Cancer of the Stomach

Some of the Symptoms and How It May Be Cured.

Cancer of the stomach is one of those diseases that is very insidious in its approach. The person afflicted may for a long time consider that he is suffering from a very severe attack of dyspepsia, and hopes by the use of some simple remedy to set his stomach right. But the persistent pain in the stomach, which is made worse by eating, the vomiting of dark material that looks like coffee grounds, the gradual failing of the health and pallor of the countenance, all point to disease cancerous nature. Operations for this form of cancer are entirely futile —pastes or plasters cannot reach! it. What can the poor sufferer do, then, but pine away and die? That is all that was left for him in the olden days, but now science has stepped in, and skilled specialists have formulated a constitutional remedy, that, when taken into the system, searches out every particle of the cancer virus and completely destroys it. The vomiting ceases, the pain ceases, and the health and strength return. Messrs. Stott & Jury, Bowmanville, Ont., will be pleased, on receipt of two stamps, to give interested persons full particulars of this remedy. All correspondence strictly confidential. OLD COUNTY SERVANT GONE

Adam Murray, Ex-Treasurer of Middlesex, Died in Chicago Yesterday.

Funeral in This City Tomorrow--Sketch of His Life and Personality.

Telegrams received in this city yesterday brought news of the death at Chicago of Adam Murray, ex-treasurer of Middlesex county, one of the oldest and best-known citizens of London, and at the time of his death the oldest member of the First Presbyterian 9%c for United States. Sales were: Church of this city. Owing to Mr. Murray's ad-

vanced age and enfeelbled constitution, the disease found in him an easy prey. The funeral will take place tomorrow morning on arrival of G. T. R. BELLEVILLE, Ont., Nov. 10.-At express No. 6 from the west at 10:10 a.m. Services will be conducted at the First Presbyterian Church at 11:30 At the First Presbyterian Church yesterday morning, Rev. W. J. Clark

made an affecting reference to the OGDENSBURG, N. Y., Nov. 10 .- Two death of Mr. Murray. He recalled the fact that for 65 years Mr. Murray had been a member of that church, and had long held the office of elder, during which time he had gained for himself the affection and esteem of all. While the news of his death was heard with regret, said Mr. Clark, there was no occasion for his friends to grieve, for death would be to him a freeing from the weaknesses and discomforts of extreme old age, and in his case to die was to depart and be present with the Lord.

Adam Murray was born in Liddles-dale, Roxburghshire, Scotland, on Aug. 1808, the year of Gladstone's birth, and was therefore in his 93rd year. He was a son of Charles and Elizabeth Murray, natives of Scotland, and the parents of thirteen children, Adam being the youngest of the family. He was reared on his father's farm until nine years of age. When in his twelfth year he came to New Brunswick with parents, completing his education in the Grammar Schools at St. John, and in Fredericton, N. B. In 1834 he resolved to seek his fortune in Upper Canada, and took passage in a vessel bound for New York. Coming via Buffalo, he located in Westminster, where he engaged in teaching school, following that occupation for nineteen He was married in October, 1835, to Miss Jane Beattle, also a native of Scotland, who predeceased him by six years. In 1836 he purchased a farm, which he managed in connection with his school duties, and during the five years which he served as school superintendent, township clerk and treasurer, he still tilled his farm. In 1857 he was appointed treasurer

of Middlesex county, which office he held till July 1, 1887, when he resigned. During his tenure of this office he earned the respect and esteem of those with whom his duties brought him in contact, and his devotion to the interests of the county appeared to be the actuating principle of his life. The county council evinced their appreciation of his 30 years' faithful service by presenting him on his retirement with a flattering address and a substantial

Mr. Murray's personality and character were such as to win for him not only respect and esteem, but genuine affection from all classes. He was a lifelong Liberal, and it was a matter of pride with him that he had taken and preserved the Toronto Globe from its first issue till the time of his death. From the time of taking up his re-sidence in the vicinity of London, Mr.

By East India Troops and Russians -- Number of Camps Destroyed.

Berlin, Nov. 12 .- The following report, dated Nov. 8, has been received here from Field Marshal Count Von

"Major Graham, with two companies of the First East Asiatle Infantry, the second squadron and the second battery, proceeded from Tien Tsin, via Chung Ying, to about 60 kilometers north on the left bank of the Pei Ho, where he had a slight encounter with mounted Boxers. He has since arrived at Tung Pa, 12 kilometers east of

Pekin. "Russian troops have successfully encountered 6,000 Boxers north of Shan Hai Kuan, losing 4 killed and

61 wounded. "British columns have returned from Pao Ting Fu to Pekin and Tien Tsin. The latter column destroyed several Boxer camps."

LEPROSY'S SPREAD

More Than a Million Cases in India, China and Japan -- Smallpox Epidemic in Paris.

London, Nov. 12.-Mr. Stapleton, writing to the Temple Magazine on mission work among lepers, makes the following appalling statements:

"India has about half a million, China probably as many, and Japan 200,000 registered cases. The moment leprosy appears in a man, woman or child, banishment is irrevocably decreed. There is no pity or compassion, for lepers, young or old, are turned adrift as unclean things on the highways and byways, and are dependent for sustenance on the casual doles of food thrown to them. In India the leper loses caste, Japan he is treated with the greatest cruelty. The same is true in China. eruelty. The same is true in China. The leper there is often put to death by fire without compunction, and religion has not a ray of hope for him in the next world."

SMALLPOX IN PARIS Paris, Nov. 12 .- An epidemic of smallpox has broken out here, due probably to the massing of Arabs and other persons from the east during the exhibition. Notices have been posted by the police warning persons who have

THE JUNIOR CHAMPIONSHIP. Toronto, Nov. 10 .- Toronto II. today won the junior O. R. F. U. championship, defeating the Kingston Lime-stones in a hard-fought game on the 'Varsity field. Score, 6 to 0. NOW FOR McGILL II.

The next game that London will play will be for the intermediate championship of Canada, and will be played in Montreal, probably on Sat-urday next. McGill II. has won the Quebec championship, and is said to be a strong aggregation. Los Angeles, Cal., Nov. 12.-At the opening of the Velodrome indoor bicycle track, the world's 15-mile motorpaced record was broken by John Nelson, of Boston, who defeated H. B.
