## WILL ADVERTISE THE PROVINCES

I. C. R. Management to Issue Booklet Showing Splendid Openings for New Industries

### CAMPBELLTON'S OPPORTUNITY

OTTAWA, Aug. 9.—Opportunities for industries in the maritime provinces will be the subject of a publication to be issued soon by the board of management of the Intercolonial Railway. The board, many industries established for the purpose of providing the road with new traffic.

It believes there are great opportunities in the east for the establishment of these industries, and a careful examination has been made, particularly in New Brunswick and Nova Scotia, of opportunities for profitable industrial investment.

### A FISH STORY.

How Sussex Bank Manager Saved His Salmon and His Life by Lightning Strategy.

The Maritime Express yesterday morning pulled into Sussex behind time but arrived in St. John right on the dot. The cause, rather than the incident, is of interest. The Canadian Express Company unloaded two immense salmon at Sussex from this train. One was addressed to Mrs. O. R. Arnold and the other to Mr. Bernard W. Doherty, and both were pieces won from the waters of the Matapedia by Mr. Thomas, manager of the Bank of New Brunswick at St. John.

The details of the capture of the largest of these salmon have now reached St. John through a courier de foot on the trail from Campbellton to St. John.

It appears that Mr. Thomas, who with Mrs. Thomas and some friends, is spending a vacation on the banks of the Matapedia, had been fishing with little success for some hours and had become more or less careless in making casts. Suddenly the line tightened with such force that the fisherman found himself in water which "just took him up to the eyes." The water was deeper on all sides, so that it appeared for a time that Mr. Thomas would have to let the salmon go and swim ashore. It is said that the

## PROVINCE MAY HAVE ANOTHER MURDER TRIAL

Italian Shoots Compatriot During Drunken Row Four Times and he is in a Very Serious Condition—Still at Large

### A DRUNKEN SPREE

WILKINSON, Aug. 9.—As the result of a drunken spree, one of a gang of about twenty five Italians was shot at four times by one of his compatriots at about 11.30 o'clock last night at Woodstock, which is on the St. John River, a short distance from Chateaufort. The Italian is not expected to recover, and murder will probably be the outcome of the affair.

The reports which have reached Woodstock are as yet meagre, but it has been learned that the crew of Italians have been engaged in the construction work of the C. P. R. Sun-

## WILL PROVIDE A SUITABLE HOUSE

Dalhousie Committee Given Power to Provide for Town's Power

### A PROPER MOVE

DALHOUSIE, N. B., August 9, 1909.—The action taken by our Town Council in referring to the Power Committee, with power to act, the question of providing a suitable house for the power of our citizens, it would never do for the old people who are now a charge to the town, to spend another winter in their present quarters.

Let the Committee get to work at once in order that a comfortable place be prepared for our poor before the cold weather sets in.

Hon. H. R. Emmerson, M. P. spent Sunday at the Inch Arran House.

Miss Violet Hildyard of St. John is sending a letter to her parents, Mr. and Mrs. H. A. Hildyard.

Miss Lillian McLean of Bathurst, and Miss Carrie of St. Francis were the guests of Mrs. W. A. R. Craig on Sunday.

Mr. and Mrs. "Walter" Baker have gone to Carleton, P. Q. for a few days.

Mr. Wendell Baldwin, of Boston, is here visiting his mother.

Miss Emma Mesinger of Halifax, N. S. is visiting her sister, Mrs. Peter Gibson.

## KING MANUEL TO VISIT ENGLAND IN OCTOBER

Will Afterwards Stop in Paris and in Madrid on the Way Home

LONDON, Aug. 9.—According to the official arrangements for King Manuel's foreign tour next winter His Majesty will leave here for England November 23 on board Queen Alexandra's Yacht Sea Royal, escorted by the Portuguese cruiser Don Carlos I, and a squadron of British warships. After leaving England King Edward's yacht will stop in Paris and have a short stay in Madrid. No mention is made in the program of a visit to Germany.

## REAL GOLD BRICKS

Came from Alaska Through Vancouver to Seattle

SEATTLE, Wash. Aug. 6.—Gold bricks weighing 2,400 pounds and worth more than half a million dollars were received in the Government assay office today, coming through the mail from Fairbanks, Alaska, via Vancouver, B. C. The fact that the gold was passing through the Seattle postoffice, was carefully guarded, until the precious metal was deposited safely in the assay office.

## Could Not Lie On His Left Side Heart Would Stop.

Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that the unsuspected weakness of the heart is apparent. There is only one cure, and that is

## MILBURN'S HEART AND NERVE PILLS

Try Them and Be Convinced.

Mr. Paul Poul, Casapedia, Que., writes: "About five years ago I gave up all hope of getting better of heart trouble. I would nearly choke, and then my heart would stop. I was so nervous and weak I could not work. A friend told me to try Milburn's Heart and Nerve Pills, and before the first box was taken I was almost well, and the second box completed the cure. I have advised many others to try them, and they have all been cured of the same trouble. I have offered to pay for a box for anybody they do not cure."

Milburn's Heart and Nerve Pills are 50c. per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Vessels Large May Venture More, but Little Ships Must Stay Near Shore.

The large display ads. are good for the large business and the Classified Want ads. are especially good for the small firm. In fact many large firms become such by the diligent use of the Classified Columns. These examples are good—start now.

## ST. JOHN CITIZEN LOST HIS LIFE

Drowned at Old Breakwater at Dalhousie Saturday Was Working For Dalhousie Lumber Co.

### BODY RECOVERED

DALHOUSIE, Aug. 9.—On Sunday morning it was rumored about town that John Threl was missing. After the morning church service, some men who were looking for him about the wharves, discovered the body in the gap of the slab breakwater. The unfortunate man had on Saturday Lumber Co.

## WILL CELEBRATE WHEN LAS. SPIKE IS DRIVEN

St. Leonard's to Hold Festivities Next Month on Completion of International—Mr. Malcolm Reports good Progress Being Made.

Mr. Thomas Malcolm, the contractor for the construction of the International Railway from St. Leonard's to Campbellton, was in St. John last week on his return from Portland and other places in Maine. When Mr. Malcolm left the north, the work on the railway was progressing rapidly and he expected to have the road completed about the middle of September. When the last spike of the railway is driven at St. Leonard's, it will be accompanied by appropriate ceremonies to which prominent men will be invited.

Mr. Malcolm said the rolling stock for the railway, including locomotives and passenger cars, had all been ordered and a considerable quantity was already on the ground. The prospects for traffic on the new railway look very encouraging, though the development of the new country, to be opened up, has hardly begun.

Mr. Malcolm spoke of the devastation worked by forest fires and said that the loss of timber was a very heavy item in the working expenses. The actual loss from fire, he said, on the North Shore, would not amount to very much.

## GRAND BAZAAR

In Aid of the Hospital in the Curlers' Rink, Campbellton

## HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, and the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheels we can for popular selling, and by having to our customers all intermediate products by filling orders direct by mail instead of through agents. In this way we can offer

\$50. Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used, and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.
