on account of the snow blockade. Mr. Graham suggested that the bill be put through committee, and that the third reading go over to a future date

Dr. Sproule proposed an amendment o section 13 forbidding the company to compete with any municipal light or power plant within the limits of any municipality unless authorized to so by a bylaw expressing the consent of such municipality. Mr. Cockshutt supported the amend-

ment. He feared that the bill might antagonize the power policy of the Whitney Government, The amendment carried Hon, John Haggart called attention to the fact that this company had contracts with various municipalities. as to the fare to be charged for pas-

sengers. He asked if this bill would

override those contracts. Mr. Graham answered in the negative. The bill was reported and may ome up for third reading tomorrow.

### "Don't Neglect a Cough or Cold."

It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Threat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying socalled Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

CHRONIC BRONCHITIS Mr. Wm. O'Hara, Souris, Man., writes: "Having suffered for a long time with a severe attack of Chronic Bronchitis, which I am glad to state it has given me a com-

derson refusing to take part in the inquiry till Mr. Henderson had secured the power to summon and examine witnesses under oath. He declined to fall into the arrangement suggested by Mr. Girouard, whereby "we use all our influence to secure the attendance of witnesses who are to be protected by Mr. Girouard, providing they speak the truth only.'

On Oct. 30 Commissioner Henderson wrote Mr. Pringle that he was asking the Government to appoint him a commissioner with authority to issue summonses and take evidence under oath

On Nov. 11 Mr. Cory, deputy minister of the interior, wrote Commissioner Henderson, calling attention to the request made on Aug. 28 that the investigation should go on at once instead of waiting for action on the part of Mr. Pringle. He added: "If you have not already taken action, as directed, it will be well for you to do so

without delay." On Nov. 11 Mr. Oliver wrote to Mr. Pringle that he saw no necessity for the appointment of a commissioner, with the powers suggested by Mr. Pringle, and that he had instructed Mr. Henderson to make an inquiry with a view to ascertaining all the facts. He said that if Mr. Pringle did not appear, Mr. Henderson would have to proceed without his assistance, as the commissioner had been instructed, adding: "And if for lack of evidence you say you are able to furnish the investigation should not establish the facts which you desire, the fault is
