CONCRETE IS LAID BY MAYOR AT KITCHENER

New City Hall Ceremony Carried Out In Presence of Large Assembly.

STURDY PIONEERS

Special to The Advertiser.

Kitchener, July 9.—Mayor L. O. Breithaupt, in the presence of a large crowd of citizens, members of the various civic bodies of the corporation, and a group of eleven ex-mayors, officially laid the cornerstone of Kitchener's new city hall yesterday afternoon.

Alderman L. H. Hagedorn, chairman of the city hall building committee, presided, and the main address was delivered by Sheriff Dr. H. G. Lackner, Kitchener's oldest ex-mayor.

The address, which was placed with other documents in the cornerstone, was largely a historic sketch of the progress of the city from a hamlet to an important industrial center.

Mayor Breithaupt also addressed the gathering, dwelling particularly upon the fact that Kitchener must attribute its progress and prosperity to the early efforts of the pioneers who laid the foundation of Kitchener's commercial possibilities.

The members of the city council presented Mayor Breithaupt with a silver trowel engraved to commemorate the occasion, which he used to spread the mortar under the stone.

In the aperture in the stone Mayor Breithaupt placed a sealed box containing a number of historic articles.

MYSTERY SURROUNDS DEAD MAN'S IDENTITY

Police Fail To Discover Name of Man Found On Tracks.

No clue has yet been found as to the identity of the elderly man who was decapitated at the Egerton street crossing of the Grand Trunk railway Sunday morning.

All that the police have to work on is a black felt Borsalino hat with the name of the firm where it was purchased, Thomas D. Bowmen, Treponton, Ont. In addition to the hat, a plug of tobacco, safety razor, glasses, purse containing 50 cents, comb, shoelaces and a piece of a Buffalo paper were also found. These are being held at the police station.

The man is described as being about 45 years of age, five feet four inches in height. He was dressed in working clothes and wore heavy boots.

The body, with the head, one arm and leg severed, was found by members of the night yard crew as they were coming off work at 10 o'clock yesterday morning. The body was lying on the south side of the right-of-way, about 200 yards east of Egerton street.

Dr. Cameron Wilson was summoned immediately, but there was nothing that he could do beyond ordering the remains taken away.

The body was removed to Logan's undertaking parlors, where it awaits identification. Dr. Wilson, coroner, will hold a preliminary inquest on the parlors today, when the body will be viewed by the jury.

USED SHERLOCK'S NAME WITHOUT AUTHORITY

Cheapside Resident Denies Making Complaint About City Water.

Mr. John Sherlock of 349 Cheapside has been caused some discomfort by a person making complaints in his name regarding the water supply.

Mr. Sherlock states that he has no complaint to make, and had no part in the circulating of the conditions given in his name to The Advertiser on Saturday.

The person using Mr. Sherlock's name is a step further from the truth when he left a bottle of water with Mayor Wenige in Mr. Sherlock's name, claiming the sample to be unfit for drinking. Mr. Sherlock is now investigating.

SAFETY RULES SHOULD BE TAUGHT CHILDREN

This Is the Opinion of Chatham Chairman of Board of Education.

Special to The Advertiser.

Chatham, July 8.—Adoption of safety rules as part of the school curriculum, so that children may profit thereby, is urged by Lt.-Col. P. K. Morley, chairman of the board of education. Chairman Morley was of the opinion that safety instruction in public schools, which teaches children to avoid accidents in street traffic and inter-sections, is as necessary a part of education as the three "R's" in this day of complex civilization. Instead of drawing sunsets and shady forests something within the experience of the children should be chosen, such as the right way to cross, the right way to use a knife, the right way to use a saw, the right way to use a hammer, the right way to use a screwdriver, the right way to use a wrench, the right way to use a pair of pliers, the right way to use a pair of shears, the right way to use a
