere. The Government should have it quickly removed.

East End School will re-open on Monday, Sept. 5th, at 9.30 a.m. sep.31

Halifax Man Fell a Hundred Feet.

NIAGARA FALLS, Ont., Aug. 26.—John Kelly, a Halifax marine engineer, fell nearly one hundred feet over the river bank, and was picked up on the lower bank without a bone broken, though he was badly shaken up and has internal injuries, it is feared. Kelly spent yesterday with friends in Welland, and came here last night, and drank freely. This morning he fell to a point where the brink begins to slope towards the gorge trolley tracks, and rolled a distance of twenty-five feet. He would have fallen into the river had not his body lodged on the projecting rocks.

Children Had Eczema

Treatment prescribed had no effect—DR. CHASE'S OINTMENT made thorough cure.

Mrs. Oscar Vancott, St. Antoine, Sask., writes:—I have found Dr. Chase's Ointment to be a permanent cure for Eczema and other skin diseases. One son, while nursing, broke out with running watery sores all over his head and around the ears. Many salves were prescribed to no effect. The child's head became a mass of scales and he suffered agony untold. He became weak and frail and would not eat and we thought we would lose him.

Providentially we heard of Dr. Chase's Ointment and it soon thoroughly cured him. He is seven years old now and strong and well. An older boy was also cured of eczema by this Ointment and we hope more people will learn about it so that their little ones may be saved from suffering. As a cure for eczema and itching skin diseases there is no treatment to be compared to Dr. A. W. Chase's Ointment, 60 cents a box, at all dealers of Edmanston, Bates & Co., Toronto. Dr. Chase's Recipes sent free.

PARK CONCERT NOTES

(For the People's Paper.)

On behalf of the thousands who attended the band concert last night given by the C. O. C. at Bannerman Park I wish through your columns to congratulate Lieut. Hutton on the efficiency attained by his orchestra.

The programme as published in your columns last evening was faultlessly rendered. The hit of the evening was the rendition of that old favorite, "The Huntsman's Chorus," in which the members were given an opportunity to display their vocal abilities. Their efforts in this direction met with much applause.

The public expected a grand up to date concert, knowing that Lieut. Hutton, or "Charlie," as he is familiarly called, is an old and adept musician. They were not disappointed.

The caretaker, Mr. Spurrell, came in for a full measure of praise. Never in all his years as caretaker did the grounds show up as they did last evening. The numerous flower beds were beautiful, being profusely filled with the choicest of annuals. The perfume arising from them was heavenly, especially the beautiful aroma coming from the large bed of mignonette.

The caretaker thoughtfully had the walks sprinkled during the afternoon and it added to the Park a freshness in appearance. A feature noticeable last evening was the introduction on the grounds of several wicker and cane arm chairs, brought there by residents living close by.

The lavatory is nearing completion. It is nicely painted, in keeping with the surroundings. Still it is a mistake to have it so prominent and too close to the main walk. A little further off towards Bannerman Road would be a better location.

The behaviour of the vast assembly was all that could be desired except for a slight infringement caused by a few noisy Scotch sailors who thought to run amuck. But the vigilant eyes of the caretaker and Patrolman Smith were on them and who instantly called "halt!"

It was with pleasure we noticed the presence of His Honor the Mayor, W. J. Ellis, accompanied by Councillors Myrick, Coaker, Mullaly and Channing. They were loud in their praise of the concert, the attractiveness of the surroundings and the decorum of the audience.

In justice to this well kept and popular resort the Council should remove the old-fashioned tank and replace it by a fountain, attached to which should be four drinking cups.

In conclusion, might I suggest that an effort should be made whereby a similar concert could be given in Victoria Park next Tuesday by the band of the C. L. B. The latter brigade last night, to show its appreciation of their sister brigade's efforts, entered the Park grounds and during the rendition of "Soldiers of the King" presented arms.

Wishing every success to our city brigades, I am,
Yours truly, CITIZEN.

McMurdo's Store News

FRIDAY, Sept. 2, '10.

If you have a cold that "hangs on" it will be well worth your while to get a bottle of Mathieu's Syrup of Cod Liver Oil and Tar. This is not an ordinary cough syrup, but a remedy designed to get at the root of the trouble, to strengthen the weak spots and build up the system at the same time as it relieves the cough. Don't despise a cold, cure it with this radical remedy. Price 50c. a bottle. Sweetened Castor Oil will solve one household problem at least. Castor Oil is one of the mildest and safest cathartics, but its use has been somewhat restricted owing to its unpleasant taste. The above preparation, while equally efficacious, is quite pleasant, and all children will take it. Price 5c. a bottle.—adv.

Nutritive Hypophosphites

When a person feels "blue"—"all tired out"—"doesn't feel like doing anything"—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares overstudy, etc.

Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.

Tim Shannahan on the Potato Canker and Other Cankers.

"Well," said Mrs. Tucker, "I see the Agricultural Board got out a big flare up advertisement in the papers, telling people to look out for the potato canker. I don't know," she says, "but there's always some 'meyaw' on farming in this country, and if 'tis dot potato canker, 'tis grubs, and if 'tisn't grubs they growl about the dry weather, and if 'tisn't dry weather 'tis too much rain. Why," she says, "I remember the time years and years ago when you could buy a barrel of good local potatoes for six shillings, and the farmers didn't get half the encouragement from the Government that they get now. There seems to be no better times in store for those who have to work and drag out an existence in the city. No one pays any attention to us and every politician is losing sleep catering to every one only the workingman in the city. Why I remember the time we could buy our good 'cut of beef for eight or ten cents a pound, and now 'tis treble that amount. We hear a lot about people having control of all the meat that comes into the country, but surely our Government have brains sufficient to knock this thing out. 'Tis high time for the St. John's man to wake up, he is finding it harder to live every year. Coal and house rent, too, have jumped along with the potatoes and meat, and while we are told that the St. John's man's pay is increased we find that his money can hardly keep body and soul in partnership. There's no rubbing it out, for we will have to wake up to our true position or some fine morning we will get out o' bed to find that St. John's is a fine place to go asleep in.

Too much catering to every class in the country only the workingman of St. John's. Outharboimen who come here to live will tell you that they lived better at home, for at home they knew where they were, they knew what they had to depend on, but here in St. John's the living for the ordinary workingman is becoming so hard as to be unbearable. 'Tis high time for the Government to pay some attention to St. John's, through an inquiry into the way a poor man and his family are knocking it out. There are hundreds of families in this town who have every member of the family out working, only the mother. If it wasn't for the hard work of the daughters, some of them toiling in factories from early morning till night, they'd be half starving. No man can pay house rent and keep a family on six or seven dollars a week in this town now, consequently the daughters have to go out to the Rope-walk, the Shoe Factory or the Tobacco Factory where they toil from morning till night. Then what kind of a living do we get? We have poor houses mostly devoid of any sanitary appliances, and our grub is of the commonest kind. With pork seven cents a pound, and potatoes two dollars and forty cents a barrel, and everything else correspondingly high, there is not much left for luxuries. Why the common eatables are becoming luxuries to the working class of this town. Bands and demonstrations and a big flare of trumpets are not able to gull the people any longer, what they want is solid, sober minded men who will look at the situation of the workingman and women in this city and do something far more than tell them that they are living in an age of prosperity.

Shannahan leans to no particular side of politics; he doesn't care two straws for any leader, all are to blame, the whole blooming fit out, for what we want around here is closer attention paid to the smaller things that affect the living of every one of us and less rubbish prated of new developments that never develop.

TIM SHANNAHAN.

ROSALIND'S ROUND TRIPPERS.

Several people, residents of Montreal, are on the Rosalind making the round trip and are to-day taking in the city. They go back via Halifax and will leave by the Florizel tomorrow. Several New Yorkers who came down here by the ship after going over to Montreal, also came and go back by the Florizel to-morrow.

He Will Recover.

Yesterday the rumour was about the city that Samuel Piercey who was hurt by the falling of a derrick, while discharging the S. S. Coban, was dead at the General Hospital. Though badly hurt he is not dangerously so, and it will be only a question of time when he will recover.
