

A CLEAN SWEEP OF ALL ODDMENTS

We take stock at the end of the week, and starting Monday morning we will make a clean sweep of all odd lines, small quantities short lengths and other oddments caused by the heavy selling during this month's sale. The reductions we are making are most sweeping, and the last week of our great sale will be most interesting from a money saving standpoint. Many lines besides the ones mentioned will be sold, the bargain tickets displayed on the various counters and tables will tell the story about the lines not advertised here.

The Final Reduction in the Mantle Section

What the offerings in this department lack in quantity and assortment, they make up in value, as the reductions on the lines mentioned make them much lower in price than the cost of materials alone. ANTI-JAPANESE BILLS HELD OVER

California Legislature Assent to the Proposition of the President

WEEK'S DELAY AGREED

Resolution is Presented Ask for Recall of Japanese Consul

Sacramento, Cal., Jan. 27.—Legislation against Japanese was temporarily put aside by the State Legislature today, as a result of an agreement between President Roosevelt, Governor Gillett and the leaders of both houses. Assemblyman A. M. Drew after a conference with the governor to amend his anti-alien bill, Governor Johnson was not willing to post action on his Japanese bills, but motion to put all the measures for a week prevailed with little opposition.

The governor received the following telegram from the president: "I am again expressing from the standpoint of all our people the appreciation of the great services that you are rendering. I have absolute and entire faith in the judgment and patriotism of the people of the great state of California, and I know that they will support it. My letter is already on its way to you, and you can make it lie whenever you desire."

Offended at Consul. Senator Marc Anthony introduced the upper house this morning a resolution calling upon congress to request that the Japanese consul-general at San Francisco be recalled his government, on the ground that the official had attempted to influence the action of the California Legislature.

The resolution concludes: "The activities of the imperial Japanese consulate of San Francisco attempting to prevent, constitute and lawful proceedings of the Legislature is an abuse of diplomatic privileges and establishes a dangerous precedent, constituting a breach of international courtesy unless disapproved now may be more pronounced in the future and other legislatures as well as to our government departments."

Be it resolved, that the Imperial Japanese consul at San Francisco be recalled to the consideration of the Department of State, and that the privilege and rights of said legislature be restored.

Be it further resolved, that the foreign senators and representative congress, through proper official channels be requested to request the aforesaid activities of the Japanese consul to the consideration of the Department of State, and that the consul be admonished that California is neither Manchuria nor Korea, yet a province of the United States, and that the consul shall be sent back for action.

The resolution was referred to committee on federal relations.

No Action Likely. Washington, Jan. 27.—According to Senator Lodge and other members of the senate committee on foreign relations, congress will not take cognizance of a resolution with State Secretary Anthony, introduced in the California legislature, calling upon congress to request the recall of the Japanese consul general at San Francisco. He asserted that the only manner in which this government could economically recall of a foreign consul would be for the president to order his exequatur.

Eggs for Carrie Nation. London, Jan. 25.—Mrs. Carrie Nation was pelted here with eggs, one of which struck her in the face, while she was giving a lecture in Canterbury museum tonight. Mrs. Nation was obliged to quit the hall under police protection.

In Danger of Lynching. Guthrie, Okla., Jan. 25.—Great excitement prevails over an attack on Mrs. J. R. Faulkner, wife of Representative Faulkner, in her home in Hobart today, and a posse headed by J. W. Bowden, a white deputy sheriff, was sent to the scene to prevent an assault, with the intent of lynching him.

Gets Six Months. Winnipeg, Jan. 26.—Anton, the self-styled Polish priest who has been in the past two weeks has much unenviable notoriety as a result of his alleged actions in Winnipeg, was this morning sentenced to six months in the time deportation papers are prepared, and at the expiration of term he will be loaded on a train for Illinois.
