THE TOPICS OF THE TOWN.

INTERMINGLED WITH ITEMS FROM THE SUBURBS. Rich, Rare and Racy-Sad, Solemn and Seriou

Fresh, Fearless and Funny-Concise, Correct and Curious. Travel on the line boats is very heavy at

present. The Lady Rupert returned from Roch ester at 9 Saturday morning.

The latest popular slang phrase "There are no flies on the island." The engineer corps attended divine service at Knox church yesterday morning.

The sacrament of the Lord's Supper was dministered at the Metropolitan church last night. The Lady Rupert sailed for Rochester

seene and disgusting language on the wharf Friday evening towards a passenger without the slightest provocation. Passengers on this or any other boat should be treated civilly, Saturday night with a small number of The bakers' union did not elect its officers

Saturday night, owing to the illness of and not insulted, as is too often the case. several candidates.

Saturday night, owing to the illness of several candidates. Mr. John Carey arrived in town from Buffalo on Saturday, his object being to avoid the 4th of July celebration. A lady fainted in the Metropolitan church last night and became hysterical, but re-vived on being carried outside: A state of the first step in co-education has been taken at last by the university authorities by the appointment of one of the fair sex to the office of assistant-registrar. The young lady is now being initiated into her daties by the present assistant-registrar, who retires next year in her favor. At least this is the story of an undergraduate.

this is the story of an undergraduate. Vennor, our devil remarks, promised one or two days of warm weather during July. Was yesterday one of them ?

vennor, our devil remarks, promised one or two days of warm weather during July. Was yesterday one of them? Bridget Meehan, of 102 Boulton street, was taken in charge by the police Saturday night, as a person of unsound mind. Mr. George Darby was sunstrick on a vessel in the harbor on Saturday, being in-sensible for hours. He is a coalneaver. A fire occurred Saturday of

which the firemen controlled what threaten ed tobe a serious confligration commanded the admiration and thanks of the donors. THE WIDE WORLD IN BRIEF Elizabeth street during the warm weather, ks from the American and Canad about the time when the "evening sha-dows fall," is a study for a philosopher. This densely populated and democratic thoroughfare is fairly alive about the time Wires, and the Atlantic Cable. CANADIAN CUNDENSED. indicated with a truly miscellaneous popu-lace; some being "in rags and some in tags," but not many in velvet gowns. The camp at London broke up on Satur day . The Canadian temperance act has bee declared in force in Halton and Annapolis

A row occurred in a house in Stubb's Alien, in which the latter had his nose broken and both eyes blacked, and had to undergo medical treatment. Williams was During June, Liegene J.

During June, License Issuer Awde col-lected the following fees : Auctioneers passed a resolution abridging the school vacation fixed by law from six weeks to ä little over three. Unfortunately for this little plan, the teachers up there know the \$25, cals \$11.50, dog tags \$307.60, ex-presses \$8, hawkers and peddlers \$60.20, victualling-houses \$20, miscellaneous \$221, law.

and transfer \$2; total \$705.30. Early on Saturday evening, while Mr. Henry Fox, jr., was driving along Queen street west, the horse took fright and bolted. Mr. Fox was thrown out opposite Dr. Hazel's and stunned. He soon revived under the doctor's treatment and was up vertexed. OVER THE BORDER. Prof. Draper obtained perfect photograp of the comet's spectrum on Eriday. It is stated that the special agent who examined the star routes for Arizona and New Mexico reports a lot ofstartling facts. It is said there is evidence sufficient to octor's treatment, and was up yesterday. A deck hand of the Chicora used most obindict 30 persons.

CABLE NOTES.

All suspected persons have been expelled from Leipsic, including Bebel, Liebknecht, and Hazenclever, socialist members of the eichstag.

. THE LOWER TRIBUNAL. List of Transgressors in Magistrate Denison

Thirty drunks and a large representation of the vagrant and disorderly elements appeared in the court on Saturday morning The particular in the over a saturday informing but it did not save them from being caution. ed, discharged, remanded or committed, according to the enormity of their sing. Larceny: Michael Burns was accused o stealing a quantity of clothes from John Morrison. He admitted several prior con victions, and was committed to the central prison for air worth. this was exhortation, which should be not

sensible for hours. He is a coalheaver.
A fire occurred Saturday afternoon about 5.15 at No. 29 Mercer street, but was extinguished in a few minutes with slight damage.
The notorious Con Leary is again in custody. He was very disorderly on Duchess street Saturday night, and sports a fine black eye.

The Electric Motor for Boats

Another new application of electricity as a motor has been experimented on during the last few days in Paris, M. G. Trouve, a well-known electrician, has devised a a well-known electrician, has devised a method of applying the electrical current to the propulsion of a boat, and so far the results have been eminently satisfactory. The experiments have been made on the Seine, on several occasions, with a small boat containing, from two to six persons. M. Trouve's electric motor consisted of a Siemeus coil, which by a simple but in-genious arrangement is made to transmit

Siemeus coil, which by a simple but in-genious arrangement is made to transmit its power to a three-bladed screw at the stern of the boat. The motor itself is fixed on the upper part of the rudder, which it follows in its movements, as does also the screw. The motor, with its accessories, screw. The motor, with its accessories,

bes not weigh more than five kilogrammes. M. Trouve's apparatus may be adapted to any boat, and there seems no reason what-ever why it might not be so modified as to be applicable to vessels of much larger di-

mer sions than that experimented on, Experiments in navigation by electricity were made on the Neva in 1839 by Jacobi, but the method adopted had so many draw-backs as to be practically useless.
