HOW ARE YOUR NERVES?

THEIR CONDITION DETERMINES THE STATE OF YOUR HEALTH.

Paine's Celery Compound

is a Nerve Medicine and Nerve Food.

IT MAKES SICK PEOPLE WELL.

Too many people are ignorant of the fact that the nerves regulate the blood supply through the body. The condition of the nerves should therefore claim our best attention.

If the nerves are out of repair the result is loss of sleep, irritability, depression of spirits and lassitude, all of which are the beginning of serious ailments and diseases.

Paine's Celery Compound is a nerve medicine and nerve food as well as a purifier of the blood. When used, it removes from the nerve centres all irritability, and by supplying abundant nutrition to the nerve tissues secures healthy action throughout the nervous system.

When men and women are worried and overworked in the home, workshop, store or office, and find it hard to get sleep at night —when the used-up brain gets no time for repair, nothing so refreshes, strengthens and gives vigorous life as Paine's Celery Compound.

Paine's Celery Compound is the acknowledged chief of all medicines for the cure of diseases due to nervous weakness or to foul condition of the blood. It is the one real remedy known to-day that never fails to benefit. Get Paine's Celery Compound and only "Paine's" if you would be well and strong.

Mrs. Podd—I'd tell you something if I thought it wouldn't go any further. Mrs. Pepper—You needn't be afraid I guess I'll never see the day I can make a piece of news go farther than you can.

He is a Wonder.

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is to-day, cheerful, erect, vigorous, without an ache, could hardly beleive he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped till he used Electric Bitters and was wholly cured by three bottles. Positively cures Backache, Nervousness, Loss of Appetite, all Kidney troubles. Only 50c at J. E. Richards' drug store.

My sweetheart gave me a pair of silver-backed brushes that cost $25. Were you mean enough to go and price them? No; but I had to pawn them.

Ideal Treatment For Catarrh.

Mr. Robert F. Gray, of 256 Clarence St., London, Ont., says: "I believe Catarrhozone will produce a positive cure for Catarrh. After using it a few times, relief was an assured fact The disagreeable dropping in the throat soon lessened and the nasal passages became tolerably free and the breath became less disagreeable. Catarrhozone is an ideal treatment and I hope it will find its way into the hands of many affected ones." Catarrh-o-zone is a guaranteed cure for Catarrh and Asthma. Trial outfit sent for 10c in stamps by N. C. POLSON & CO., Kingston, Ont., Proprietors.

Sold by J. E. Richards.

When you eat, be careful to leave off hungry, is advice often given at the dinner-table, but seldom received in an obedient spirit. The caution was repeated not long since to a young man of vigorous appetite. Pshaw, said he, you might as well tell me to wash my face and be careful to leave off dirty.

He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with Bucklen's Arnica Salve, the best in the world. Surest Pile cure on earth. 25 cents a box. Sold by J. E. Richards, druggist.

Chum—Wha! You are not engaged to Miss Hightone! Well, I declare! I thought surely that would be a match. Young Tremolo—I backed out. She was too much of a slave too fashion—Too English, you know. You amaze me. Fact. She wanted me to go by myself and ask her father's consent.

Aroused at Last

To the terrible ravages of Consumption in Ontario, the Government is petitioned to establish hospitals for consumptives. As a preventative to consumption there is no treatment to be compared with Dr. Chase's Syrup of Linseed and Turpentine which promptly and effectually cures every cough and cold. It has by far the largest sale of any remedy for throat and lung troubles. 25 cents a bottle. Family size 60 cents. All dealers.

BRITAIN WILL SEND TROOPS

From South Africa to India in Order to Reach China.

This Is in View of Robert Hart's Prediction That Further Hostilities Will Take Place in November—Seems to Be no Way Out of the Tangle But War—Li Hung Chang Impeaches Prince Tuan—Von Kettler's Assassin Shot.

London, Sept. 17.—(4 a.m.)—In connection with the prediction by Sir Robert Hart that there will be further hostilities in China in November, the Associated Press understands that the British Government is already considering the transfer of troops from South Africa to India, in order to made it practicable to send more British troops to China. The military authorities consider the war in South Africa so far ended that troops may now be safely moved.

It is probable that the Russian legation has already been removed from Pekin to Tien Tsin, but there is no definite news as yet as to whether Li Hung Chang will after all go to Pekin.

Gen. Dorward is going to the capital, leaving the British troops at Tien Tsin under command of Brig.-Gen. Hornerycamp. Vice-Admiral Alexieff has returned to Taku.

The Americans have begun at Hosiwu a permanent telegraph line between Pekin and Tien Tsin.

The Pekin correspondent of The Daily News says that the assassin of Baron Von Ketteler has been shot.

The Morning Post's representative there says that the question is being discussed of sending relief to a few British, French and American engineers who are besieged in a city 200 miles south of Pekin.

Shanghai advices say that a house has been engaged there for Count von Waldersee, who is expected to arrive next Saturday.

Chinese officials estimate that 20,000 disbanded Chinese soldiers by the the simple expedient of turning their coats managed to remain behind in Pekin.

Other despatches confirm the report that in addition to Hsutung, guardian of the heir apparent, Yu Lu, Viceroy of Chili, and Wang Yu Yung, president of the Imperial Academy, with 2200 members of official families, committed suicide when the allies entered Pekin.

Chinese regulars are reported to have relieved the Roman Catholic stronghold at Hochien, in the Province of Chili, which the Boxers had been besieging since June.

The Shanghai correspondent of The Times, wiring yesterday, says: "Li Hung Chang has been notified from Berlin that he must submit his credentials to the German Minister at Shanghai, who will then communicate with Emperor William and await the result.

"Dr. Mumm von Schwarzenstein, in an interview with Sheng, expressed the opinion that, altho the powers were averse to the partition of China, any delay in negotiating was calculated to produce that result, and that Germany was prepared to remain in occupation indefinitely pending a settlement.

"Earl Li accordingly telegraphed Gen. Yung Lu to use every effort to persuade the Empress Dowager and Emperor to return to Pekin and to remove Prince Tuan and his entourage.

"I learn on trustworthy authority that before his departure Li Hung Chang, having been convinced by his interview with Mr. Rockhill and Dr. Swarzenstein that it would be useless to discuss any settlement excluding the punishment of the Empress Dowager and her chief advisers, sent a telegraphic memorial to the throne impeaching Prince Tuan, Prince Chuang and Tsaisan, Prince Tuan's brotaer, as well as Kwang Yi, president of the War Board, and Chao Shu Chiao, Commissioner of the Railway and Mining Bureau, and president of the Board of Punishment.

It is reported from Shanghai that the Russians have seized valuable railway property at Tien Tsin in defiance of the protests of the British commander.

HURL 5000 INTO THE AMUR RIVER.

Russian Troops Are Charged With the Wholesale Massacre of Chinese at Blagovestchensk.

Nagasaki, Sept. 16.—Dr. Collins, a correspondent of The Brussels Etoile Belge, has arrived from Blagovestchensk. He confirms the rumor of a Russian massacre of Chinese there in the middle of July, under the orders of the chief of police and the Governor. He estimates that 5000 harmless Chinese residents were expelled from the town and thrown into the River Amur by the soldiers, who tied most of them together in batches by their pigtails.

WHAT THE ALLIED GENERALS WANT.

Their Principal Object Now is to Get the Chinese to Return to Work.

Pekin, Sept. 11, via Taku, Sept. 14.—The allied generals were in conference for four hours to-day, the principal topic being how best to encourage the Chinese to return to work. It was agreed that looting should cease and that foraging parties should hereafter be accompanied by an officer, who should give receipts for all supplies taken.

The question of wintering at Tien Tsin was brought up, with a view of ascertaining, if possible, the attitude of the Russians. General Linevitch admitted that most of his troops would winter there.

At the Japanese legation it is not believed that the man who claims to have killed Baron von Ketteler is the actual criminal. The Japanese believe that he has been paid to accuse himself by the Russians, in order to discredit Prince Ching. The Japanese favor Prince Ching and the Russians Li Hung Chang.

Two thousand Germans, under General Hoepfner, have left for Shianghsang (Liang-hiang), a walled city occupied by Boxers who recently attacked a party of German soldiers. The city has one gun.

CANNOT OCCUPY PEKIN

Unless the Railroad Can Be Put Thru Before the Winter Sets In.

Pekin, Sept. 8, via Shanghai, Sept. 15.—It is announced that owing to the impossibility of getting the railroad thru before winter sets in, all the Russian forces will be withdrawn and will make Tien Tsin their headquarters. This is causing speculation as to Russia's policy.

The occupation of Pekin during the winter is practically impossible for a large body of troops, unless railroad connection can be established. Some favor leveling Pekin with the ground before retiring to Tien Tsin.

WHAT THE RUSSIAN GAME IS.

They Have Suspended Work on the Road to Pekin—Want the City Destroyed.

Tien Tsin, Sept. 13, via Shanghai, Sept. 15.—The Russians, it is reported here, are rapidly pushing troops into Manchuria, where all indications point to extensive operations before the arrival of winter. They have suspended work on the railroad to Pekin, which adds to the complications. It is believed that their object in this is to compel the other powers to consent to the destruction of Pekin.

The Tullu expedition has returned to Tien Tsin. The march back was unopposed, and it is reported that the Boxers have retired in force to a village 30 miles up the grand canal.

Twelve thousand Germans have arrived here.

Corp. Hughes of the Third United States Artillery was killed, and his companion wounded, while attempting to force a passage of the French bridge after dark.

Li is at Taku.

Tien Tsin, Sept. 15, via Shanghai, Sept. 16.—Mr. William Woodville Rockhill, special representative of the United States in China, has left for Pekin. In an interview before leaving he said he did not expect to remain there more than a few days.

Li Hung Chang is at Taku on a Russian vessel. It is believed he will come to Tien Tsin.

SAVED BY BENGAL LANCERS.

Americans in a Fight With 2000 Boxers at Matow—Chinese Were Routed.

Tien Tsin, Sept. 15, via Shanghai, Sept. 16.—A British signal officer reports a sharp engagement between a company of the 14th United States Infantry and 2000 Boxers at Motas (Matow), on the road to Pekin. The Americans made a gallant stand, and a detachment of the Bengal Lancers, nearby, hearing the firing, came to their rescue and charged the Boxers in the rear. The Chinese were routed, leaving 200 dead. The Americans had no casualties.

The Germans report an engagement with a heavy force of Boxers west of Pekin yesterday (Thursday). The German loss is said to have been 20.

Indications now point strongly to the withdrawal of all the powers from Pekin to Tien Tsin.

The British have issued an order prohibiting the selling or renting of any building within the limits of the British concession.

General Kukushima is here arranging winter quarters for the Japanese.

The Germans are pouring into Tien Tsin, and all nationalities are scrambling for buildings.

One British battery and 200 Austrians have arrived.

RUSSIAN FORCES IN PEKIN

Are Gradually Being Withdrawn—Total Allied Force There is 70,000 Men.

Pekin, Sept. 10, via Shanghai, Sept. 15.—A squadron of the Sixth Cavalry will leave here to-morrow to relieve a native Christian village, which was attacked by Boxers, 46 miles southeast of Pekin.

Several small parties have been attacked between Tu Ye Chow and Hos Kia Wan, where British and American troops are stationed.

Matson killed many Boxers yesterday.

Civilians going to Tien Tsin are warned not to travel without a military escort.

The Russians have received word of reverses in Manchuria, where 200 miles of railway has been destroyed and a number of stations have been burned. There has been much fighting and many Russians have been killed. Three regiments have left Pekin on their long overland march to Manchuria.

A gradual reduction of the Russian forces in Pekin has begun. Five regiments have already been withdrawn, leaving 8000 Russians here. The total of the allies' forces is now about 70,000, of which number 22,000 are Japanese. Baron Nshii, the Japanese Minister, favors the withdrawal of 15,000 troops, to be held in reserve in Japan.

THE OFFICIAL REPORT.

Fixes the Loss of Life at 5000 to 8000 People—Ten Thousand Are Homeless.

Austin, Texas, Sept. 15.—Governor Sayers last night received the following official report from Mayor Jones of Galveston as to conditions there:

Galveston, Texas, Sept. 14.—After the fullest possible investigation here we feel justified in saying to you and thru you to the American people that no such disaster has overtaken any community or section in the history of our country. The loss of life is appalling and can never be accurately determined. It is estimated at 5000 to 8000 people. There is not a home in Galveston that has not been injured, while thousands have been destroyed. The property loss represents accumulations of 60 years and more millions than can be safely stated. Under these conditions, with 10,000 people homeless and destitute, with the entire population under a stress and strain difficult to realize, we appeal directly in the hour of our great emergency to the sympathy and aid of mankind.

THE EXODUS INCREASING.

News That S.P.R. Will Not Abandon the Place Gives Satisfaction.

Galveston, Tex., Sept. 15.—The exodus from Galveston grows in numbers as the facilities for getting away from the stricken city are increased. Boats left here today more frequently than on any day since the storm, some proceeding direct to Houston via Buffalo Bayou, and others making connection at Texas City with the Great Northern Railroad trains.

The news which was printed here this morning in the shape of a personal telegram from Vice-President Huntington of the Southern Pacific, that that road is not to abandon Galveston, has created intense satisfaction and has materially accelerated the movement for the speedy reconstruction of the city.

Dr. W. H. Blount, State Health Officer, to-day printed a statement showing that no apprehensions are justified that sickness will result from the overflow just experienced.

Several thousand men are at work clearing away the debris on the beach. One hundred and fifty bodies were discovered in the wreckage and burned yesterday. No attempt is now being made to identify the dead. A New York relief train arrived last night with physicians, nurses and a large supply of provisions, which were distributed to-day. Every effort is being made by the postal authorities to receive and distribute mail.

In some quarters of the city to-day the Waterworks Company was serving customers on the second storeys.

The British steamer Norna and the American steamer Alamo have been floated. The British steamer Roma is in a bad way on Deer Island. The British steamer Kendall Castle is hard aground in shallow water at Texas City, and the British steamer Illareus is still ashore to the eastward of Bolivar, but it is thought she can be gotten off with comparative ease. The British steamer Taunton is hard ashore at Cedar Point, but it is believed she, too, can be floated without difficulty.

The Street Railway Company suffered a loss of a quarter of a million, and its entire system is torn to pieces. An effort is to be made temporarily to operate cars with mules.

TWENTY-SIX BOATS ASHORE.

Tremendous Disaster to Fishing Schooners on the Newfoundland Coast.

St. John's Nfld., Sept. 16.—Seven fishing schooners have gone ashore at Conche, on the French Treaty Coast, four at Ehlee, three at Griquot, five at Croc and seven at Quirpon. All are likely to go to pieces. About 40 others have been more or less damaged by the storm. Fortunately no lives were lost, as all the vessels were in port at the time and the crews escaped.

The fortune teller is indispensable at a Chinese wedding. If the fortunes are not satisfactory either party may break the engagement.

A dog does not brush his teeth or pick them, but what fine teeth a dog has!—

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

HOW GILLETTE GOT STARTED.

Early Days of the Famous Actor and Playwright.

"When Gillette had graduated from the public school and from the high school at Hartford," says Richard Duff in Ainslee's, "his family wished to send him to Yale. But Gillette looked on his future differently.

"'I had got the fever to go away from home and swim out,' he said, in alluding to this period. 'I suppose everybody gets it some time. Of course I thought I should go on the stage, although I did not see my way clear just then. My father let me have my way. He liked oratory very much and spoke well when he needed to, though he was rather a silent man.

"'I remember the day he drove me down to the station. He had taken two of my brothers on the same errand before me. One went to California and died there. The other was killed in the war. "William," he said, "you're the third son I've driven to the train like this. The others have never come home. I trust you will prove an exception."

"'I went to St. Louis—just as far as my money would take me—and I got my first job because I told the man I didn't want any salary, only the job.'

"That's the way Mark Twain secured his first job as a compositor. It seems to be a good way—if you don't hold the job too long. Gillette had this view, and he did his best meanwhile to work his way behind the scenes. There was no opportunity in St. Louis, he soon found, and he drifted away till he reached New Orleans. After he had persistently annoyed the manager of the stock company at the St. Charles theater he was allowed to play utility parts and supes. The manager saw no way out of it except by resigning.

"'My greatest disadvantage in those days was my height. I was so tall beside the average actor they couldn't place me. I got frightfully discouraged after awhile, and I wrote a vaudeville sketch for myself in the belief that I would have to quit the legitimate. The very first part I played was an Indian. It was in a play Oliver Doud Byron brought to the St. Charles. Two years later in Cincinnati, when I was in Macauley's stock company, he came there in the same play. Some other infernally tall man had the Indian then. I chaffed Byron about his playing the same old part while I had made some progress in two years.

"'But directly after I left New Orleans I came to New York and got "foreman of the jury" in John T. Raymond's run of "Colonel Sellers" at the Park theater. The part consisted of the lines, "We have" and "Not guilty." I said them a whole season and got $10 a week for doing it. At the same time I was taking a scientific course at the University of New York.'

"The next season Gillette did much better. He got the district attorney in the Union Square run of 'Colonel Sellers.' The part gave him opportunities by which he profited. People began to know he was on the stage. After that he went to the Globe theater in Boston, where he played numerous small roles and character 'bits.' He spent his spare time in taking a special course at the Institute of Technology. His next jump was to Macauley's stock company at Cincinnati, and here after two years of drudgery he got that chance for which every actor and actress not yet arrived hopes and prays for with every breath drawn. It is to have a full house, a fat part and to grip both. Every eye in the audience rivets on your expression, movement and gesture. Every ear is strained to catch your lines. Every line you say takes, and when the scene comes—the great scene that is yours—you hold them in your power, fascinated. Then you free them to clap, to stamp, to shout, to whistle maniacally, which is their gratitude for the anguish you have laid on their hearts. Gillette's moment came entirely by accident.

"'Macauley himself played the part,' he said, referring to that night, 'but he fell ill, and it was given to me. The play was from the French and I believe was called "The Mother's Secret." The piece was being done at the same time at the Union Square in New York. The part was a good one and just in my line. The people seemed to like the way I did it, and from the after developments it looked as though I had made my first real hit.'

"'Somehow it did not interest me as much as I had expected. You see, I had been working all that season on my first play, "The Professor," and it was finished just about the same time. I did not try to do anything for the next two years except to get "The Professor" put on. And I had plenty to do, I assure you. Finally "The Professor" was produced at the Madison Square theater June 1, 1882. It ran for six months.'"

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

FOR SALE—Mr. W. Conn has decided to sell his beautiful homes on Sydenham Street; also the new modern cottage on the north side of South Street. He has placed the two properties in C. O Learn's hands to sell. Any person wanting a nice home with every convenience had better see the Real Estate Broker without delay, as there is a bargain for someone.

PATENTS
PROMPTLY SECURED

Write for our interesting books "Inventor's Help" and "How you are swindled." Send us a rough sketch or model of your invention or improvement and we will tell you free our opinion as to whether it is probably patentable. Rejected applications have often been successfully prosecuted by us. We conduct fully equipped offices in Montreal and Washington; this qualifies us to promptly dispatch work and quickly secure Patents as broad as the invention. Highest references furnished.

Patents procured through Marion & Marion receive special notice without charge in over 100 newspapers distributed throughout the Dominion.

Specialty:—Patent business of Manufacturers and Engineers.

FOR SALE OR EXCHANGE

100 acres in the Township of Dunwich, being the north half of lot 11, in the 7th con., all well drained, about ten acres of timber, buildings in good repair, located between the villages of Dutton and Wallacetown. This is a choice farm and is offered cheap and on easy terms. Only a small payment required down, balance on long time interest at five per cent. Apply to C. O. LEARN, Real Estate Broker, Brown House Block, Aylmer, Ont.

FOR SALE CHEAP, and no mistake, from 5 to 23 acres, in the south east part of the Town of Aylmer. Now is your time if you want a pasture field for a little money. Also for sale house and barn, and about two acres, on the south side of Pine Street, for the small sum of $600. Also two beautiful building lots opposite and a little east of the Methodist Church. One of the best locations for a private residence in the town. Any of the above properties is a snap. For further particulars apply to C. O. LEARN, Real Estate Broker, Brown House Block, Aylmer, Ont.
