BLOOD SCROFULA

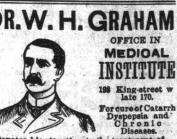

CURED BY DR. McCULLY.

CURED BY DR: MCCULLY.

The name of the gentleman this represents is W.E. Griffin, Esq., of Orillia, Ont.,
As our field is chronic disease, this case naturally fell into our hands and was cured. The causes of scredula are too numerous for us to particularize them; they are local, general, constitutional and specific. They are horeditary and acquired. Scrofula is a blood disease caused by constitutional taint. It manifests itself in swelling of the glands of the neck, jaw, armpits and groins; it comes out in scales and watery ulcers; sometimes in scales thick, hard and dry; sometimes in red, angry patches that get raw, then dry, sore and scaly; pains in the shin bones; swelled, scaly, gummy, raw eyelids, with red, weakened sore eyes; loss of past hes of hair on the head; intense itching of the rectum externally; pale, emachated face; hollow, sunker eyes; lustrons, very white and bloodless; hard red or purple pimples on the face. It also attacks the mucous membrane of the throut, nose and lungs, producing catarrh, morning cough, and often female weakness. We, as the above case proves, can cure scrofula when others fail, because we have made chronic diseases our field of study and research. We cure diseases our field of study and research. We can produce living witnesses to the fact (the fruits of our knowledge.) We cure general debility and all secret human maladies. Consultation free. Call on or address Dr. McCULLY, corner Jarvis and Gerrard-streets,
